

MEXICO AND GUATEMALA

Ministers of the Two Nations Still in Conference.

SENDING TROOPS TO THE BORDER.

Mexico Has Nine Thousand Men Ready to March into Guatemala, and is Sending Reinforcements—Central American Republics Will Unite Against Mexican Invasion.

CITY OF MEXICO, Jan. 30.—The reception in this capital of a telegram from Washington saying that the United States will endeavor to act as mediator and that Mexico to cooperate with United States Minister Young, of Guatemala, created much unfavorable comment in the limited circles in which it was made public.

President Diaz, when asked how the proffer would be received by Mexico, very politely replied that the country in general naturally felt grateful to the United States, as a sister republic, in its desire to sustain peace, which were exactly his own wishes; but while expressing his gratitude, the president did not say the offer would be accepted.

"In all such cases settlement of the matter at issue must depend upon the consent of the parties directly interested," said General Diaz.

While giving no hint that Mexico would not listen to a proper extent to the voice of the United States in the matter, the press was given the general impression that Mexico will continue to occupy the present position on the boundary dispute, and hold to the claim for damages from Guatemala, which it has all along held.

President Diaz continues to receive offers of aid in case of war. It is denied emphatically that any foreigners have been offered the command of troops if trouble occurs with Guatemala.

It is stated officially that if war is declared either Generals Topio or Gerantes will have full command of the Mexican army. The army of Mexico on the border is at least 9,000 well equipped men, and reinforcements are being hurriedly sent to the border.

Yesterday afternoon the Fourth and Sixteenth infantry regiments departed for Chiapas state, and will move on to the frontier as rapidly as possible.

The Guatemalan minister, Dr. Leon, said today that he was in daily consultation with Minister Mariscal, but declined to further discuss the affair, not even hinting as to what progress was being made.

Will Unite Against Mexico.

GUATEMALA, Jan. 30.—The president has just received Minister Arias of Honduras. Ministers Gomez of Nicaragua and Eustupina of Salvador have been received before. All their speeches were full of patriotism, clearly showing that Guatemala would not stand alone in case of a Mexican conflict. They have individually offered the co-operation of their countries to Guatemala in such an event, showing that on any question directly affecting all Central America stands united to repel any invasion. The Costa Rica legation arrives soon and is confidently expected to express the same resolutions favoring Central Americanism as heartily as shown by the legations of Nicaragua, Salvador and Honduras.

DOWN AN EMBANKMENT.

Fatal Railroad Accident on the Vandalla, Near Coatesville, Ind.

INDIANAPOLIS, Jan. 29.—A most terrible wreck, causing loss of life and maimed limbs, occurred at Coatesville yesterday afternoon. Vandalla train No. 2, due in this city at 2:35, was wrecked by the spreading of the rails. Two persons were killed almost instantly and thirty or forty injured, four or five seriously.

The train was running at full speed. It had just passed the town of Coatesville, twenty-eight miles from here, and was rounding a curve when the tracks spread. The private car of President R. W. McKee, which was attached to the train, jumped the tracks. This was followed by the parlor car and then the ladies' car, the two rear cars going down the embankment ten feet before the train could be stopped.

The smoker left the tracks, but did not go over. The two rear cars caught fire, but were extinguished without damage.

A man died soon after being taken from the car. In his pocket was found letters indicating that his name was John W. Norton, manager of the Grand Opera House at St. Louis. Mrs. W. S. Towne, of Carthage, Mo., was carried from the car and died while being taken from the wreck.

Among the injured is Mrs. Zeldia Seguin Wallace, who received a painful, though not dangerous wound in the back. Mrs. Wallace has a national reputation as an opera singer, having been connected with the Richings Opera company, Parepa Rosa, Emma Abbott and others equally famous.

Senator Fair's Will Stolen.

SAN FRANCISCO, Jan. 30.—The will of the late James G. Fair was stolen from the clerk's office some time in the afternoon, and there is not the slightest clue to the perpetrators of the crime. The great length and peculiar verbiage of the document render it almost impossible to guess the exact language, which is important, even should there be no contest. Copies are in the possession of attorneys; but if there is to be a contest the accuracy of copies would be questioned. Counsel for the Fair children maintain that the purloining of the will was in the interest of the executors.

Starvation Wages in Johnstown.

JOHNSTOWN, Pa., Jan. 29.—On Friday a reduction of 40 per cent on tonnage hands to the Cambria iron company will be made. Rumors of a strike, but the majority of the workmen will not consent to this at present, knowing that they are powerless to make a winning fight. The pay hands will receive in many instances as low as eighty and ninety cents a day.

The annual reductions of the company during the last four years have made the wages of the employes much lower than was ever paid before to skilled workmen in this country.

The French Ministry Complete.

PARIS, Jan. 29.—General Zurlinden, commander of the Fourth army corps, has accepted the position of minister of war. This completes the new cabinet, which is as follows: Prime minister and minister of finance, M. Ribot; foreign affairs, M. Hanotaux; war, General Zurlinden, minister, Admiral Besnardez; justice, M. Trarieux; interior, M. Leygues; public instruction and worship, M. Poincare; public works, M. Dupuy-Dutemps; commerce, M. Anfre Leduc; agriculture, M. Jadenec; colonies, M. Chaumetans.

THE COST OF A STRIKE.

An Expensive Luxury for Brooklyn Street Car Magnates.

A FORTUNE IN DAMAGE TO CARS.

President Lewis, of the Brooklyn Heights Road, Declares That the Loss on This Item Alone Will Reach \$100,000—Police Charged with Brutality.

BROOKLYN, Jan. 30.—Odd Fellows' hall, on Palmetta street, has not been opened since the police raid. This evening night. The men who fell victims to policemen's clubs at that time are today nursing their injuries. One of the most seriously injured is Master Workman Thomas Murray. Mr. Murray says he was engaged in writing at his table when the police entered the hall and began to club the men and order them out of the room. The master workman told the police that if he was in any way violating the law he was willing to be placed under arrest, but he protested against being clubbed. This availed nothing, however, he said, as he was dealt three heavy blows over the head and shoulders and hustled out of the door. He is unable to leave his bed.

The interior of the hall presents the appearance of a desperate battleground. After being raided three times within a week, the windows and doors are shattered and the walls have been punctured by many bullets. It is said the owner will bring a suit against Captain Kitzer to recover damages for destruction of the property. Last evening a new motorcar attempted to run a Union avenue car backwards at the junction of the Myrtle and Gates avenue roads without changing the trolley pole. The result was complete destruction of the car's electrical apparatus. A live wire was sent flying about the street, and several persons narrowly escaped coming in contact with it. The company's loss by the accident is about \$900.

In an interview with an Associated Press reporter President Lewis, of the Brooklyn Heights company, expressed his views on the strike question. He said:

"In reference to the action taken by the executive board of District Assembly No. 75, K. of L., through its counsel, Lawyer William Sulzer, the counsel for the Brooklyn Heights railroad have left for Albany to defend the case. They have been to some extent taken by surprise, and have had very little time to make preparations for defense. It is probable they will apply for an adjournment. I don't think the grounds upon which action has been taken against the company are tenable."

In reply to a question as to whether the company will make any concessions to the demands of the strikers, he said: "We will concede nothing. We have all the men we require to operate the roads, and today have 477 cars running. We will run them up to midnight, and on some of the night lines later than that, except in such localities as are peculiarly dangerous."

"I think it was a great mistake to withdraw the First brigade before the city had resumed its normal condition. A peace footing has not yet been established on a firm basis, and the troops should have been kept on duty here until then."

President Lewis further said in regard to the damage done to the companies' property that the rolling stock alone had suffered to the extent of \$100,000.

While car 148 of the Fulton street line was passing under the elevated railroad structure last night a man leaped out from the shadow of one of the iron pillars and jumping on the rear step of the car, lunged at Conductor Green, who was standing on the platform with a knife. As he did so his foot slipped and the blade was buried in Green's body, just over the left hip. In the confusion that ensued Green's assailant made his escape.

The Income Tax Revenue.

WASHINGTON, Jan. 28.—Members of congress who believe in the income tax as an equitable method of raising revenues are gratified at the unexpectedly good showing of the preliminary canvass by the collectors of internal revenue at the direction of Secretary Carlisle. Mr. Hall, of Missouri, who has given more study, perhaps, to the theory and history of the income tax than any other man in the house, did not place the total below \$50,000,000. From the results of the canvass of the internal revenue bureau it appears that Mr. Hall was more nearly correct than the other forecasters. He now says that the income tax may yield more than \$50,000,000, and it is known that the treasury department officials do not place its results below that mark.

Southern Women Don't Want to Vote.

RALEIGH, Jan. 30.—There has been a disposition manifested on the part of a large number of the Populist members of the legislature to give women the right to vote on certain occasions and to make them eligible to certain offices. A bill to require that one member of the school committee in each county shall be a woman was defeated in the senate by a vote of 36 to 19. A large number of women were spectators, and when the result was announced they loudly applauded, thus illustrating what is generally known—that the white women of North Carolina, and the south generally, are opposed to female suffrage, and are in favor of members of their sex holding public office.

A Self-Confessed Thief.

SCRANTON, Pa., Jan. 30.—The closing of the Bank of Olyphant, otherwise the Olyphant Trust company, has developed into a startling crime, and Cashier Myron J. Stone occupies a cell in the county prison, a self-confessed forger and embezzler. How much his business system has impaired the assets of the bank is not yet determined, but in the year and a half the institution was in existence he has appropriated to his own use of its funds an amount reaching \$23,000. This he sought to offset by forged notes.

A Treat for the Editors.

PHILADELPHIA, Jan. 30.—The Pen and Pencil club has made elaborate arrangements for an entertainment on Saturday evening next, at its club house, 1026 Walnut street, in honor of the editors, reporters and correspondents of newspapers in nearby cities and towns in Pennsylvania, New Jersey and Delaware. The program on this "Night in Bohemia" will include Olympian sports in the big yard, which will be covered on this occasion.

Nicaragua Canal Bill Passed.

WASHINGTON, Jan. 29.—The bill pledging the faith of the United States to the construction of the Nicaragua canal passed the senate last night by the decisive vote of 81 yeas to 21 nays. The bill directs the issue of \$70,000,000 Nicaragua canal bonds. Each of these bears our government's guarantee.

PENNSYLVANIA LEGISLATURE.

Rival Compulsory Education Bills Recommended to Committee.

HARRISBURG, Jan. 29.—A short session of the house was held yesterday, at which seventy-seven bills were read the first time. A concurrent resolution indorsing the Stone bill providing for consular inspection of immigrants and urging its speedy passage by congress was adopted. Among the bills introduced were: Amending the charter of the city of Carbonado by providing for the election of the poor directors in each of its six wards; extending the act of May 8, 1891, by giving electric light, heat and power companies the same privileges in municipalities as electric street railroads; to prevent the docking and mutilation of horses' tails; providing for a fine of \$500 and imprisonment of two years, or both, for any person to wilfully procure the publication of false statements; requiring the publication in two newspapers of notice of the sale by county commissioners of lands seized by them for non-payment of taxes.

HARRISBURG, Jan. 29.—The house held a short session last evening, at which seventeen bills were read for the first time and a large number of new measures introduced. Rival compulsory education bills, read for the first time on Friday, were recommitted to the committee on education. Mr. Mickell, of Philadelphia, offered a resolution that the bill providing that none but citizens of the United States shall be employed on any public building or work in the state, which was negotiated by a committee, be placed upon the calendar. The resolution will lie over until Friday.

Among the bills introduced were: Authorizing county commissioners to sell to actual settlers lands belonging to counties; fixing the salaries of judges of election at \$3,500 and clerks at \$3; establishing a department of agriculture, the chief of which shall be a member of the governor's cabinet; making general the act to prevent the adulteration and traffic in impure milk in cities of the first and second classes.

Among the bills introduced in the senate were: To place the Pennsylvania State college in control of the commonwealth; to protect fish in the spawning season; appropriating \$120,000 for the erection of memorial tablets to mark the position of Pennsylvania commands on the battlefield of Antietam; appropriating \$34,000 to erect monuments and tablets on the battlefield of Chickamauga and adjoining battlefields.

HARRISBURG, Jan. 29.—Chairman Ritter, of the ways and means committee, presented to the house at yesterday's session the revenue bill drafted by the state tax conference. Among the bills passed finally were: Reducing the bond of the city treasurer of Philadelphia from \$150,000 to \$50,000; to prevent physicians and surgeons from testifying in civil cases to communications made to them by their patients; extending the trespass act so as to include berries and nuts.

Mr. Kearns, of Allegheny, presented a resolution providing for the purchase by the state and transfer to the national government of the improvements of the Monongahela Navigation company, in order to abolish tolls on that river. It will be brought up on Friday.

Resolutions harshly criticizing the president's financial message, and directing the ways and means committee to draft a proper remedial measure, were introduced by Mr. Orme, of Schuylkill. Laid over until Friday.

In the senate the principal business was the consideration of the bill of Senator Porter, of Philadelphia, to reduce the number of councilmen in that city. Senator Penrose moved for a suspension of the rules that the measure might be considered. Mr. Penrose's motion was adopted by a large majority, when Mr. Porter made a motion to reconsider. Mr. Penrose moved to indefinitely postpone, but the proposition was ruled out of order. Mr. Porter's motion was overwhelmingly defeated, and the bill soon after met a similar fate by a vote of 5 yeas to 39 nays.

SUNBURY, Pa., Jan. 29.—A freight train on the Sunbury and Lewistown railroad ran into a Selby's Grove sleigh party at Kramer Station. Two persons were instantly killed and a dozen others injured, four of them seriously. The driver, Charles Romig, aged 34 years, was literally ground to pieces under the wheels. His father, Isaac Romig, was sitting on the same seat. His skull was crushed and his body was found on the pilot. Lawyer A. W. Potter had both arms crushed. The right arm has been amputated at the elbow. Miss Mollie Burns, aged 21 years, had her right leg so badly crushed that it was amputated at the knee.
