Fearful Collision Between Two Italian Passenger Steamers.

HUNDRED AND FIFTY-EIGHT LOST.

The Steamer Ortigia Crashes Into the Maria P. and the Latter Vessel Sank in Three

Minutes - Only Twenty-eight Persons

Survived the Disaster.

GENOA, July 22 .- The Italian steamers Ortigia and Maria P. collided of Isla del Pinto, at the entrance of the Gulf of Genoa. The latter sank and 148 passengers were drowned.

The Maria P. was bound from Naples to La Plata. There was a crew of seventeen and the passengers numbered 173. She was calling here en route to her destina tion. She was entering the Gulf of Genoa at 1.30 o'clock yesterday morning, when she met the Ortigia, outward bound. They only noticed each other when a collision was inevitable.

The blow of the Ortegia crashed into the starboard side of the Maria P., penetrating six yards, and ripping up the Maria P. like matchwood. The water rushed in through the hole, and the Maria P. sank in three minutes.

The majority of the passengers were asleep at the time of the accident, and had no time to escape after the alarm was given. They were engulfed with the vessel. The Ortigia remained on the spot until 6 o'clock in order to pick up the survivors. She rescued fourteen of the crew and twenty-eight of the passengers of the Maria P. Other steamers have been dispatched to the scene of the disaster, and are now searching for further survivors.

The Ortigia's bow was smashed for a space of twelve feet along the water line. There is some comment upon the fact brought to mind by the disaster that the Ortigia once collided on the same spot with the French steamer Uncle Joseph.

At the conclusion of the sitting of the hamber yesterday at Rome, the minister a marine announced the news of the disaster in the midst of a profound sensa-tion, adding that an officer, a seaman, a stoker and 144 passengers of the Maria P. had perished.

The Ortegia had twenty-five passengers on board. The Maria P.'s captain was mmed Ferrara.

The chamber has ordered an inquiry into the disaster.

The sky was overcast at the time of the accident, and there was little sea. Both captains were asleep. and the third officer, Hevello, was on watch on the Ortigia, and Second Officer D'Angelo was on watch on the Maria P. The Ortigia was going at the rate of eleven miles an hour and the Maris P. at the rate of eight miles. Both vesmels saw the lights of the other and continued on their proper roads till the mistake was made, it is not established by whom, which brought the Maria P. broadside towards the Ortigia. Third Officer Revello, of the Ortigia, saw the danger and ordered the engines reversed, but the order came too late.

All the boats of the Ortigia were lowared, and the crews rescued all they could of the survivors. The latter, for the most single detail of the disaster. Captain Ferrara, who was saved, said Philadelphia, arrive

was awakened by cries and shouts and a great noise. He rushed upon deck and new the Ortigia backing off, while his own whip was sinking. Seeing that all was lost he jumped into the sea, where he was picked up by the Ortigia's boat. A passenger named Balena, a jeweler, was on board with his wife and three

young children. He said that he had not turned in when the collision occurred. He seized two of the children, and his wife caught up the third, and they ran upon deck and jumped into the sea. The children weighed him down and he sank after a hard struggle. When he came to the surface his children had disappeared. His wife had managed to cling to a piece of wreckage till the Ortigia's boat saved her. They lost everything. Second Officer D'Angelo, of the Maria P.,

who was on watch on that ship when she was struck by the Ortigia, was drowned. Among the saved is a child of 8 years, seven who went down with the ill fated

A Cuban Expedition.

NEW YORK, July 24.-It is an open secret in Cuban revolutionary circles that prepmations are being made to send an expe dition to Cuba at the earliest opportunity. At the last meeting of the revolutionary porty in this city General Rafael de Que-muda publicly announced that he would manme command of the first expedition mittee. The leaders of the movement in this city decline to discuss the subject, but the Cuban patriots who are not identified with the party as leaders had all heard of to start for the islands. It is generally understood that within the past day or www a suitable vessel has been selected uni purchased. The vessel is, according to exports, an iron steamer with a power of fifteen knots an hour. Neither the name of the vessel nor the port at which she is must lying could be ascertained.

Four Killed at a Crossing.

WILLIAMSTOWN, Mass., July 22 .- Four men were instantly killed while crossing the Fitchburg railroad track, about two miles from this place yesterday afternoon. A party of six men were riding in a two saated covered carriage. They were resurning to North Adams from Bennington, and were struck by a west bound express. Two of the men, Clarence Prindle and Edward White, both of Williamstown, escaped by jumping. The killed were: Oliver Dudley, Nelson Trudeau, Peter Rocke and Joseph Tayton, all of North Adams.

Police Officers Sent to Prison.

CRICAGO, July 24.-George A. Holzer and Frederick Storms, policemen, were convicted yesterday of a conspiracy to defeat the election laws. Holzer was given four years in the penitentiary and Storms two years. The charge on which the Civic ration has been prosecuting them is that they did nothing to restrain a gang of workmen from a sower near by a polling precinct, who took possession of the golfs and kept citizens from voting.

Stambuloff's Grave Guarded.

SOFTA, July 22 .- The grave of Stambu-Loff is guarded by police, owing to threats which have been made to disinter the remins. The feeling here and in the large towns is one of disgust and dejection at the crime. Four persons, including Stamhuioff's coachman, are in prison charged with the murder.

Mr. Ballou's Protest.

WASHINGTON, July 23 .- The secretary of the treasury yesterday received from William Hosea Ballou, of New York, vice president of the American Humane assoclation, a letter protesting against the proposed bull fight at the Atlanta exposition, and asking the secretary to "use his good offices to avert a national scandal" by preventing the importation of the bulls on the ground of their being "immoral imports," and refusing admission to the toreadors. If these exhibitions are given Mr. Ballou says all persons connected therewith will be arrested and prosecuted. No action has yet been taken, but it is the opinion of some of the officials that the government will not interfere in the mat-

A Chicago Firebug's Confession.

KENOHSA, Wis., July 24.-Bernard Rose now, one of the men arrested in connec-tion with the burning of the plant of the Chicago Bedding company, has confessed that he applied the torch. According to Rosenow's statement he was to receive \$300 for the job. He said one of the men now under arrest made him the offer, but he says he only received \$50 after the job was done. Rosenow says he purchased three barrels of benzine in Chicago and took them to the works, where he buried them under a load of rags and applied the torch. An explosion followed, and Rosenow jumped through a window to save his life. He says he is now convinced that it was intended he should perish in the

building.

NEW YORK July 24 .- The city vigilance mmittee having published the statement that on last Sunday fully 50 per cent. of the saloons in this city did business free from police interference, Commissioner Roosevelt said today that the excise law was being vigorously enforced. Police Captain Westervelt, in whose district it was said the law was more openly disregarded than elsewhere in the city, said that his district was as dry as it was possible to make it last Sunday, but that he would eventually have it dries. He denied absolutely that 50 per cent. of the saloon keepers did business in the precinct last Sunday.

J. K. Page took a trip down the valey on Saturday. The heavy rains have done much damage to the corn fields. William Noll is regular in attendance at the Walnut Grove Union Sunday school. A wild animal of some sort is said to have been heard in the neighborhood recently. Communion service will be held in the Evangelical church on Sunday evening by Presiding Elder Stapleton. John Huss, formerally of this place, but now of Spring Mills, stayed with relatives over Sunday. Krape and Lee found water at Daniel Tressler's residence after drilling about one hundred fect. A somewhat noisy crowd passed through town the other evening. HARRY M. SPANGLER. Mr. Harry M. Spangler, of Eagleville, died at the home of his grandmother, Mrs. Lucinda Spangler, on Thursday last. He was born January 30th, 1879. He had been sick about five weeks with lung trouble. The funeral took place on Saturday, interment being made in the cemetery adjoining the Liberty Baptist Church, Rev. J. B. Soule officiated. MISS MAUD DRUMMEL. Miss Maud Drummel died on Monday morning last, at Julian. She was the daughter of Mr. Edward Drummel.
