

FLORIDA DETERMINED.

Refused to Liberate the Spanish War Vessel Infanta Isabella.

TREASURY DEPARTMENT SNUBBED

The State Health Officer Declined to Permit the Vessel to Depart Until the Law Had Been Complied With, and Spain Will Probably Lodge a Complaint.

TAMPA, Fla., May 8.—The detention of the Spanish warship Infanta Isabella for having violated the quarantine laws by passing the quarantine station at Mullet Key the previous night is evidently creating a stir.

Yesterday the collector of customs received a telegram from W. E. Curtis, acting secretary of the treasury, declaring the quarantine regulations for domestic ports waived in case of the Infanta Isabella.

This relates to vessels arriving from ports where yellow fever prevails, and unless disinfected in accordance with the regulations and not less than five days have elapsed since the disinfection, the vessel shall be detained.

When detained the officers of the Infanta said they were in a hurry, as someone wanted to reach Jacksonville. The state board, however, recognized no privilege.

WASHINGTON, May 8.—The action of the Florida state board of health officials in refusing to release the Infanta Isabella was communicated to the treasury department. Secretary Carlisle said that in view of this action there was nothing more for his department to do in the matter.

The United States having waived the provision of the quarantine regulations through which the Infanta Isabella is detained, it would not be surprising if the Spanish government took official notice of the incident and lodge a complaint with the state department.

Professor Shortridge Released. MEDIA, Pa., May 7.—The case of Professor Switich C. Shortridge was heard here yesterday on a writ of habeas corpus for his release from the Norristown insane asylum.

Fatal Explosion of Dynamite. POTTSVILLE, Pa., May 8.—By an explosion of a dynamite shot at the Albright colliery, near Llewellyn, yesterday, one man was killed and several others injured.

To Imprison a Recalcitrant Witness. SPRINGFIELD, Ill., May 8.—Lieutenant Governor Gill last night issued a warrant of commitment addressed to Sergeant-at-Arms Anderson of the state senate, and all sheriffs, directing that Frank H. Cooper, of the firm of Siegel, Cooper & Co., Chicago, be placed in jail and kept there until he signifies willingness to satisfactorily answer questions which he refused to reply to at the bar of the state senate regarding the affairs of the firm of which he is a member.

Charged With Assaulting Mrs. Parnell. CAMDEN, N. J., May 8.—James Willetts, a colored man, was arrested in Stockton yesterday on a charge of beating his wife in this city, but a more serious charge awaits him. Willetts is suspected of being the assailant of Mrs. Parnell at Bordentown. What grounds for suspicion they may have the authorities refuse to state, but the Bordentown officials have been notified. Willetts said he lived in Burlington.

Oscar Wilde Out on Bail. LONDON, May 8.—Lord Douglas of Hawick, eldest surviving son of the Marquis of Queensberry, and the Rev. Stewart D. Headlam, well known as a staunch supporter of stage dancing, appeared in the Bow street police court and became securities for Oscar Wilde. Wilde was brought from Holloway jail to the Bow street police court, when he was formally set at liberty upon the bail furnished.

Captain Howgate Released on Bail. WASHINGTON, May 8.—Captain Henry W. Howgate, who has been in jail some time awaiting trial on an indictment charging him with the embezzlement of government funds, was released on \$15,000 bail yesterday. His trial will be deferred for several weeks. His attorneys brought forward persons who furnished security aggregating over \$100,000.

A Sawmill Blown to Fragments. KOKOMO, Ind., May 8.—The boiler in the sawmill owned by John Bennett, north of here, exploded yesterday, blowing the mill to fragments. James Catt, the fireman, was instantly killed and Frank Downing, Fred Phillips and John Push badly injured.

PENNSYLVANIA LEGISLATURE.

Defeat of the Bill Creating the Office of Deputy Auditor General.

HARRISBURG, May 6.—The legislature will probably wind up its affairs the first Thursday of June. The members have become tired of the daily grind of routine work and are anxious to get away.

Chairman Marshall, of the house appropriations committee, expects to report next Thursday about forty appropriation bills for state institutions. They will aggregate about \$4,500,000, a heavy reduction over two years ago.

Nothing has yet been done by the legislature to increase the state revenues. The house ways and means committee will report tomorrow the Cochran bill taxing brewers twenty-four cents a barrel for all beer brewed or sold within the state.

It will probably be determined this week whether or not Philadelphia is to be "Lex-owed." The senate judiciary general committee is expected to take final action tomorrow evening on the Penrose resolution for a senate committee to investigate the municipal affairs of the Quaker city.

HARRISBURG, May 7.—The house held a busy session last night, the order of business being senate bills on first reading and local and special bills on second and third readings. There was no disposition on the part of the members to talk, and the bills went through with practically no opposition.

A resolution was introduced by Mr. Focht, of Union, that the house maintain that "no foreign power should be permitted to raise its flag or land its troops upon this hemisphere, and therefore expresses its disapproval and disgust with the un-American and unpatriotic course of the national administration in permitting the hoisting and floating of the British flag in and the occupation by British troops of the republic of Nicaragua."

In the senate Mr. Landis, of Lancaster, offered a resolution, which was adopted, condemning the Cleveland administration for its course with regard to the British interference in the republic of Nicaragua.

Among bills passed finally were: Repealing the restriction in the law prohibiting bank stockholders from being notaries public; to provide for the filling of vacancies in the offices of burgesses and constables; house bill to repeal the act to erect the village of Darby, Delaware county, into a borough so far as relates to the number of councilmen and their terms of office; house bill authorizing trolley companies to gather and distribute United States mails.

HARRISBURG, May 8.—The bill creating the office of deputy auditor general was killed in the house yesterday by a vote of 96 to 69. Representative Collins, of Lycoming, who had the measure in charge, changed his vote before the result was announced so as to be in position to move to reconsider should it be decided to make another effort to put the bill through. The defeat of the bill was a great surprise to Auditor General Mylin, who assumed the duties of office yesterday. He had selected Colonel John A. Glenn, of Philadelphia, for his deputy. Captain P. D. Bricker, of Jersey Shore, corporation clerk under ex-Auditor General Gregg, and ex-Revenue Collector Sam Matt Friday, of Lancaster, was to be chief clerk. The defeat of the bill means the retirement of Captain Bricker, whose place as corporation clerk will be taken by Colonel Glenn.

The Penrose bill to prohibit prize fighting and regulate glove contests was killed. Among the bills passed finally were the following: Creating a state board of undertakers in cities of the first class; prohibiting mining and manufacturing companies from conducting company stores; allowing county commissioners to elect the county solicitor and fix his salary. The senate passed twenty-four bills finally. Among the house bills passed finally were: Requiring writs on mechanics' liens to be indexed on judgment dockets; authorizing cities, boroughs and townships to appropriate money for memorial services; establishing a state board of veterinary examiners; prohibiting the sale of certain articles within one mile of a camp meeting.

ITEMS OF STATE NEWS.

ASHLAND, Pa., May 6.—Martin Boylan, aged 26 years, employed as a driver at the Monitor colliery, was caught between a mine car and props and instantly killed.

LEBANON, Pa., May 7.—Counsel for wife murderer Charles Garrett insisted that the latter's execution today should be private, and the sheriff issued a card to the public revoking over 500 passes. Garrett said that he was going straight to Heaven.

ASHLAND, Pa., May 6.—A heavy fall of coal occurred at Kinkadee colliery, instantly killing Stein Matescar. His body was covered with several tons of coal and rock, requiring an hour to move it. An explosion of gas at the same mine fatally injured John Leckow, a miner.

BLAINSVILLE, Pa., May 6.—Mary Murray, living on Maple avenue, was fatally burned in trying to start a fire with kerosene. The oil can exploded, setting the girl afire. She ran down the middle of the street, a pillar of flame. John Connor's hand was burned almost to a crisp in attempting to extinguish the fire.

HOUTSDALE, Pa., May 7.—Justice of the Peace Robert McNamara, Sr., was found dead in the attic over his office yesterday, having shot himself through the head with a pistol. He had been missing from his home since Saturday morning. Mr. McNamara had served two terms as justice, and was to have entered on his third term yesterday.

PENNSYLVANIA FOREST FIRES.

The Losses by the Conflagrations Will Reach Nearly a Million Dollars.

BRADFORD, May 7.—The losses from Sunday's fire at Glen Hazel will mount up to an enormous sum. They include a large sawmill owned by D. S. Dolliver, of Ridway, with a capacity of 80,000 feet per day, and a lumber yard owned by Elias Doery, of Williamsport, together with 10,000,000 feet of lumber. The insurance is understood to cover about half of the loss. The fire caught under the gang saw, and was discovered about 2:30 a. m. The cause is unknown, but as it followed so closely on the heels of the loss of the Weed & Co. mill a week ago it is thought by some to have been the work of an incendiary.

The New York, Lake Erie and Western lost fifteen gondolas and the Cleveland, Akron and Columbus two. The Kitter, St. Mary's and Shawmut road had about one-eighth mile of track burned. Traffic will be closed for several days. The loss of lumber, coal and freight revenue will not fall short of \$1,000,000.

The forest fires have died out, but are expected to spring up at any minute. The dry spell set in the Emery Oil company has had a man employed to follow after each train, so that in case the woods should catch fire the flames might be extinguished before getting beyond control. Yet in spite of this precaution the hill is a roaring tower of fire. It has not yet been learned how the conflagration started, but presumably from sparks from some passing engine.

The Emery Oil company has lost one oil rig and other gondolas and the Cleveland, Akron and Columbus two. The Kitter, St. Mary's and Shawmut road had about one-eighth mile of track burned. Traffic will be closed for several days. The loss of lumber, coal and freight revenue will not fall short of \$1,000,000.

FIGHT WITH STRIKERS.

Resting Police at the Illinois Steel Company's Works.

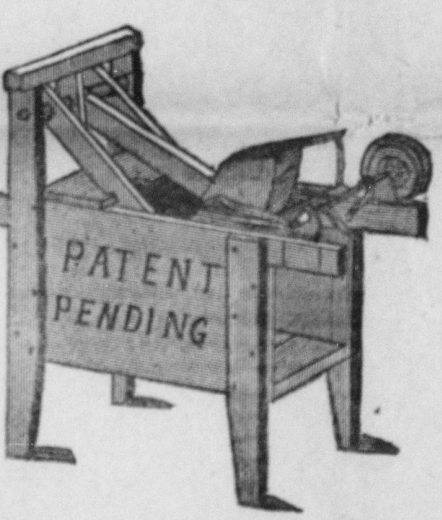

CHICAGO, May 8.—A serious strike occurred at the plant of the Illinois Steel company in South Chicago, yesterday, 1,800 men throwing down their tools and walking out. Last evening a fight occurred in the company's yards, and it was found necessary to call on the police.

The men most seriously hurt were: Jack Shepherd, a machinist, struck on the head by a hammer in the hands of a striker, severe scalp wounds, rendered unconscious; Edward Shaks, striker, thrown out of machine shop by workmen, body bruised; Officer V. Liendecker, hit with a coupling pin, had cut over right eye; Officer Patrick McCauley, hit in the mouth with a brick.

Twenty-eight men, who are said to have been leaders of the strikers at the rioting, were arrested and locked up at the South Chicago police station.

WITHOUT THE non-pull-out BOW (RING)

It is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain. This idea stopped that little game!
