EX-GOVERNORS DEAD.

Leon Abbett of New Jersey and Oden Bowie of Maryland.

ABBETT'S SENATORIAL AMBITIONS.

Three Times He Endeavored to Secure a Seat in the Upper House, Being Once Defeated After Receiving the Caucus Nomination—Ex-Governor Bowie's Career.

NEW JERSEY, Dec. 5.—Ex-Governor Leon Abbett, of New Jersey, died at his home in Jersey City late yesterday afternoon. He had been sick for the last ten days with diabetes. Early in the afternoon it became apparent that the end was approaching. Immediate relatives of the family were summoned, and they had scarcely arrived when the governor expired. The end came quietly and painlessly.

Leon Abbett was born in Philadelphia on Oct. 3, 1836, and after receiving his education there, and being admitted to the bar, removed to New York city, where he formed a law partnership with W. J. A. Fuller, and soon attained a leading position in his profession. In 1862 he re-

moved his residence to Hoboken, while continuing his practice in the New York courts. He soon after began to take an active part in politics, and in 1865-66, and again in 1869-70, was elected to the state legislature, of which he twice became speaker. In 1875-77 he served as a member of the state senate.

At the state convention of his party in 1877, Mr. Abbett made his first appearance as an aspirant for gubernatorial honors, receiving 156 votes to the 804 which made General McClellan the candidate. He declined to enter the contest for the nomination in 1880, when he might have secured it, but in 1883 he received the nomination over eight competitors. At the election of that year he was elected governor by a plurality over Dixon, the Republican candidate.

Governor Abbett was not a candidate for renomination in 1886, and the faction led by him was defeated, the nomination being secured by Congressman Robert S. Green, who was elected. In the following year Mr. Abbett aspirated to the senatorship and secured the caucus nomination of his party, but four Democratic members of the legislature bolted the nomination and elected Rufus Blodgett, Democrat, by the help of the Republicans. As the senatorial election of 1889 approached, Mr. Abbett again announced himself as a candidate for the seat held by John R. McPherson, but McPherson secured a re-election.

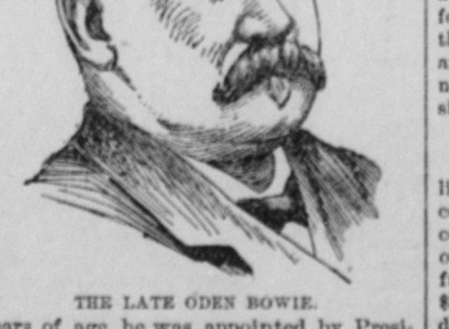

In 1890 Mr. Abbett again took his seat as governor, having been chosen by a great majority at the previous election. In 1892 he again tried for the United States senatorship, but was defeated by James Smith, Jr. In 1893 he was given a place on the supreme bench. His record there was free from all suspicion of partisan unfairness. Indeed, some said that he rather lent towards severity in his judgment on his own party.

EX-GOVERNOR ODEN BOWIE.

The Distinguished Marylander Succumbs to a Stroke of Paralysis.

BALTIMORE, Dec. 5.—Ex-Governor Oden Bowie died at his home, "Fairview," Bowie, Md., yesterday. The end came peacefully while the ex-governor was surrounded by the members of his family. He had a stroke of paralysis last Monday night, which was the immediate cause of dissolution.

Ex-Governor Bowie was born in Fairview Nov. 10, 1826. He enlisted in the Mexican war as second lieutenant and distinguished himself at the storming of Monterey, for which, although only 21

years of age, he was appointed by President Polk senior captain of the noted Voltigeur regiment. In 1865 Mr. Bowie was elected to the state senate and in 1867 to the governorship, receiving 40,000 majority.

At the expiration of his term as governor he turned his attention to other things. The Baltimore and Potomac railroad was built mainly through his efforts, and he had held the office of president ever since its inception. In October, 1873, he was chosen president of the Baltimore City Railway company. He favored rapid transit, and all the lines of the railway are now run by either cable or electric power. For nineteen years ex-Governor Bowie was president of the Maryland Jockey club, and was one of the best known and most successful breeders and owners of fast stock in the country in the days when the Pimlico track was an important one in the eastern circuit.

Ex-Governor Bowie comes of a family distinguished in congress, in war and on the bench. He married Miss Alice Carter, a sister of Bernard Carter, of Baltimore. He leaves a widow and seven children.

A MESSAGE FROM KOLB.

The Populist Pretender Defies Governor Oates.

ADVISES NON-PAYMENT OF TAXES.

As the Majority of Tax Collectors in Alabama Are Kolbites the State is Threatened with Anarchy—Kolb Signs His Own Governor of the State.

BIRMINGHAM, Ala., Dec. 5.—R. F. Kolb who claims to be governor of Alabama yesterday completed his message to the legislature, which he signs as governor and which will be transmitted to the body. The message is also addressed to the people of Alabama, and is a long one in many respects revolutionary, as it recommends that his followers do not pay their taxes for awhile. He further says: "I advise those tax collectors who value the cause I represent, which will assuredly prevail in the end, to delay all payments of state taxes into the state treasury until an impartial hearing is had of our complaint under a fair and honest contract law."

When it is remembered that the tax collectors in thirty-eight out of sixty counties in the state are Kolbites it will be seen, if they take his advice, that the Kolb movement will find strong support, and Alabama will be threatened with anarchy.

In his message Kolb says further: "The revolutionary condition of our state government must become the subject of your continued and anxious contemplation. The plans of usurpers, so abhorred to you, are abating in nothing to reduce you to an abject and final submission to their unbridled will and passions. You have seen your just demands for the full execution of the election system of governor and other state offices, secured to you by sacred constitutional guarantees, deliberately set aside by the legislature, itself only a creature of the constitution. He claims to you without fear of contradiction that if the present party in control of your government be not arrested in its mad career no elections can be held in Alabama under the law and constitution."

"In the name of the great body of white men of Alabama I have set in motion their protest. I have taken the oath of governor, and I intend to prosecute in your name my right to that office."

He urges the legislature to enact a statute, and advises his friends to organize clubs to assist in the general object of his appeal.

The message concludes: "If Colored Oates and his faction fear not the truth; if they court equity and are ready to abide by justice they will hesitate at nothing to remove the color of dishonor from this title to the office he has seized by arms. Again I say my contention is alone for the execution of the guarantees offered by the constitution of my state for liberty for all. I demand of the legislature an action which every member of oath has bound himself solemnly to take in the observance of the constitution."

Knights' bill to punish political usurpers and their followers will be rushed through the general assembly and will become a law by Friday, it is estimated, and its enforcement will call for the imprisonment of all the parties to the Kolb plan.

Speaking of his opponent Governor Oates said: "As long as he contents himself with merely calling himself governor I will humor him and pay no attention to him, but if he attempts to establish a dual government, to send messages to the legislature signing himself governor, and interfering in public affairs I will put a stop to it. The very first step in the direction of the organization of a force of men for the avowed purpose of resisting the existing government will be crushed immediately, and I will arrest every man engaged in it."

Five Killed by Exploding Dynamite.

OTTAWA, Ont., Dec. 5.—Five men were killed and a score of people injured by an explosion of dynamite in Hull, Que. The accident occurred at the Hull waterworks extension, at the corner of Duke and Wall streets. Two boxes containing forty pounds of dynamite each did the damage. The dynamite was used for blasting purposes, and was stored in a twelve foot square cabin, which caught fire. The dead are: N. Martin, aged 36; Henry Lamarche, aged 42; T. Seguin, aged 33; Moise Barbeau, aged 18; Albert Beauchamp, aged 15. The two boys were passing by on their way to school.

Another Terrible Dynamite Explosion.

HUNTINGTON, Ind., Dec. 5.—A quantity of dynamite for use in the big sewer which is being constructed exploded, resulting in the instant death of two men and serious injury to three others. Henry Bain and Fred Stadler had their faces mangled, skulls crushed and eyes torn out. John Freehafer, Thomas Jones and John First are the others injured. Jones is a cripple for life. The others will recover. In using the dynamite one cartridge did not go off, and the men struck the unexploded dynamite with their picks, causing the explosion.

Preparing to Collect the Income Tax.

WASHINGTON, Dec. 5.—Secretary Carlisle is arranging the machinery for the collection of the income tax with evident confidence that the necessary funds for its operation will be forthcoming in the near future. He has submitted an estimate of \$50,000 for the employment of additional deputy collectors, revenue agents and other expenses, and is now acting with the expectation that congress will speedily provide the sum required. This estimate is in addition to the \$9,000 already appropriated for stationery, printing, etc.
