JOSEPH SCHULTE KILLED ON FRIDAY

By an Accident, While Working at a Gas Well.

BOTH HIS LEGS WERE BROKEN

And Otherwise Injured—His Remains brought to Bellefonte for Burial—He was a very Successful well driller, and was well known over the county.

Last Saturday morning a telegram was received here saying that Mr. Joseph Schulte, of Bellefonte, had been killed in an accident in the gas regions of Greene county, Pa., where he was employed by the Carnegie company in drilling gas wells, and at which he was very successful. The Pittsburg Post on Saturday contained the following account of the accident to Mr. Schulte:

"Joseph Schulte, a driller familiarly known as 'Buckskin Joe,' was killed yesterday at a Carnegie gas well in the Bayard gas district, Greene county, in a peculiar manner. They were running the engine with gas pressure instead of steam. In some way the throttle became obstructed, it is supposed by ice. When it was opened the obstruction gave way and the whole pressure of the well, said to be 1,000 pounds, burst the cylinder of the engine. The flying pieces broke both of Schulte's legs and otherwise injured him, so that he died last night. His body was taken through this city to-day to Bellefonte, his home, for burial."

Mr. Schulte first came to Bellefonte about thirteen years ago and was employed by the Valentine Iron Co. as an engineer, and later was employed by the Electric Light Co., of this place, and also at the nail works. For some years he was superintendent of a large mine in Georgia. About twelve years ago he was married to Miss Mollie Garber, of near Bellefonte, daughter of Mr. and Mrs. Frank Garber, and have since made their home here. Mr. Schulte, however, being away most of the time on account of his work. He was an expert at drilling wells, and for some time has been working near Waynesburg, in Greene county, where he just completed two of the best gas wells in that section. Several weeks ago Mrs. Schulte went to Waynesburg to visit her husband and was having a very pleasant time. On Friday morning Mr. Schulte went to work as usual and at about eight o'clock the above stated accident occurred, horribly mangle both his legs and otherwise injuring him. He was taken to a house near by and four of the best physicians in that county were sent for. He was conscious all the time, and told the physicians if they thought it necessary they should amputate his legs, which they did. At seven o'clock in the evening his terrible suffering was ended by death; his family being at his bedside at the time. His body was brought to Bellefonte Saturday evening and was in care of C. D. Evans, superintendent of all the Carnegie wells in Greene county, who expressed much regret over the loss of one of their most trusted employees. David Schulte, a brother of the unfortunate man, also accompanied the body.

Mr. Schulte was a firm believer in the Catholic faith, always was a consistent man, a kind husband and father and one who was respected by all who knew him. In the past twelve years no less than eight relatives of the deceased have been killed in accidents. He carried considerable life insurance. The funeral occurred on Monday morning and was largely attended, the services being conducted by Father McArdele of the Catholic church. He leaves a widow and two daughters, Margie and Lydie; also an aged mother and two brothers, living at Latrobe, Pa. His age was forty-one years. The bereaved family and friends have the sympathy of the entire community.

An Enraged Deacon.

In one of the largest and richest churches of B— one Sunday the minister was very much disturbed during his prayer by the untimely shaking down of one of the large furnaces. A little later both the minister and congregation were very much startled by hearing the familiar voice of one of their most prominent godly deacons coming up the register. "Thomas," they heard, "Thomas, what in the h— do you mean by making such a racket right in the middle of the minister's prayer?"—Boston Budget.
