

Hood's Saved My Life

I Can Honestly Say This

"For years I was in a very serious condition with catarrh of the stomach, bowels and bladder. I suffered intensely from dyspepsia, and in fact was a miserable wreck, merely a skeleton. I seemed to go from bad to worse. I really wished I was dead. I had no rest day or night. I did not know what to do. I had taken so much medicine of the wrong kind that it had poisoned me, and my finger nails began to turn black and come off. I began to take Hood's Sarsaparilla. I had faith in the medicine, and it did more for me than all prescriptions. I have gradually regained perfect health, am entirely free from catarrh of the bowels, and pain in my back. My recovery is simply marvelous." W. R. YOUNG, Potter's Mills, Pa.

BISMARCK'S AFFLICTION.

The Iron Chancellor's Life Partner Removed by Death.

THE PRINCESS QUITE OVERCOME.

Owing to His Weakened Condition the Funeral Ceremonies Will be on a Modest Scale—The Princess Will Probably be Buried at Schonhausen.

BERLIN, Nov. 28.—Princess Bismarck, wife of Prince Bismarck, died at Varsin yesterday, aged 70 years. Her condition became alarming Monday afternoon. All the family were hastily summoned to her bedside. Count Herbert Bismarck arrived last evening and was present when his mother died. Although it is feared that the effect of his wife's death upon the prince will be serious, it is given out that he has been in better health lately and has been able to resume his daily drives.

The princess had been in poor health for a long time, but her illness became pronounced two months ago. She was deeply affected by the death of her life long friend, Frau Eugenie Reckow, princess of the Stolp Institute for unmarried women. Three weeks ago Dr. Schweninger was called to Friedrichshagen to prescribe for a serious attack of neuralgia. Since that time she has been almost continually under the care of a physician.

Princess Bismarck had for years been a sufferer with a bronchial trouble and gastric catarrh. Eighteen months ago she was found lying in a pool of blood at the foot of her bed. These fainting attacks were repeated from time to time. The immediate cause of the death was dropsy, complicated with heart disease. The disease rapidly became worse during the last few days. The princess was cheerful to the end. She tried to deceive her husband as to her real condition, and spent much of her time out of bed.

Dr. Schweninger and Dr. Chrysanter regarded her case as hopeless a month ago, but concealed the truth from Prince Bismarck. Dr. Schweninger has been here since Friday, but he was unable to do anything beyond attending to the comfort of the dying princess.

The prince is quite overcome by the death of his wife. He is so completely broken down that the doctors insist upon his speedy removal to Friedrichshagen. He had watched by her bedside until 1 o'clock yesterday morning. Shortly before 6 o'clock Dr. Schweninger gently broke the news to Prince Bismarck, who rose immediately and remained silent for some time at the death bed. At the death scene were present Dr. Schweninger, Dr. Chrysanter, Countess Rantzau and Prince Bismarck's niece.

Prince Bismarck personally communicated the news of the death of the princess to the emperor and empress, who immediately sent a long telegram of condolence. Among the others who have sent messages of sympathy and regret are the king of Wurtemberg, Chancellor Von Hohenlohe, and the ministers and secretaries of state. The funeral ceremonies will be on a modest scale out of regard for Prince Bismarck's condition. The interment will probably be at Schonhausen, the ancestral home of the Bismarcks. It is expected that the body will be removed on Saturday. Prince Bismarck once expressed a wish to be buried under the oaks of his beloved Sachsenwald. It was concluded from this that he intended to build a mausoleum there, but the family vault is at Schonhausen.

The Princess Bismarck, Johanna Friederica Charlotte Dorothea Eleonora de Puttkamer, was married to the ex-chancellor on the 28th of July, 1847, at Alt-Colzglow. Her domestic relations with her illustrious husband were understood to be of the most affectionate character, and until strength failed her, she watched over his health and guarded his comfort with the tenderest solicitude.

Although Princess Bismarck took comparatively little part in political and court life, she was credited with possessing great influence over her husband, who is said to have consulted with her freely and to have reposed much faith in her judgment. The princess, however, was happiest when in the pursuit of her domestic duties, and she enjoyed the reputation of being a most notable housewife.

Murdered by Would-be Robbers. **ARMORE, I. T., Nov. 28.**—Last Friday George Isaacs, a stockman living in the western part of the Chickasaw nation, expressed to himself from Kansas City two packages said to contain \$25,000. The packages were addressed to Canadian, Tex. About thirty minutes after the arrival of the train bearing the packages four robbers rode up to the express office and attempted to rob the agent. In the fight that ensued Deputy Sheriff McGee was mortally wounded and has since died. The robbers were frightened off without securing anything. A pursuing party overtook the gang in the Wichita mountains. In the fight that followed two of the bandits and one of the prisoners were killed.

Senator Morgan Re-elected. **MONTGOMERY, Ala., Nov. 28.**—A ballot was taken in both houses of the general assembly yesterday for United States senator to succeed John T. Morgan. Morgan received 23 votes in the senate and 61 in the house; Warren Reese, Populist, of Montgomery, received 9 votes in the senate and 24 in the house. A joint convention was held today to announce the result and declare Morgan (dem.) elected. Reese will contest the seat, and it is said that the ballot for him yesterday is the first step in the organization of the Kolb government.

The Republican Board Legal. **TRENTON, Nov. 28.**—Justice Reed, of the supreme court, filed an opinion upholding the constitutionality of the act under which the new Republican board of freeholders of Camden county was appointed. The opinion was supplemented to one filed some time ago dismissing a plea of the Democrats to an information in quo warranto proceedings brought by the Republicans to oust the Democratic board. This opinion establishes the legality of the Republican board.

The Royalist Plot in Hawaii. **SAN FRANCISCO, Nov. 28.**—The steamer Oceanic arrived yesterday from Yokohama via Honolulu. The Oceanic brings no later news than was received on the Empress of China, which arrived at Victoria Nov. 20. At Honolulu there was still considerable excitement over the recent revolutionary plot. The leaders of the royalist faction were still declaring trouble was sure to occur soon after the sailing of the Oceanic. Government officials, however, declared no trouble need be feared.

BATTLE OF PORT ARTHUR

Detailed Report of Count Oyama's Great Victory.

TWO THOUSAND CHINESE KILLED.

The Japanese Loss Amounted to Two Hundred and Fifty in Killed and Wounded. Several Thousand Chinamen Taken Prisoners—Both Sides Fought Bravely.

HIROSHIMA, Japan, Nov. 28.—A dispatch sent by Admiral Ito, commander of the Japanese navy, from Port Arthur, on Saturday, says: "This place was captured by Marshal Oyama on Thursday. The united squadrons stood off shore merely attracting seaward the attention of the coast batteries. Since Friday morning the men of the fleet have been hard at work removing the torpedoes and protecting the mouth of the entrance to the fort. The dockyard, arsenal and ships in the port have been handed over to the Japanese."

A dispatch from Port Arthur via Hwang Ju states that the Chinese fought vigorously. The Japanese lost 250 men killed

FIELD MARSHAL COUNT OYAMA, and wounded. The Chinese loss was over 2,000, while several thousand were taken prisoners. The Chinese garrison, at the lowest estimate, was 20,000.

For over a fortnight past Count Oyama's army had been steadily marching in two divisions down the peninsula to Port Arthur, keeping in touch as far as possible with the Japanese fleet. The country was very difficult of passage, especially for the artillery.

On Tuesday the right division's advance guard had a skirmish with the enemy, who retired in good order. The enemy's positions were reconnoitered and found to be strong and held in force. In the afternoon the fort and village of Shulky Ching was captured. Both divisions moved forward during the night. Early in the morning the right division crept up the range of low hills to the northwest of Port Arthur, and carried them with a rush. Guns were then dragged up and fired opened on a strong redoubt about a thousand yards distant. The enemy returned the fire. The Japanese infantry advanced against a well directed shell fire without faltering.

Shortly after 9 o'clock the fort was captured by storm in a most gallant fashion. The Chinese stood for a minute or two against the final onslaught, fighting fiercely. Then they fell toward the dockyard.

By 3 o'clock in the afternoon the right division was in full possession of the western part of the stronghold. Meanwhile the left division had been severely engaged on the southeast, where the ground was less difficult, but far from easy. The final assault was splendidly delivered, the enemy being driven headlong from the works after making a gallant stand.

By evening Port Arthur was in possession of the Japanese, but the army still held some eight or ten redoubts, with a total of about twenty guns on the coast hills. The Japanese bivouacked on the hills and in the captured forts.

Early Thursday morning Laouan and the other forts were attacked in succession, all being captured without serious loss on the Japanese side.

LONDON, Nov. 27.—The Times publishes a dispatch from Yokohama saying that it is officially stated that Japan will allow the American ministers at Tokio and Peking to submit the proposals for peace that China may make.

CHI FOO, Nov. 28.—It is stated here that the bodies of Japanese prisoners were found mutilated at Port Arthur. Four hundred Japanese were killed by the fire from the forts. None were killed by the infantry. No quarter was given. The plans of the mines in and around Port Arthur were discovered by the Japanese.

YOKOHAMA, Nov. 28.—Mr. De Tring, chief of the Chinese customs at Tientsin, who was sent to Japan to arrange the terms of peace, has arrived at Kobe, and has asked Prime Minister Ito to grant him an audience.

Lawyer Murdered by a Milkman. **CHICAGO, Nov. 28.**—Edward P. Hilliard, an attorney in the Rookery building, was shot and killed yesterday afternoon by Henry C. Hastings, a milk dealer. Hastings claims that by sharp practices Hilliard has taken from him about \$5,000 worth of property. Yesterday Hilliard foreclosed on a horse and buggy owned by Hastings, and the latter shot the attorney while engaged over the transaction. Hastings said after being locked up: "That man has taken away all my property, so I thought I'd let my body and soul go with it."

Bold Daylight Robbery in Oregon. **BAKER CITY, Ore., Nov. 28.**—A daring robbery was committed here yesterday afternoon. Six heavily armed men, wearing masks, entered the Hotel Washburn. The bystanders were placed under cover of arms, while two of the robbers relieved the saloon bar till and faro game of cash amounting to \$1,180, which they placed in a sack and escaped. The fire alarm was rung by the officers a few minutes after the robbery, which drew out many people, but the robbers were not to be seen, having made their escape. There is no clew.

Decided Against the Labor Union. **PHILADELPHIA, Nov. 28.**—Judge Dallas filed an opinion in the United States circuit court dismissing the petition of Levi Hicks and other members of the Brotherhood of Railway Trainmen who desired to compel the receivers of the Philadelphia and Reading Railway company to retain them in their employ while they continued members of the organization.

Ex-Governor Bowie Reported Dying. **BALTIMORE, Nov. 28.**—It is reported that ex-Governor Oden Bowie was stricken with paralysis at his home in Prince Georges county Monday night, and is now in a dying condition.

Palpitation of the Heart

Shortness of Breath, Swelling of Legs and Feet.

"For about four years I was troubled with palpitation of the heart, shortness of breath and swelling of the legs and feet. At times I would faint. I was treated by the best physicians in Savannah, Ga., with no relief. I then tried various Springs without benefit. Finally, I tried **Dr. Miles' Heart Cure** also his Nerve and Liver Pills. After beginning to take them I felt better! I continued taking them and I am now in better health than for many years. Since my recovery I have gained fifty pounds in weight. I hope this statement may be of value to some poor sufferer."

E. B. SUTTON, Ways Station, Ga.

Dr. Miles Heart Cure is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.00, 6 bottles for \$5.00, or it will be sent prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

Dairy School. So much has been said of late concerning the possible danger of the introduction of such diseases as tuberculosis or consumption, diphtheria, typhoid fever, scarlet fever, etc., into the human system through the use of milk and cream from infected cows or from infected places, that a strong demand has sprung up for dairy products known to be free from possible contagion.

To fit men to meet this demand, the Pennsylvania State College has just completed arrangements for giving a course in milk and cream pasteurization and dairy bacteriology in connection with its dairy school this winter. Orders have already been placed for the necessary apparatus, and a trained specialist will have charge of the school. Students in the short course in agriculture may elect this study in preference to an equivalent amount of work in some other line by the approval of the faculty.

These courses will open January 2nd and continue six and twelve weeks respectively. Application for enrollment should be made as early as possible, to H. J. Waters, professor of agriculture, State College, Pa.
