

MAY'S WINTRY BLAST.

It Has Done Much Damage to Fruits and Vegetables.

NEW YORK'S GRAPE CROP RUINED.

The Damage to That Crop in the Chautauqua Belt Alone Will Reach Fully Two Million Dollars—The Damage by Frost in Other Sections.

NEW YORK, May 14.—Reports from many sections of the state indicate that Sunday night's frost did an immense amount of damage to growing vegetables, crops and fruit. Telegrams from Dunkirk, where the thermometer fell to 25 degs., state that the grape crop of the Chautauqua grape belt was ruined. Gerry Rickman, the millionaire grape grower and wine manufacturer, says the loss in the belt by reason of the destruction done to the grapes will reach at least \$2,000,000. His own loss he estimates at \$250,000. Last year the crop in this belt was valued at \$1,500,000, and by reason of new acreage coming into bearing the crop this year would have been much larger.

The Chautauqua grape belt extends through Erie county westward to Erie. It occupies a strip from five to eight miles in width along the southern shores of Lake Erie. The number of acres bearing grapes last year was 29,000. This year 35,000 acres would have been bearing. The vines were loaded down with blossom on Sunday evening, and today, from one end of the belt to the other, the vineyards are nothing but blackened ruins, and have the appearance of having been visited by fire.

Three thousand six hundred freight cars were loaded from the belt last season. The total number of baskets reached 10,800,000. To this number 3,000,000 might safely be added for increased acreage this year.

Brockton, generally known as the center of the Chautauqua grape belt, is in mourning. Nothing is raised there but grapes, and the frost cut them all down. The grape growers are demoralized.

MILWAUKEE, May 14.—The temperature fell last night, and there was another heavy frost during the night. Snow fell at Deperre, Manitowoc, Madison, Chippewa Falls, Oshkosh, Appleton, Maniwa, Wausau, Palmyra and other places in nearly every section of the state. The ground was covered to a depth of an inch in the northern section, but was light at points below Green Bay and Chippewa Falls. Everything is frozen up tight at Wausau, and there is an inch of snow on the ground. Nearly everything that grows was frozen at Viroqua, corn and vegetables being covered with a quarter of an inch of ice.

PITTSBURG, May 14.—The thermometers in and about this city marked 30 degs. yesterday. There was a very heavy frost, and in many places ice an eighth of an inch thick was formed. Most of the early garden truck and small fruits were destroyed. Nearly all the apples on low grounds are frozen. The leaves of all over western Pennsylvania, eastern Ohio and West Virginia indicate that the frost was as severe there as here.

KINGSTON, N. Y., May 14.—There was a light frost in the valley of the central Hudson, which damaged some of the fruit blossoms and young vegetables. In some sections, back from the river, ice is said to have formed a quarter of an inch thick. Some growers say that their strawberry crop will be partially ruined, and the early garden truck cut off. Much damage is already reported from the fruit district of southern Ulster. Peaches are thought to have escaped, being too far advanced.

CHICAGO, May 14.—Chicago shivered in a temperature of 40 degs. yesterday, with a heavy gale blowing off the lake. The chief of the weather bureau at this point predicted damage for fruits in Michigan and Wisconsin, where snow fell last night, with frosts in Indiana and Illinois. No reports have been received here indicating damage to wheat, and the weather bureau officials do not believe that grain of any kind will be seriously hurt by the cold wave.

CINCINNATI, May 14.—Specials from various points in Ohio indicate that the cold was greatest and the frost most damaging in the Lake Erie slope; also that below the fortieth parallel of latitude the damage was almost insignificant. In the northern half of the state between the lake slope and the fortieth parallel serious damage was done to small fruits and to vegetables, but the tree fruits were only slightly hurt.

KANSAS CITY, Mo., May 14.—Observer Connor states that very little damage was done to gardens and none at all to grain by Sunday night's frost in Kansas and Missouri. Garden truck was slightly nipped and the buds and foliage of fruit trees injured somewhat, but not seriously. The most serious damage was done Friday and Saturday nights.

GRAND RAPIDS, Mich., May 14.—The most reliable advices obtainable here indicate that so far fruit has not been materially injured in western Michigan, but great anxiety is felt for its fate after last night's storm. The mercury stands at 33 degs. in a driving snow storm from the north, which may send it down to 30 or 28 degs.

LEXINGTON, Va., May 14.—The temperature fell close to freezing Sunday night and early risers found a white frost, which was very destructive to early vegetables. Fruit growers in the Shenandoah valley fear the frost will blast the prospects of what would otherwise be the premium fruit crop of the valley for years.

CHARLESTON, W. Va., May 14.—Reports from the north of this state show damage to crops and fruit from Sunday night's frost. Along the Ohio river, in the western part of the state, corn was nipped so as to require replanting.

VALPARAISO, Ind., May 14.—The heavy storm yesterday did a great deal of damage in this county. Snow fell in the afternoon, and it was below freezing during the night. Early fruit will all be killed.

WILLIAMSPORT, Pa., May 14.—Within twenty-four hours the mercury in this section fell 45 degs. A heavy frost prevailed in the valley yesterday morning.

COLUMBIA, S. C., May 14.—Dispatches to the register state that traces of frost were seen in the Piedmont belt of the state yesterday. No damage was done.

Death of a Leading Coal Operator.

DRIFTON, Pa., May 14.—Hon. Eckley B. Cox, the most prominent individual coal operator in the state, died yesterday of pneumonia, aged 65. There is universal sorrow in Drifton among all classes. The burial will be at Drifton, according to the request of Mr. Cox. In 1891 he was elected to the state senate, serving one term, and in 1893 was chairman of the Pennsylvania delegation at the Democratic national convention.

LYON & CO'S.

GREAT SPRING OPENING

Dress goods,
Lace curtains,
Carpets,

KATZ & CO., Limited.

DR. MORITZ SALM,

WILL BE AT THE BROCKERHOFF HOUSE, BELLEFONTE, PA. on Saturdays of the following dates: Dec. 1 and 29, 1894. Jan. 26; Feb. 23; March 23; April 20; May 18; June 15; July 13; Aug. 10; Sept. 7; Oct. 5; Nov. 2 and 30; Dec. 28, 1895.

Cured by Dr. Salm after having tried 5 doctors and a wagon load of patent medicines.

For more than 8 years I was troubled with dyspepsia and intestinal indigestion. I suffer all untold agonies; only able to keep me alive and towards the last I could not keep on my feet any more. During all this time I must have taken a wagon load of different patent medicines any, tried 5 of our different doctors in this county but grew worse and worse. None of them made a correct diagnosis until I went to Dr. Salm at Tyrone. He told me at once what ailed me, and he was correct, for today I feel like a new woman.

Once more Hole and Hearty. For more than 5 years I have had a bad eye trouble, etc., miserable case of dyspepsia, felt generally very bad, became very thin and pale, and never had any appetite. But now, after only a few months' treatment with Dr. Salm, I have gained very much in flesh, my dyspepsia is cured and my eyes are as well as any ones, and I consider myself, thanks to the good doctor, once more hale and hearty.

Our daughter Agnes has been ailing with some inward trouble for over 3 years. It made her very miserable and fit for nothing. She tried to be cured by the best doctors obtainable here, but without success. That Dr. Salm made a correct diagnosis at his first visit. The spleen did not seem to be the trouble, but she is once more able to lead a helping hand. We can recommend the Doctor highly.

Cured of Deafness and Catarrh by Dr. Salm. Our son Stanley has been very hard of hearing for some years, all on account of a bad case of catarrh. We brought him to Dr. Salm for all eye operations successfully performed, treatment, and now after only four months he is almost entirely well and I am certain that he is.

He will visit this county EVERY FOUR WEEKS, thus saving his patients the trouble and expense of visiting the city, as he is the only physician and surgeon in the county who carries his own medicine, models, diagrams, etc., to illustrate and make plain to all afflicted the cause and nature of their disease. This will give his numerous patients and others who are in need of medical treatment an opportunity to consult this distinguished physician, whose duties at the Institute will permit only of monthly visits to your community.

DRY GOODS AND MILLINERY.

It may need a whole page to make the false seem true, but this small space points you to the fact that we are selling HIGH CLASS DRY GOODS for less money than others are selling shoddy stuff for.

THIS STORE KEEPS GROWING

In the confidence of everyone who has occasion to visit it.

The people come here to look and to buy and our prices and announcements are devoted to telling the news just as it is and we always try to make it FRESH, BRIEF and INTERESTING as is the store and its contents.

Remember we say it and stick to it, Lowest Prices In Town

and this low price is not alone on one article but it runs through the entire stock.

Our Banner is out to the breeze, "Quality for Quality, Price for Price."

We will do better than any other firm in the city, besides showing the largest stock of high class goods to select from.

We captured the trade on TABLE LINENS last week. They are not all sold yet. We will sell what we have left of them, and there is still a good assortment at the same prices which means fully a saving of 35 PER CENT.

A few weeks from now there will be many sorry ladies in the country—sorry because they do not have a BEAUCRETEON DRESS. We have 10 pieces of these goods which we are closing out at about ONE-HALF their real value. Don't fail to see them.

OUR MILLINERY DEPARTMENT

is blooming with the largest kind of a "B."

We desire to apologize to the very many whom we were compelled to disappoint last Saturday, but the crowd came too strong and although we had some people at work in our work room, several orders were not filled until Monday morning.

We have engaged additional help this week and there will be no more disappointments.

New shapes received every day by express.

We are doing more business in our Millinery Department than all the other millinery stores in town combined.

The finest work, artistic trimming and lowest prices make a combination that proves irresistible.
