LOCAL DEPARTMENT.

"St. Perkins" to-night.

The Undine Fire Co. are making preparations to hold a ball on Easter.

"St. Perkins" and his Pughtown band at the opera house to-night.

Ellis L. Orvis, Esq., had a week's tussle with the grip that left him somewhat paler. He is able to be about this week.

Dr. Salm's patients had better take notice of new dates from now on, as there is an entire change in days and dates.

Mrs. W. F. Reeder is slowly recovering from the severe ankle-sprain she received while upon a visit to Harrisburg.

The Pennsylvania Reserve association elected General John P. Taylor, of Lewistown, president, to succeed the late ex-Governor Curtin.

Gen. Beaver, is receiving a great deal of gratuitous advertising at present in regard to some of his investments. He discounts them all of them.

Bellefonte can smile at Lock Haven about this time of the year. Every body down there is expecting to move up stairs—when the ice breaks on the river.

It is said that another effort is on foot to buy a steam road roller and crusher for Bellefonte. Some chaps, evidently are anxious to get a divvy out of such a transaction.

Mr. Daniel Garman, is on the invalid list. While visiting friends at Milton, Pa., he had a fall and injured his knee which makes it quite difficult for him to move about.

John S. Waite expects to move the old band stand to the corner of High and Water streets, and fit the same up for a bicycle store. In addition he would keep tobacco and confectionery.

Mrs. Mary Ellen, wife of William B. Way, of near Stormstown died on Tuesday February 26th, after a long illness. She was aged 75 years, and was a member of the Society of Friends.

The ladies composing the Village Improvement Society, will make an effort to have the loafing on street corners and crowding about hotel entrances stopped. There would be some merit in such a crusade.

Mr. Irvin Stover and George Rothrock, two hustling young men of Spring township, left this week for Niagara Falls. That place is at present having a boom, and we hope they will be successful in securing good positions.

The school directors of Walker township have the public school in session again at Hecla, as they succeeded in renting the church at that place. It will be remembered that the Hecla school house was burned during the blizzard.

The law firm of Dale Bros., composed of Messrs. Clement and Al. Dale, are moving to the second floor of Crider's stone building where they will occupy a splendid suit of three communicating rooms. These apartments have been specially fitted up for their occupancy. Their former rooms on the first floor were entirely too crowded for their business.

LICENSE COURT.

LARGELY ATTENDED THIS WEEK.

Only three Remonstrances Filed— Fifty-three Applications Filed— List Granted, Refused and Held Over.

The attendance at the annual session of license court was larger this week than for some years. This is due to the fact of a new court, in which many expected favors. One remarkable feature is that only three remonstrances were filed and in each case the license was refused.

A strong remonstrance was made against Jas. A. Decker, Pine Grove Mills, by citizens of the community, on the ground that it was not needed. State College also objected, as it would be too close to that institution.

E. Korman's, Aaronsburg, was opposed on the ground that it was not needed, as there was little travel through there since the completion of the Lewisburg railroad, and there were two licenses near by, at Millheim.

W. H. Spangler's, at Blanchard, was opposed on the ground that it was not needed in that section and was not desired by the public.

The Court was very careful in examining the bonds filed, and insisted that only responsible parties be on the same. Up to Wednesday evening the following licenses were granted:

Opera House Improvements.

On Tuesday Manager Garman awarded a contract to the Phoenix planing mill for some extensive improvements. The back row of seats are to be removed and a partition will be put across the entire rear of the room. It will be of wains-coating four and one-half feet high and from that to the ceiling will be a sash containing paneled colored glass. The sash will be hung on weights so it can drop in the wains coating and give a full view of the stage. This will convert the back part of the room into a lobby. There will be but one entrance to the first floor, through swinging doors, and but one stairway to the balcony open. This will avoid the cold blasts from the hallway, making the house more comfortable and convenient. The improvements will be completed for "Little Trixie," Monday the 18th.

Historical sermon.

On Sunday morning Dr. Laurie delivered an able and carefully prepared sermon which was the second of his series of historical discourses. This sermon related to the conditions of various countries prior to the birth of Christ. In this he paid special attention to the Ancient Greeks, the Roman Empire and the Jewish people, showing how these people were specially adapted, or that the time had come for the appearance of the Messiah.

The sermon was one of exceeding interest to thoughtful persons or Biblical students. Dr. Laurie always is at his best when handling a subject of this kind.

Inquest Expenses.

On Wednesday a bill for holding an inquest upon the body of Scott Beckwith, who accidentally shot himself at his home near Port Matilda, about one month ago, was refused by the court. As there was no doubt as to the manner of his death, it happening in the presence of one of his family, and no suspicion or evidence of foul play, there was no occasion for an inquest and the commissioners need not pay the bill. This fact should be remembered.

ADDITIONAL LOCALS.

—On Monday there was a cold blizzard that made one uncomfortable.

—Remember the CENTRE DEMOCRAT office does all kinds of fine job printing.

—The first session of license court on Tuesday was attended about as well as the average term.

—John Waite is arranging to open a bicycle store in Bellefonte. He is not decided as to where he will secure a room.

—Persons who take interest in poultry and money making hens should read Harry Corman's advertisement on another page.

—This evening the Christian Endeavors will hold a sociable in the Presbyterian chapel. Refreshments will be served.

—The funeral of Joseph Kitchen, who died in Boggs township last week, occurred on Monday. Interment at the Union cemetery at this place.

Resolutions of Respect

WHEREAS, In the wisdom of Providence our beloved school mate, Mary Alice Robb, has been taken by the hand of death. Therefore, be it

Resolved, That we, the teacher and pupils of the Romola Grammar school, sincerely deplore her loss.

Resolved, That the sudden removal of such a schoolmate leaves a vacancy and shadow that will be deeply realized by all members of the school, and will prove a grievous loss to this community.

Resolved, That with deep sympathy with the afflicted parents and friends of the deceased we express an earnest hope that even so great a bereavement may be overruled for their highest good.

One sweet flower has drooped and faded.

One dear voice we loved has fled;

One fair brow the grave has shaded.

One dear school mate now is dead.

But we feel no thought of sadness.

For our friend is happy now;

She has knelt in heartiest gladness.

Where the blessed angels bow.

She has gone to heaven before us.

But she turns and waves her hand:

Pointing to that heaven of ours.

In that happy spirit land.

EMMA MILLER, MARY DELONG.

VERNIE ORICKLEY, S. McCLOSKEY.

C. PACKER, HARVEY ROBB, teacher.

Local Institute.

The teachers local institute which was to have been held at Stormstown, will be held in the Centennial school house on Saturday, March 16. All persons are cordially invited to attend and take part. The following subjects will be discussed:

"How should teachers spend their vacation?" E. J. Williams, N. J. Krebs.

"Primary reading," M. E. Heberling, Ella Fleck.

"Arithmetic," A. C. Williams, D. W. Showalter.

"Recitations," J. H. Harpster, W. E. Karns, Ida Williams.

"Uniformity of text books," J. O. Harpster, Lucy Rowan.

"How would you conduct a recitation in physiology?" E. S. Spotts, W. W. Woodring.

"Music in school," Jacob Rhone, Mary Zimmerman.

Republican Candidates.

"We still hear of republican candidates for the nomination of sheriff bidding up serenely here and there. In politics as in religion, there will be no more of that. Mr. Robert Wilson, of Marion, will be a candidate for nomination. Mr. Wilson was deputy sheriff under Robber Cook and made an excellent officer and was highly commended by the business men of all parties."

—Hornet.

Robert Cook, ex-sheriff, of Howard, is going about among the boys again and is anxious for the nomination and is of the opinion that he could make it. Then there is Dr. Harter, of Millheim, who is classed among the aspirants for Prothonotary. Republican candidates are becoming exceedingly plentiful but it is possible that the early frosts will nip all their aspirations.

"St. Perkins" to-night.

Those who are holding over our people will have an opportunity of hearing "St. Perkins" at the opera house. It is a sensational drama, having a complication of funny incidents that holds the audience in a continual round of merriment. Many specialties are introduced incidental to the play. Watch for the Hayseed street parade, the funniest on the road. It is better than a circus parade. Concert at 7 o'clock, p. m., by the famous Pughtown band.

Curtin Pedestal.

On Wednesday last week, Mr. Lawrence of Washington, Pa., presented a bill in the legislature appropriating \$5,000 for the erection at Bellefonte of a pedestal for a statue to the memory of ex-Governor Curtin.

The bill is sure to pass this session. With that amount for a start there ought to be enough energy and local pride in our people to raise the balance.

Speakers Announced.

The honor speakers for the State College commencement were announced in the chapel Saturday in the following order: Byron Barnes Horton, Sheffield; Hugh McAllister Beaver, Bellefonte; Budd Gray, Tyrone; Melvin Jesse Kelfer, Sunbury, and Ralph L. McDonald, State College.

We will positively save you five dollars on every ten dollar clothing purchase you make of us. We make this assertion feeling confident that an examination of our stock and prices will prove its truth to you.

Was it Butter.

It is claimed that at a recent meeting of the State Dairymen's Association the judges, one of whom was Prof. Waters, of State College, awarded the second and third butter prizes to samples of oleonargarine.

As soon as the charges that the committee had awarded prizes to artificial products were published, Prof. Waters secured a sample of the disputed packages from Mr. Palm, editor of the Meadville Messenger, who attempted to perpetrate the joke by entering them as butter in the name of a local dairyman, and afterwards announced through the press that they were butterine. These samples were sent to the Experiment Station, under seal, by the secretary of the Association.

The results of the test clearly vindicate the decision of the committee on awards and indicate that Mr. Palm either knowingly made a false statement concerning the genuineness of the article, or was a victim of deception and fraud by the manufacturers of butterine in Chicago from whom he obtained the samples for exhibition.

Dwelling House Burned.

On Tuesday night of last week fire broke out in the residence of John C. Nason the lumberman at Beaver, in Huston township, and the building, with all its contents, was totally destroyed. The family were all asleep at the time and were compelled to flee for their lives, escaping in their night clothes. All their wearing apparel was burned. Mr. Nason estimates his loss at four thousand dollars. On which there was no insurance, all his policies having expired about two weeks ago. The origin of the fire is believed to have been the work of an incendiary.

Hand to Hand Encounter.

A correspondent in the Millheim Journal, from Poe Mills says:

A man by the name of Kleckner had a hand to hand encounter with an old bear and three cubs last week. He was in the act of trimming a tree which he had just felled, when the old bear sprang upon him. No tree being handy, he climbed a sappling which bent to the ground with his weight. After making three unsuccessful attempts to get away M. Ahearn appeared on the scene and together they drove the bear off with clubs and axes.

A Bright Boy.

A good joke has just leaked out on one of the lady school teachers of Tyrone. She was trying to make clear to her young pupils minds, the meaning of the word slowly. She walked across the room in the manner the word suggests and then asked the class to tell her how she walk.d. One bright boy at the foot of the class almost paralyzed her by shouting out bow-legged, the class was dismissed and Johnny sent home.

Beats all Records.

George F. Dunville is a farmer living opposite Yankton, S. D., on the Nebraska side of the river. He and his wife are the parents of twenty-seven children, all of which are living, the oldest one being under 13 years of age. All the children were born in triplets, and all are boys but three, one set being girls. The mother is not yet thirty years old. Dunville is an Indiana man and his wife is a Norwegian.

Mifflin County Boom.

The real estate boomers must be at work in Mifflin county. The following startling item appeared in the exchanges this week:

"Gold bearing quartz rock has been found near Lewistown. The rock has been assayed and is estimated to yield \$20 per ton in gold and \$2 in silver. The rock was taken from a well dug on the property of Colonel J. K. Rhoads, of that place. Further investigation will be made of the matter."

Bad Roads.

Throughout the county there is much difficulty experienced in traveling; the early part of the week the snow had all disappeared from the roads except where there were drifts. At these places it is almost impossible for a wheeled vehicle to pull through. Horses sink right through and can hardly get along.

Racing Course.

Charles Woodin of the City hotel, Tyrone Pa., on Saturday purchased for \$3,000 the Stewart meadow containing some twenty acres situated a short distance east of Tyrone. Mr. Woodin's object in the purchase is to make a racing and training course in which he will be joined by other lovers of horses.

W. F. Reber's Successor.

Guy H. Davis, of Towanda, a son of the ex lieutenant governor, has been appointed executive clerk by the governor to succeed William F. Reber, of Bellefonte. The change will take effect April 1.

We will positively save you five dollars on every ten dollar clothing purchase you make of us. We make this assertion feeling confident that an examination of our stock and prices will prove its truth to you.

LIST OF JURORS.

DRAWN FOR APRIL TERM OF COURT.

Is your name on the list?—Drawn By the New Board of Jury Commissioners—M. F. Riddle Appointed Clerk.

On Monday the new board of jury commissioners, elected last fall, met at the court house for the purpose of drawing grand and traverse jurors for the coming April term of court.

The new board is composed of Mr. Joseph Hoy, democrat, of Marion township, and ex-commissioner John D. Decker, republican, of Potter twp. They proceeded to business at once and elected Matthew Riddle, of Pleasant Gap, as clerk. Matt Riddle is all right personally but we never got stuck on his politics. This is the same Matt. Riddle that ran for county commissioner a year or so ago and got left, like it has happened many another man. Of course it was not his fault, but the peoples' for voting for the other fellow. If all signs do not fail Matt is keeping his eye on the commissioners' office for the next heat. But that has nothing to do with the list of jurors drawn for April court, beginning on the 4th Monday, the 22nd day of April, 1895:
