

## GRESHAM VS. THURSTON

Reported Demand for the Hawaiian Minister's Recall.

### THE RUMOR LACKS CONFIRMATION.

Both Minister Thurston and State Department Officials Refuse to Either Confirm or Deny the Story—A Similar Report Arent the Spanish Minister.

WASHINGTON, March 20.—It was reported here last night that Secretary Gresham had demanded the recall of Lorin A. Thurston, the Hawaiian minister to Washington, on the ground that he was persona non grata. When Secretary Gresham's attention was called to this statement he positively refused to say one word in confirmation or denial, and other officials of the state department also ignore the matter. It is known, however, that there has been much friction between the minister and the state department in the transaction of business, dating back to Mr. Thurston's appointment as minister. Probably because he was aware of the state of feeling towards himself the minister has always been singularly guarded and discreet in his public utterances, as far as can now be recalled, so as not to subject himself to censure.

Every effort has been made officially to disguise the real state of affairs. The Hawaiian minister's name has been scrupulously included in all state communications in which the diplomatic corps plays a part, and on at least one occasion he has been tendered the honor of a special dinner by Secretary Gresham, but it is known that there have been stormy interviews between them.

Minister Thurston was seen and positively declined to discuss the report. He was at the legation office, and was busily engaged in preparing a budget of official mail to Hawaii. He said the report was of such a character that he would maintain absolute silence. He did not want this taken as an intimation of affirmation or denial. He was asked specifically if he had been recalled, and declined to answer. He was also specifically asked as to the closing of the state department against him and he made the same response.

It is recalled now that Mr. Thurston has not been seen at the department of state in person recently, although Mr. Hastings, the secretary of his legation, and the charge d'affaires during the absence of the minister, has been a frequent visitor, though not on diplomatic errands, so far as can be ascertained. While it is doubtful if Secretary Gresham has gone so far as to demand the recall of the minister, it is believed to be probable that he has at least allowed some hint to reach the Hawaiian government through our minister, Mr. Willis, to the effect that the relations between the state department and Minister Thurston were not entirely cordial, though there is good ground for the belief that the Hawaiian government has not acted as yet upon the hint.

At any rate the Hawaiian newspapers up to March 5, which reached Washington yesterday, make no mention of the reported rupture in any shape, and while it is true that the Hawaiian government may have observed secrecy as to the receipt of such a disagreeable piece of news, still it would have beyond doubt felt bound to make public an event of such importance as the recall of its principal minister.

Gossips are conjuring with another rumor that the Spanish minister's recall will be demanded because he gave an interview to the papers a few days ago criticizing Secretary Gresham. Naturally there is a commotion among the diplomats.

### Brutally Tortured by Robbers.

NEWCASTLE, Pa., March 20.—Word has reached here that five masked robbers entered the house of John McMillin, near Watts Mills, bound and gagged the hired man and three women and then waited nearly two hours for the return of McMillin. When he came home he was bound to a board and leaned head downward against the wall, while the robbers threatened him with instant death unless he revealed the hiding places of his money. McMillin had deposited \$1,000 in a bank the previous day. After burning his feet with hot coals and whipping him hammerfully the villains finally believed his story and departed. Mrs. McMillin and daughters, who were compelled to witness the torture of McMillin, are in a very serious condition from fright.

### Lord Rosebery's Ill Health.

LONDON, March 20.—The Times says it is officially informed that Lord Rosebery's convalescence is much retarded by lack of sleep. Even a change of air from London to the country has produced little effect in this respect, and he is quite unable to attend to any but the most urgent business. Editorially the Times says the gravity of the case must be apparent to every one. The official announcement that Lord Rosebery is only able to attend to the most urgent business shows the necessity of absolute rest.

### Killed His Brutal Father.

READING, Pa., March 20.—John Oswald, a farmer, aged 45 years, of Oley, this county, was killed by his 16-year-old son. Oswald came home intoxicated and started to abuse his wife, when the son interfered. The father then turned his attention to the boy. The latter seizing a heavy stick, struck his father across the forehead. The father died in ten minutes. The coroner's jury yesterday returned a verdict that "the boy only defended his mother against the assaults of his father," and the prisoner was set at liberty.

### Postal Official Arrested for Theft.

NEW YORK, March 20.—Walter W. Robinson, superintendent of letter carriers at Yonkers, has been arrested on the charge of robbing the mails. Mr. Robinson has held the position of superintendent for the last eleven years, and has always borne a good reputation. When he was searched marked bills taken from three decoy letters were found upon him.

### Bank Officials as Burglars.

BINGHAMTON, N. Y., March 20.—Tracy R. Morgan and D. L. Brownson, cashier and president of the defunct Chenango Valley bank at Broome County National bank, have been arrested on a charge of burglary in the third degree in entering the bank on the morning of Jan. 25. Morgan is ill, and could not leave his residence. Other warrants will be served.

### An Exploding Boiler Kills Six.

FOOT WORTH, Tex., March 20.—The explosion of a sawmill boiler, near Eight Mile Creek, south of Carthage, is reported to have killed six persons and maimed as many more. The explosion was distinctly heard three miles away.

## DIPLOMATIC SNARLS.

Another Controversy with Great Britain Now Imminent.

### A HARSH DEMAND ON NICARAGUA.

That Republic Must Pay \$75,000 Indemnity for the Expulsion of Mr. Hatch—Alliance Negotiations Proceeding Slowly. Colorado Lynching Controversy Settled.

MANAGUA, Nicaragua, March 19.—The British government, through its minister here, has submitted an ultimatum to Nicaragua. It demands a cash indemnity of \$75,000 to pay for the expulsion of Mr. Hatch, British consular agent at Bluefields, during the troubles there last year, and also the appointment of a commission to adjudicate the damages sustained by the persons and property of the British subjects who were expelled from the Mosquito reservation about the same time. By the terms of the ultimatum Great Britain is to name one of the commissioners and Nicaragua another, and these two are to name a third, who shall not be a citizen of the United States. A British warship is now on her way to Nicaragua to enforce these demands, which must be complied with within seven weeks from the 25th of February last.

WASHINGTON, March 19.—It is impossible to learn positively whether the state department has been fully advised officially of the severe demands made upon Nicaragua by Great Britain, as reported in the cable dispatches from Managua, but from the fact that General Barrios, who was appointed a special ambassador by the Nicaraguan government to endeavor to settle their differences with Great Britain, has been in Washington for a week it is assumed that our own government is fully posted.

It cannot be denied that this new incident, taken in connection with the hostile attitude of Great Britain towards our sister republic of Venezuela, promises to lead to trouble of a character much more serious than the little incident of the Alliance, which has caused such a commotion. The administration is evidently about to be put in a position where it must lay down a new construction of the Monroe doctrine or else abandon all concern in the future of the smaller republics of Central and South America.

In Venezuela it is alleged that the British are steadily extending their boundary line and encroaching upon Venezuelan territory, in spite of the strong protests of the Venezuelan government and the repeated urging of the United States that the question of boundary should be settled by a resort to arbitration.

As to Nicaragua, it is felt here that the terms of the British ultimatum are unduly severe. Besides, there is a rather disagreeable reflection upon American citizens in the stipulation that none shall serve on the commission to adjudicate the damages. On the whole it is more than probable that the president will feel called upon to interpose to secure at least an amelioration of the terms of the ultimatum, by an appeal to the British government, representing the great hardship that it would work to Nicaragua under her present depressed condition of her finances to prefer a demand for so large an indemnity.

### THE ALLIANCE AFFAIR.

Secretary Gresham's Demand for an Apology from Spain.

MADRID, March 16.—Minister Taylor has received a cablegram from Secretary Gresham calling attention to the firing on the American mail steamer Alliance, while displaying the Stars and Stripes. The cablegram says:

"The windward passage, where this occurred, is the natural and usual highway for vessels plying between ports of the United States and the Caribbean sea. Through it several regular lines of American mail and commercial steamers pass weekly within sight of Cape May. They are well known, and their voyage embraces no Cuban port of call. Forceful interference with them cannot be claimed as a belligerent act, whether passed within three miles of the Cuban coast or not, and can, under no circumstances, be tolerated when no state of war exists.

"This government will expect prompt disavowal of the unauthorized act and due expression of regret on the part of Spain, and it must insist that immediate and positive orders be given to Spanish naval commanders not to interfere with legitimate American commerce passing through that channel, and prohibiting all acts wantonly impeding life and property lawfully under the flag of the United States. You will communicate this to the minister of foreign affairs, and urge the importance of prompt and satisfactory response."

WASHINGTON, March 19.—An impenetrable mystery surrounds the negotiations between the state department and the Spanish government on the Alliance affair. It seems to have been determined by the officials of the state department, from the secretary down, that in the present excited state of public feeling in this country better progress can be made towards a peaceable settlement of the incident by keeping the various notes secret than by giving publicity to them before a conclusion has been reached.

The general impression here is that the Alliance incident has already passed its acute phase, and may be safely left to diplomatic adjustment in the ordinary course. The Spanish minister has in advance assured the state department that if Spain was in the wrong in the matter she would speedily and voluntarily make all proper reparation, and it is not doubted that if she has not already done so Spain will soon instruct her naval officers to abstain from stopping American ships.

### THE GRIEVANCE OF ITALY.

Minister Fava Satisfied with the Prompt Action of Colorado's Governor.

WASHINGTON, March 19.—The Italian incident is practically closed so far as it involves the relations of the United States and Italy, and instead of leaving irritation and ill feeling the affair appears to have resulted in further strengthening the friendly relations between the countries.

Ambassador Fava takes this view of the incident, and expresses his appreciation of the promptness and energy with which the federal authorities and those of Colorado sought to secure for Italians the same protection and redress that given American citizens during the mob lawlessness at Walsenburg.

On the other hand, it is a source of comment and congratulation at the state department that, at a time when foreign entanglements were pressing from all quarters, Baron Fava made no protest beyond presenting the facts as telegraphed by the Italian consul at Denver, and at the same time reassured the Italian government that the authorities here were doing everything in their power.
