

THE INCOME TAX CASES

Supreme Court Acts on the Petition for a Rehearing.

TO LISTEN TO ARGUMENTS MAY 6.

Justice Jackson will be present, and it is hoped and believed by officials of the Treasury Department that the rehearing will be granted.

WASHINGTON, April 24.—The United States supreme court, through Chief Justice Fuller, made the following order in regard to the petitions for a rehearing in the income tax question: "The consideration of the two petitions (the income tax petitions) for rehearing is reserved until Monday, May 6, when a full bench is expected, and in that event two counsel on a side will be heard at that time."

Although the order does not explicitly state, it means that argument will be heard, not on the merits of the income tax question itself, but on the question whether or not there shall be a rehearing of the suits heretofore decided. This argument, it is expected, will include the extent to which the rehearing shall go.

The course adopted by the court is a most unusual one, and gentlemen familiar with its procedure for many years can recall but one instance in which a like action has been taken, and that was in the seventies. The decision of the court to permit an oral argument on the motion for a rehearing in these cases was not arrived at until yesterday, and this action was based upon information received by the chief justice direct from Justice Jackson indicating the probability of his being able to attend upon the sitting of the court early in May.

It is understood that the decision of the court to depart from its almost unbroken custom of deciding upon the advisability of rehearings without inviting further suggestion from counsel than is contained in brief written statements is due to the appreciation which the members have of the vast importance of the income tax cases and to their desire to have it understood by the public that they are not disinterestedly placing any obstacle in the way of the fullest possible presentation of the case.

The usual practice with regard to petitions for rehearing is to grant them upon the motion of one of the members of the court who has concurred in the decision already made, but it would appear from the course taken in the present instance that none of the justices felt disposed to make such a motion, and that the arrangement now announced was hit upon as a compromise. Justice Jackson, therefore, will virtually come into the case as an umpire. In the meantime the original decision will be allowed to stand as the law, and it is understood that the full text of the chief justice's opinion will soon be given to the public.

Nothing is known as to whether or not the rehearing, if ordered, will take place at this term of court. Ordinarily the court would take a recess from May 6 to next October, but it is within its discretion to continue the term indefinitely, and it is not impossible that it may be extended in the event a rehearing is decided upon.

The news of the action of the court was received at the treasury department with much satisfaction, especially as it was announced that Justice Jackson would be present and take part in the determination of the question. This order of the court is regarded by some of the officials as almost conclusive that a reargument will be granted.

Without any positive knowledge on the subject it seems to be the general belief that Justice Jackson is predisposed in favor of the constitutionality of the law, and hence would be very likely to vote for a rehearing. A rehearing is earnestly desired by the income tax officials, as, with a full bench, there necessarily will be a full majority for or against the law, which would certainly have the effect of doing away with the vast amount of litigation now pending.

Green Goods Men Bagged.
PHILADELPHIA, April 24.—G. W. Robinson, John Braas and Samuel Wilkinson, notorious New York green goods men, were inveigled to this city by a decoy message last night, and are now locked up at police headquarters. The detectives learned that the men had been corresponding with George Hofer, of Bryn Mawr, and sent a telegram signed with his name, making an appointment. The men appeared promptly and were taken into custody. Robinson had nearly \$2,000 of green goods, made up in various packages, and a loaded revolver; Braas \$25 and two tin boxes, one filled with green goods and the other with 10,000 stamped envelopes addressed throughout the country, and Wilkinson had \$1.

Mrs. Parnell Much Worse.
HOBOKEN, N. J., April 24.—Mrs. Parnell is now in a critical condition. She had several convulsions yesterday and has grown much weaker. The convulsions continued throughout the day, and at midnight Mrs. Parnell was so much worse that the physicians in attendance despaired of her life. They said they would not be surprised if she did not live through the night. The county officials are being urged by the citizens to offer a reward for the arrest of the assailant of the aged woman, but the officials are slow in acting on the case.

Iron Furnaces Closed Down.
NEW CASTLE, Pa., April 24.—Every furnace shut down last evening. The men have asked their employers to restore the wages of a year ago, and they have given the owners twenty-four hours to determine the matter. The latter declined to take the time, but decided to close at once. The men refused to strike down the furnaces, and the clerks and owners were obliged to do the work. The old wages gave the keepers \$2.25 per day, and they now receive \$1.75.

Bank Cashier's Big Shortage.
CHARLOTTE, N. C., April 24.—James R. Holland, cashier of the Merchants and Farmers' National bank of this city, has been discovered short in his accounts to the amount of \$75,000. Bank Examiner Miller was the discoverer of Holland's shortage. The city is much excited over the trouble, but no run on the bank will occur, as it is considered perfectly solvent.

Smuggled Chinamen in Coffins.
MONTREAL, April 24.—The United States customs officers have unearthed a gang of smugglers who shipped Chinese across the border in perforated coffins from St. John, N. B., where they were kept in hiding, to Vanerboro, Me.

I. O. O. F. Data.

Many of our exchanges, in noting the recurring anniversary of Odd Fellowship in America, have about as many conflicting dates as it is possible to have. For the information of the uninformed we would say that the 75th anniversary occurs April 26, 1895. Washington lodge, No. 1, was instituted at Baltimore, Md., April 26, 1819. At that time there was but one lodge in this country with a membership of 5. In 1829 there were 31 lodges with 2,000 members. In 1839 there were 130 lodges with 9,381 members. In 1849 there were 1,727 lodges with 139,242 members. In 1859 there were 3425 lodges with 177,711 members. In 1869 there were 3,473 lodges with 268,608 members. In 1879 there were 8,980 lodges with 612,290 members. From the rapid strides being made by this order we venture the assertion that when the reports are made out in 1899 there will not be far from 1,000,000 members in the United States.

Foster's Prediction.

My last bulletin gave forecasts of the storm wave to cross the continent from the 10th to the 20th, and the next will reach the Pacific coast about the 21st, cross the western mountain country by the close of the 22d to 25th and the eastern states about the 25th. The disturbance will be of very considerable force, and while only a small portion of the country will receive rain from it, the principal rainfall of the month may be expected as it crosses the continent. The warm wave will cross the western mountain country about the 21st, the great central valley the 23d and the eastern states the 29th. The cool wave will cross the western mountain country about the 24th, great central valleys the 26th and eastern states the 28th.

Dancing no Sin.

The Allegheny Presbytery has placed itself on record as opposed to the theory that dancing is a sin. Miss Mary Ewalt, of Bakerstown Presbyterian church, was dismissed because she danced and would not promise to refrain in the future. She appealed her case to the Presbytery and was upheld, the decision being that dancing is a question of conscience. Dr. R. M. Means, of Pine Creek church, who was expelled by his pastor for signing a liquor license application, was reinstated by the Presbytery.

Two Deaths.

The funeral of Aaron Williams, at Port Matilda, last Thursday, was the most largely attended of that section. Services were held in the Baptist church at Marthas, Revs. Sarvis and Downy officiating.

The funeral of Bertha K. Thompson occurred there on the same day at 2 p. m., she died at the residence of Mr. Funk. She was aged 21 years, 9 months and 26 days.

Bucknell University.

A copy of the annual catalogue of the Bucknell University at Lewisburg, Pa., is hereby acknowledged. In comparison with former editions it is larger and printed in more artistic style. The total enrollment of students in the five departments is 285, the largest attendance known in the 'versity's history. Of this number 171 are in the College. The reality of the University consists of ten buildings and a campus of thirty acres. There is besides an endowment of working capital amounting to about four hundred thousand dollars.

Fire Brick Works.

The fire brick works of R. B. Wigton & Sons, at Phillipsburg, has been sold to a Philadelphia syndicate headed by Frank H. Wigton. A charter has been applied for and the name Cunard Coal Mining Company, the old firm's operating title, will be changed to Morrisdale Mining Company.

The robbers who broke into Captain Quigley's store at Eagleville last Tuesday failed to get much reward for their trouble as there was no money in the safe. They took very few goods.

—The ladies of the village improvement committee are taking a great deal of interest in the matter of improvements in our borough. They have some excellent schemes and only are lacking in the necessary funds to carry them out.

—St. John's Roman Catholic congregation of Johnston, Pa., has employed Beezer Brothers, architects of Altoona, to prepare plans and specifications and superintend the erection of the new church on the corner of Clinton and Locust streets. The design is to be pure Italian Renaissance. Beezer Bros. are natives of Spring township.

Picked up at Pine Grove.

And still it is cold—A good rain is needed—Two weddings last week—J. C. Gates is not any better—Our dancing salesman, Tom Gardner, spends Sunday at home. Why? Our merchants are filling up their shelves with new goods—Our library society has disbanded on account of lack of interest—C. M. Miller, a little discouraged, has now reached encouraging proportions. At present there are enrolled several of whom are preparing for teaching—Our fishermen are taking advantage of this fine weather. Every day some one may be seen standing along the banks of a mountain or rural stream, swinging the tempting fly. It is remarkable the energy and patience some men possess—Prof. J. A. Weaver and postmaster Miller, were in Bellefonte Wednesday afternoon—John Messers house on Main street is nearing completion and will be ready for occupancy ere long—The cards are out for the wedding of W. H. Knarr, the Gazette scribbler from this place, to Miss Minnie Tyson, at the home of the brides parents on April 29th.

Athletic at State College.

Manager Hoskins, of the State College Athletic club, has adopted a set of rules by which each member of the club in training must average up to a certain standard in the months of April and May or be debarred from entering any of the athletic contests. The standard for the two months named in the different events is as follows:

Event.	April.	May.
100 yard dash.....	11 sec.....	10.5 sec.
220 ".....	25.5 sec.....	24.5 sec.
440 ".....	57 sec.....	55 sec.
1/2 mile dash.....	2 min. 15 sec. 4 min. 5 sec.	
1 mile walk.....	8 min. 30 sec. 4 min.	
2 mile bicycle.....	6 min. 20 sec. 6 min.	
120 yard hurdle.....	18.5 sec.....	17.5 sec.
220 ".....	45 sec.....	43 sec.
High jump.....	4 ft. 6 in. 3 in.	
Broad jump.....	18 ft. 10 in.	
Putting shot.....	32 ft. 6 in. 33 ft. 6 in.	
Putting hammer.....	32 ft. 6 in. 30 ft. 6 in.	
Pole vault.....	5 ft. 6 in. 5 ft. 6 in.	

The members of the club who have averaged up to the above standard so far are on dashes, Thompson '96 and Conrad '95; one-half mile Kaiser '98; one mile, Teas, '97; pole vault, Thompson, '96; one mile walk, Price, '96; putting shot, Meyer, '97; lawn, 98; putting hammer, Harder, '95; running broad jump, McKibben, '96; two mile bicycle race, Greenland, '96, Eby, '96.

A Sale to Secure Title.

All the various coal operations of R. B. Wigton & Sons are advertised to be sold at sheriff's sale at Clearfield May 1. The *Raftmans' Journal* says the sale is being made at the instigation of the people who are reorganizing the business and not on account of any financial embarrassment of the former owners. Mr. Frank B. Wigton is a member of the new concern. It is rumored here that some of the new members are also members of the Cunard Steamship company.

Mileage Books Not Withdrawn.

It is announced that the Pennsylvania railroad company has decided to continue the issue of annual clerical orders and all clergy men who hold orders of this company's issue which are valid for use until March 31, will be furnished with orders good for the remainder of the year at an early date, and it will not be necessary for them to make further application. Neither have mileage books been withdrawn as was stated in a previous issue.

GERM THEORY OF DISEASE.

The Position it occupies and attention it is receiving.
The germ theory of the origin of disease is a subject which is at present attracting the attention of scientific men in all parts of the world. The chief importance of the germ theory, however, is not that it shows the origin of disease but that it points out the best means to be employed to effect a cure. The germs of disease, from whatever source they come, are lodged and developed in the blood. The blood, of course, by circulating to every part of the body, is sure to scatter disease throughout the system whenever it is impure, the weakest and most susceptible parts being the first to suffer. It is because of serofulous taints in the blood, which causes rheumatism, and it is because the blood does not supply proper nourishment to the nerves that people suffer with nervousness. The cure for all these diseases, and of many others, can only be effected by purifying the blood, and absolutely destroying all germs of disease. No intelligent person can doubt that Hood's Sarsaparilla has actually and permanently cured many thousands of cases of serofulous, rheumatism, nervousness, dyspepsia and other troubles, and as a prophylactic claim, it is all because this medicine purifies the blood. As a matter of fact, Hood's Sarsaparilla is the only reliable blood purifier that is before the public to-day and persons afflicted with impure blood or any of the great variety of ailments which it causes, will be most certain to find relief and cure in Hood's Sarsaparilla because it possesses this peculiar power to purify, enrich and vitalize the blood, and destroy the germs of disease.

New Paper to be Issued.

The publication of a new paper will be commenced at Flemington and Loganton inside of two weeks, K. G. Bottorf, will have charge of the main office, which will be located at Flemington, in the commodious rooms lately vacated by W. W. Brown & Sons. Already a large subscription list is promised, and the new journal will, unless the signs fail, prove a good success.

Heart Disease 30 Yrs!

Short Breath, Palpitation.
Mr. G. W. McKinsey, postmaster of Kokomo, Ind., and a brave ex-soldier, says: "I had been severely troubled with heart disease ever since leaving the army at the close of the late war. I was troubled with palpitation and shortness of breath. I could not sleep on my left side, and had pain around my heart. I became so ill that I was much alarmed, and fortunately my attention was called to

Spring Medicine

Is a breeze because the tonic of winter air is gone, and milder weather, increased moisture, accumulated impurities in the blood and debilitated condition of the body, open the way for that tired feeling, nervous troubles, and other ills. The skin, mucous membrane and the various organs strive in vain to relieve the impure current of life. They all welcome

Hood's Sarsaparilla

to assist Nature at this time when she most needs help, to purify the blood, tone and strengthen the laboring organs, and build up the nerves.

"A year ago last spring I had a severe attack of inflammatory rheumatism which confined me to my bed for six weeks. I was treated by physicians and finally got around and went to work but my hands and limbs remained stiff and sore and the pains were severe at times. My wife prevailed upon me to take Hood's Sarsaparilla and I have taken about three bottles and the soreness and lameness have all disappeared. T. H.
