

THE TERMS OF PEACE

About to be Concluded Between Japan and China.

GREAT CONCESSIONS BY CHINA.

Japan Will Annex the Island of Formosa and Occupy Port Arthur and Wei-Hai-Wei for a Term of Years—Corea to be Independent.

WASHINGTON, March 13.—As a result of the negotiations between Minister Dun in Japan and Minister Denby in China, the terms of the peace about to be concluded between China and Japan are now known with little short of exactness. As understood in high official circles they are as follows:

First—The treaty between Japan and China has ceased to exist by reason of the war, but on the renewal of peace the new treaty will grant Japan extra territorial jurisdiction over China, but the latter country will surrender the extra territorial jurisdiction she formerly held in Japan.

Second—There will be no extension of Japanese territory on the mainland of Asia. But the Island of Formosa, a Chinese possession lying off the coast, will be permanently ceded to Japan.

Third—The Japanese will by treaty be granted the right to continue the occupation of Port Arthur and Wei-Hai-Wei, the two great naval stations leading to the Gulf of Pechili, for a term of years.

Fourth—The claims of China that Corea is a dependency of hers shall be forever relinquished, and Corea shall henceforth be independent.

Fifth—The cash indemnity to be paid by China will not exceed \$250,000,000 in gold.

The purpose now to extend Japanese territory to the mainland, but to confine it to the outlying island of Formosa, assumes the conclusion of a peace without European intervention. The maintenance of Japan's extra territorial jurisdiction in China, while the latter country surrenders a similar jurisdiction, leaves China as the only oriental country submitting to this extra jurisdiction. Japan now terminates China's consular courts in Japan, although Japan's consular courts in China are to be continued. This presents the very singular spectacle of China's conceding the advance of Japan to modern methods, while at the same time conceding that she is still in the benighted condition requiring extra territorial jurisdiction to protect foreigners in China.

Probably the most important concession in Japan's occupation of Port Arthur and Wei-Hai-Wei for a term of years. This will assure a continuance of the peace for many years to come, as China will be in no condition to renew hostilities so long as the gateway to Peking and to China's commerce is guarded on either side by the great fortresses which China grants to Japan for a term of years.

The permanent annexation of Formosa to Japan will add a rich and fertile country to the Japanese group. The tea production of the island is very extensive. Moreover, there are extensive tracts of arable land well suited to Japanese coolie labor, should it be desired to withdraw the Japanese from Hawaii.

A QUADRUPLE LYNCHING.

It Has Doubtless Resulted in a Race War at Walsenburg, Colo.

PUEBLO, Colo., March 13.—On Sunday Deputy Sheriff Hixon was brutally murdered at Walsenburg by several Italian coal miners. After pounding the deputy's head into a pulp the body was hidden, and was not found until Monday morning. When a general alarm was given blood-hounds were put upon the murderers' trail, and in a short time the well trained dogs succeeded in running down the gang of nine Italians.

Yesterday afternoon an inquest was held and the guilt of the gang clearly established. At 7:30 last night, as the nine were being taken to jail in a wagon, they were fired upon from ambush. Four of the prisoners, whose names cannot be learned on account of the excitement, were instantly killed. Joe Welby, a young American boy who was driving the wagon, was also killed. The officers returned the fire, which lasted several minutes. The most intense excitement reigns.

One hundred or more Italians, seeing their countrymen lying around dead, became frenzied, swearing they will have vengeance. Both factions began arming themselves, and at last accounts were expected to come together at any moment. The telegraph operator at Walsenburg has abandoned his post, leaving no way to secure further information, except as it is brought into surrounding towns by people who are fleeing from the scene of trouble, or deputy sheriffs seeking assistance.

Congressman Dockery's Figuring.

WASHINGTON, March 12.—Representative Dockery, of Missouri, a member of the committee on appropriations, makes public a statement containing a comparison of appropriations for the 51st, 52d and 53d congresses. It shows, says Mr. Dockery, that the appropriations of the 51st congress were \$1,055,680,105, of the 52d, \$1,027,194,547, and of the 53d \$950,338,691. Mr. Dockery also asserts that for the first time in a long series of years the regular annual appropriations are smaller at the concluding session than at the first regular session.

The Arrest of Defaulter Taylor.

JACKSONVILLE, March 13.—A special from Tampa says: W. H. Taylor, the defaulter South Dakota treasurer, was arrested last Sunday in Mexico by Pinkerton agents. Taylor, under the name of Mason, and a companion calling himself Phelps, passed through here several weeks ago. They went to Havana, and the chief of police of that city was paid \$2,000 to locate Taylor, which he did, on a steamer bound for Vera Cruz, Mexico. News has been received here of the arrest in Mexico.

Novel Suit Against Liquor Dealers.

NASSAU, N. H., March 13.—The property of eight local liquor dealers was attached in suits for damages brought by F. J. Wells. Last month, while under the influence of liquor, Mrs. Annie Wells, wife of the plaintiff, fell down and broke her left leg. She claims she bought the liquor from the men against whom her husband brings action. Damages of \$1,500 are claimed in each case.

No Dual Government in Alabama.

BIRMINGHAM, Ala., March 13.—The Alabama executive committee of the People's party do not deem a dual government advisable, claiming that should one be established Cleveland would send federal troops to Alabama and put down their government.

THE TRENTON SCANDAL.

Further Startling Charges Against Ex-State Officials.

EXORBITANT PRICES FOR DESKS.

The State Paid \$210 Each for Desks Which Cost \$44 to Manufacture—Nearly \$22,000 for Filing Cases That Would Have Given a Liberal Profit at \$7,500.

TRENTON, March 13.—The third day's session of the investigation into state house expenditures under ex-Superintendent Ford was resumed yesterday. John Mullins, the Jersey City furniture dealer, was first called and asked if he had the personal ledger to which Bookkeeper Murphy referred last week. Mr. Mullins said he had here all the books that he knew about.

Bookkeeper Murphy was then recalled. He pointed out many entries in the sales book made after he left Mullins & Co., and which were transferred to the ledger pages claimed to have been torn out November 7, 1893.

Witness then showed a number of entries of desks, chairs, carpets, etc., charged to Leon Abbott, Jr., and delivered to No. 229 Broadway, Jersey City, and his private residence. The vouchers also showed these items to have been paid by the state.

Murphy then showed a charge against the state for \$80 for a leather couch for Comptroller Heppenheim's office, which had been paid for twice. An item of seven desks for the governor's office was charged to the state at \$210 each, the cost price being \$44 each. These goods, Murphy said, were never delivered, and only about one-half of the goods sold to the state had been delivered.

Murphy then showed by the check stub books of Mullins & Co. that a check for \$239, just 10 per cent. of a state house sale, was drawn March 9 to Mullins & Co. and the word "Ford" written on the stub. Neither the check itself nor three others could be found. The stub showed these four checks to have aggregated \$1,578, and marks indicated they were drawn for Ford's benefit.

It was shown that metallic filing cases had been put in the vaults of certain offices of the state houses at a total cost of \$21,847.33. Henry N. Booz, of Philadelphia, testified as an expert that \$7,430.95 would have afforded a profit of 33 1/2 per cent. It was also shown that William C. Heppenheim, who was state comptroller at the time, interested himself very much to have the different state officials consent to having the cases put in. In one instance, that of Adjutant General Stryker, the latter refused to approve the bill submitted, claiming that it was exorbitant, but the bill was nevertheless paid.

The "personal ledger" of John Mullins & Co. was produced, and ex-Bookkeeper Murphy swore that checks aggregating \$4,197 which had been drawn, according to the check book stubs, to the order of John Mullins & Co. were charged up to the firm's personal account, with nothing further to explain what had become of the proceeds. Counsellor Corbin drew attention to the fact that leaving out the furnishing of the senate chamber the total of Mullins & Co.'s sales to the state footed up a sum that made the amount of the checks referred to just the 10 per cent. which Murphy claimed Ford had been paid.

The committee took occasion to inquire of Counsellor Corbin as to the responsibility of Ford's bondsmen, one of whom is United States Senator James Smith, Jr. Mr. Corbin replied that Ford was under a bond of \$5,000 for each of three years, and "faithfully and honestly perform his duty."

Chairman Voorhees, after the committee adjourned, said that a report would be submitted to the legislature probably next week, but that the committee would by no means have completed an investigation into state house affairs, to say nothing about the wider powers which have been conferred by the resolution under which the investigation was started.

He also added, rather ominously, that it would be a satisfactory thing if some impeachment proceedings were begun. He would mention no names, but when asked how ex-officials could be impeached he said that proceedings could be instituted at any time within two years after a person had ceased to hold office.

Jailing Delinquent Taxpayers.

BETHLEHEM, Pa., March 12.—The depression in business and the cosmopolitan population of the south side, where the steel mill is located, have had a telling effect on the town's resources. Tax collector Reynolds has over 500 delinquents, and money is wanted. He announced yesterday that he would proceed according to law. The first delinquent he met was Preston Shaffer, who owed \$2. Shaffer refused to pay and was sent to jail. The collector threatens to crowd the jail to overflowing if necessary to get the tax. Many of the delinquents have been idle for some time.

Desperate Church Riot in Omaha.

OMAHA, March 13.—During mass at St. Paul's Catholic church a party of 20 Catholics had been ousted from membership by Bishop Scannell because they objected to the new priest, Father Karminski, attempted to take possession of the edifice. A desperate fight was precipitated, during which the priest shot two men seriously, Joseph Inda, one of the priest's supporters, was stabbed and terribly beaten. Police finally ended the riot and arrested several participants, including Father Karminski.

Fearing He Would Lose His Fortune.

SAN FRANCISCO, March 13.—Harry Browne, a notorious water front character and ex-convict, known as "Horse-shoe" Browne, shot and killed his wife yesterday and then killed himself. Browne is believed to have been crazy. Though possessed of over \$100,000, he was troubled with an hallucination that he would soon lose it all.

Mrs. Riegel Secures Alimony.

TRENTON, March 13.—Vice Chancellor Bird yesterday ordered Dr. E. Lear Riegel, of Bloomsbury, N. J., to pay to Mrs. Riegel, who sues for a separation, \$6 a week alimony pending a disposition of the case. Several months ago Dr. Riegel and Mrs. Riegel's cousin, William Bigler, of Philadelphia, fought an impromptu duel.

Life Sentence for Highway Robbers.

PEMBISA, N. D., March 13.—James Young and George Clark, charged with the highway robbery of a man named Harris, who declares they robbed him of \$5 in cash and a brass watch, have been sentenced to the state penitentiary for life.

Given eye-sight and relieved of pain, after 20 years suffering, by Dr. Salm.

For over 12 years my eye-lashes have been turning in, and consequently they rubbed on the eye-ball, keeping the same always inflamed and very painful. In order to have a little relief, I had to have the eye-lashes pulled out every few days. As the result of all this, my left eye went totally blind, and the right one was going the same way rapidly. I put myself under the care of Dr. Salm, and to-day I am happy to state that I am not troubled any more with the lases, as they grow in their normal direction, and the sight of the right eye has improved to a great extent. I am wonderfully cured. COBURN, Pa. JACOB EMERICK.

Our little daughter Katie has had a bad case of catarrh for more than 8 years; her health was something terrible, and her general health was very much impaired; but now, after a course of treatment with Dr. Salm we consider her entirely cured.
