## FIENDISH DYNAMITARDS

Demolish a Hungarian Boarding House at Laurel Run, Pa.

THREE KILLED, MANY MANGLED.

Twenty-four Sticks of Dynamite Placed \* Under the House, and Half a Dozen Exploded Through a Wire Connected with a Battery Fifty Yards Away.

WILKESBARRE, Pa., Oct. 29.—A large Hungarian boarding house at Laurel Run, this county, was blown to atoms by dynamitards at 3 o'clock yesterday morning, and three of the inmates killed outright, four fatally injured, and half a dozen se-

riously hurt.

The killed are Frank Nowaski, aged 23, single; Michael Calletz, aged 40, married; George Silosky, aged 28, married.

The most dangerously injured are: Jo-seph Calletz, back broken; Mike Loshitz, head and face cut and left arm broken; Kasha Cataresk, aged 19, one leg broken and the other crushed, necessitating amputation; Michael Uritz, abdomen torn; Blash Krell, both arms broken; Fahr Kotzey, back and breast crushed; Uritz Tsko, legs crushed.

The flends who planned the explosion did their work well, despite the fact that part of their plan failed. They placed about twenty-four sticks of dynamite under the building, each being about nine inches long and weighing about half a pound. A wire connected the sticks with a battery situated about fifty yards away. When the signal was given only about a half dozen of the sticks exploded. They were sufficient, however, to completely wreck the building, not a beam or plank of which was left standing

Several of the inmates who occupied beds on the upper floor were hurled fifty feet in the air. Some of them escaped fatal injuries by alighting in the trees nearby. Half dazed by fear and sleep they managed to hold onto the limbs until they recovered their senses and were able to reach the ground.

The boarding boss says he is at a loss as to what prompted the dastardly deed. As far as he knows he has no enemies in the world. Some of the boarders think the motive was robbery, as several of them were known to have considerable money in their possession. If this was the object of the fiends it is plain why they placed so much of the explosive under the building. They wanted to kill every person in the place in order to get the plunder and then escape detection.

One of the wounded men says that immediately after the explosion he saw four strange men running down the roadway leading to the village of Miners' Mills. They carried lanterns. While he lay on the ground another stranger approached and rifled his pockets. He also cut the belt which encircled his waist and carried it away. Another of the injured gives it as his opinion that the men seen on the ground after the explosion were tramps.

The dynamitards used Pittsburg dynamite, which fact may lead to their discovery, as dynamite of that character is used by the railroad contractors, whose tool ouse is near the scene. The house had been broken open and a new battery taken out. An old battery was found near by. The supposition is that the latter would not work and a new one was necessary.

Michael Bellakovitch, the proprietor of the boarding house, was arrested last night and sent to jail. The authorities say they want him as a witness. He had money in his possession, and on Saturday last told a on Monday

WILKESBARRE, Pa., Oct. 31. - Kasha Goterich, another of the victims of the dynamite explosion on the Wilkesbarre mountain, died at the hospital yesterday. He was 19 years old. This makes four now dead, and the man whose back is broken will make five in a short time. The county commissioners have increased the reward offered for the arrest and conviction of the perpetrators of the crime to \$2,000. The railroad contractors offer in addition a reward of \$500.

Killed by a Lone Highwayman.

NEVADA CITY, Cal., Oct. 31 .- Arthur Meyer, driver of the stage running between this place and North Bloomfield, was shot and instantly killed by a highwayman. At Rock Creek, three miles north of here, the stage was stopped by a lone highway-man, who commanded Meyer to get down off the box. Meyer refused, and the bandit fired twice at him with a revolver. The second shot passed through the driver's body. C. H. Bovee, of Sierra county, who was the only passenger, jumped from the coach and ran into the forest. After the robber had gone Bovee brought the dead stage driver to town. So far as known the robber secured no booty.

Five Thieves Killed in a Wreck. CLEARFIELD, Pa., Oct. 31.-In a wreck of empty coal cars on the Beech Creek railroad, near Peale Station, five men were instantly killed. They are all unknown At first it was supposed that the victims of the wreck were tramps. An investigation of their effects, however, disclosed that they were all armed with revolvers, and in a satchel was found a complete set of burglars' tools. One of the men killed is said to be named Huff, of this city. If it is the same he served a term in the penitentiary for horse stealing. All three of the men killed were here Monday after-

### SUING ROCKEFELLER.

Alfred Merritt Asks a Million and a Quarter.

ALLEGED FALSE REPRESENTATIONS

The Standard Oil Magnate and His Private Secretary, Mr. Merritt Declares, Induced Him to Invest in Stocks Which They Failed to Bolster Up, as Agreed.

DULUTH, Minn., Oct. 31.-Alfred Merrit has brought suit against John D. Rocke felier and F. T. Gates, his private secre tary, for \$1,226,400, in which amount he claims he was damaged by what he alleges to be their fraudulent representations in the forming of the Lake Superior Consolidated fron mines. Plaintiff claims that at various times in August, 1893, in New York city, before he had transferred his interests in various iron mines and the Mesaba railroad, the defendants repre sented to him that the Penokee and Goge bic Consolidated mines, which with others controlled by Rockefeller was to be taken

JOHN D. ROCKEFELLER. into the Lake Superior Consolidated mines, was a solvent and prosperous company; also the Spanish-American and the Aurora; that their stocks were well worth what Rockefeller was to receive; that Rockefeller and Wetmore promised to 'lend to Merritt on his Consolidated stock money at forty cents on the dollar, at par

All of these representations and prom ises, plaintiff claims, were fraudulent. Defendants at the time knew that each of the companies controlled by Rockefeller owed large amounts out of their funded debt, and that the Penokee company was at the time insolvent, that instead of taking the value of the Lake Superior Consolidated company's consolidated stock, worth fifty cents on the dollar, as Rockefeller promised it would, and as he would publish it to the world, the stock of these other mines caused its value to decrease to \$10 per share of \$100.

When Merritt asked Rockefeller to keep his promise and to lean him money at the rate of forty cents on the dollar, and later at twenty-five cents, Rockefeller refused, and would give only ten cents on the

In organizing the Lake Superior Consolidated mines the defendant, it is claimed, got the new company to take the following interests owned by him: Twentyeight thousand three hundred and fifty shares of the Aurora Iron Mining company stock, 865 shares Penokee and Goge-bec Consolidated mines, 21,626 shares Spanish-American mine, in Cuba, 300 collateral trust notes of \$1,000 each of the Spanish-American company, for which the Lake Superior company turned over first mort-gage bonds exceeding \$1,900,000. For a 51 per cent. interest in the Adams and Lone Jack mines Rockefeller got Conso first mortgage bonds worth over \$1,700,000. Rockefeller represented the interests which

he transferred to be worth \$2,130,354. The agreement showed that Rockefeller also controls stocks and securities to the value of \$4,361,919 of companies which he promised to try to get into the Consolida-tion. Rockefeller claimed they cost him \$2,719,154, and he was to get Consolidation bonds worth \$3,019,860 for them at ninety

There will, it is said, be several more

suits before the matter is ended.

The capital of the Consolidation was at first fixed at \$3,000,000, but later increased

Johnson Still Breaking Records, BUFFALO, Oct. 31.-Yesterday afternoon it is claimed John S. Johnson brought the bicycle record for the mile unpaced down under two minutes. He made the mile in 1.57 4-5. This ploughs a regular furrow in the 2.07 1-5, which Sanger set for the mark, and which Johnson has beaten by nearly ten seconds. Johnson rode in an opposite direction to the one he took when he is said to have made a paced mile in 1.35 2-5. Johnson is the first man in the world to beat the trotting, pacing and running horse records, the first man in the world to do the mile with flying start and with standing start in less than two minutes,

A Murderous French Society. DENVER, Colo., Oct. 31.—The autopsy in the case of Marie Contasslot, the French woman who was found apparently strangled to death early Sunday morning, leaves her death still a mystery. It is said there is a secret society on Market street known as "The Macquereaux," composed of Frenchmen, who bring women from France, they agreeing to pay a percentage to the society. It is also said the mem-bers have banded themselves under the high sounding name of "Les Chevaliers d'Amour." The police believe this organization is responsible for the death of

both Lena Tapper and Marie Contassoit.

and now he is the only man who has done

the mile unpaced in less than two minutes.

Held Up on the Station Platform, FORT SMITH, Ark., Oct. 31.-William McKenzie, a traveler from Missouri to Texas, was held up and robbed at West Fork, on the Frisco road, late at night. Just as the train rolled into the station McKenzie stepped out of one of the rear cars onto the platform. He was immediately confronted by a stranger, who covered him with a six shooter and went through his pockets, relieving him of \$20 in money. As soon as the train moved on the robber left and McKenzie stepped back on the car. There were several deputy marshals on board, but McKenzie feared to make an outcry.

Sixteen Hotel Guests Cremated. SEATTLE, Wash., Oct. 29 .- By a fire that destroyed the West Street House early in the morning sixteen people were burned to death. Fourteen bodies have already been recovered. All the dead are burned beyond recognition, and the coroner has de-cided to allow the dead to remain where they are in hopes that the proprietor could identify the bodies by the hotel register, which was saved.

A case of deafness of 25 years standing, cured by Dr. Salm

For 25 years or more my hearing has been bad. My left ear almost deaf. I have been under Dr. Salms treatment for the past 5 months, and my hearing has been very greatly improved, in fact the change has been remark and very painful. In order to have a little reable. I am still under treatment, and hope for an entire cure.

Bedford, Pa.

On account of the very vague explanation of the above, I give the history of the case in detail. About 30 years ago, Mr. Pierson, on account of catarrh, became so hard of hearing in his left ear, that the same might not have been there at all, for the actual services it did him. The right one for the last 25 years became worse and worse, and it took some very loud talking for him to understand you. Now, after 5 months treatment, he can again hear with the totally useless ear, so to say deaf for 30 years, common conversation and even whispers again, and his right ear is almost as good as any good ear might be. Friends who have known him will testify to the correctness of my statement.
