

JUSTICE JACKSON DEAD.

The Sufferings of the Distinguished Southern Jurist Ended.

HIS LAST OFFICIAL APPEARANCE.

It was on the occasion of the final hearing on the Income Tax Cases, when he rendered an opinion sustaining the Legality of the Tax.

NASHVILLE, Aug. 9.—The Hon. Howell Edmunds Jackson, associate justice of the supreme court of the United States, died at his residence at West Mead, yesterday afternoon, in the 64th year of his age, of consumption.

Judge Jackson had been in falling health for the past four years, but it has been only in the past eight or ten days that the progress of the disease began to cause his family and friends uneasiness. Last year he went to the far west in search of health. Later he went to Thomasville, Ga., where it was hoped the mild and yet bracing climate would restore his one time vigorous constitution. The trip did him little good, and after a time he was brought home. At his old home Judge Jackson seemed to improve slightly until he went to Washington to sit in the second hearing of the income tax cases. He stood that trying trip only

fairly well, and after his return home appeared to lose strength rapidly. Nevertheless Judge Jackson never took to his bed until Wednesday of last week. Since that time his family and friends realized that the end was near and his death was not unexpected.

The last time Judge Jackson was in Washington was on the occasion of the hearing in the income tax cases last May. He had been absent from the city and from the bench since the preceding fall, when, soon after the convening of the October term of court, he had been compelled to come south on account of his rapidly declining health.

While in Washington on the occasion of the hearing for several days, and gave his attention assiduously to the income tax cases. He sat through the argument, which continued for three days, took part in the consultation of the court, and when the day arrived for the announcement of the decision not only listened patiently to the opinions of most of the other members of the court but delivered a vigorous opinion of his own in support of the validity of the law. This occurred on May 12th, and he returned to his home in Tennessee late in May.

Howell Edmunds Jackson was born in Paris, Tenn., April 8, 1832. Justice Jackson was a classical scholar, graduating from the West Tennessee college in 1853. He studied law two years at the University and in Jackson, under his kinsmen, Judges A. W. O. Totten and Milton Brown, graduated from the Lebanon Law school in 1856, in which year he located in Jackson and engaged in the practice of his profession; removed to Memphis in 1859, where he continued the practice of law; served on the supreme bench by appointment on two occasions, and was once a prominent candidate for supreme judge before the nominating convention. He relocated in Jackson in 1876; was elected to the state credit platform; was elected in 1880, on the state credit platform; was elected to the United States senate as a Democrat in 1881, and served in that capacity till April 12, 1889. He was appointed United States circuit judge by President Cleveland, and nominated for associate justice of the supreme court by President Harrison, being confirmed by the senate Feb. 18, 1893, and entering upon the duties of the office March 4, 1893.

Desperadoes Overawed.

ENFANEA, I. T., Aug. 14.—Five desperate outlaws, charged with having committed almost every crime in the calendar, were captured in the center of Enfana. Heavily armed and appropriately mounted, they rode boldly into town, apparently intent on making a raid, and believing that they would receive but little opposition. They were mistaken, however, for they were quickly surrounded by armed deputies. The officers dropped on them in a complete surprise, and the quintette meekly gave up their arms and submitted to arrest without making the least effort to escape. Composing the gang are Charles Wilson, Ray Defenbaugh, Jos Buck, Charlie Moore and Coy Sheehan.

Great Damage by Hall.

OWATONA, Minn., Aug. 14.—A tornado swept over Steele county last evening, doing immense damage. It centered at Belle Plaine, striking that place at 5 o'clock. Hall stones from four to six inches in circumference fell to a depth of four inches, breaking all glass fronts in the business places and all the windows in the dwellings, churches and the city hall. Horses standing on the streets were knocked senseless. The corn crop in that region is totally destroyed.

Seventeen Mexican Bandits Shot.

TUCSON, Ariz., Aug. 14.—Advices from Fronteras, Sonora, Mexico, says: Six weeks ago Colonel John Weirs, a messenger, was killed and \$5,000 taken by highwaymen in Sonora, south of Bisbee. The Mexican authorities have pursued the bandits with unrelenting vigor. Seventeen of the number captured, who were in some way connected with the affair, have been convicted and shot. One of the accused was an American.

BETHLEHEM, Pa., Aug. 13.—Sunday night's storm, while it was very heavy, did but little damage in this city. In the country, however, it is reported as having been the heaviest that has occurred this summer. Many trees were uprooted by the wind, and the heavy hail stones played havoc with the growing corn in some localities. WELLSBORO, Pa., Aug. 12.—The mystery surrounding the death, on May 17 last, of Miss Elizabeth Knapp, was partly cleared by the arrest of Miss Charlotte Dutton, alias Howell, on a warrant charging her with murder. Miss Knapp, who made her home in the family of Chauncey Howell, became suddenly ill on May 16, and died the following day. She maintained up to the last that she had been poisoned, and the coroner's jury so decided. Miss Knapp's friends employed a detective, and enough evidence was secured to warrant the arrest of Miss Dutton. It is charged that the alleged murderer was jealous of Miss Knapp. Two other mysterious deaths in the Howell family will probably be charged to Miss Dutton, who now claims she is married to Howell. One of the victims was Howell's wife.

SILVERITES ASSEMBLE.

The Meeting of the White Metal Democrats at Washington.

PREPARING FOR DECISIVE ACTION.

Arrangements Will be Perfected for Forming State Organizations and to Fight the Issue in the National Convention—Illinois and Missouri Well Represented.

WASHINGTON, Aug. 14.—The conference of Democrats on the silver question, pursuant to a call issued by Senator Harris of Tennessee, Jones of Arkansas and Turpie of Indiana, met in the parlors of the Metropolitan hotel today, and will probably continue through tomorrow.

The call for the Washington conference grew out of a meeting at Memphis, and the decision to hold it here was arrived at after a full exchange of views that it was the best place for securing co-operative action on the part of Silver Democrats throughout the country. Notwithstanding there were a number of Populists and some Republicans present at the Memphis convention, no representatives of either of these parties were invited to the conference which authorized the call.

The meeting here will have two principal purposes. The first will be to devise a plan to hold all silver Democrats in the Democratic party, and the second, to insure, if possible, a declaration for free coinage at the next national Democratic convention. To accomplish this latter purpose it is expected that an organization will be perfected in every state represented in the conference, the convention pledged to a silver platform and to a candidate of corresponding views. It is expected that men will be selected to take charge of this work in each of the states.

It is intended that the gathering shall be a mass convention, but merely a meeting of representative Democrats of the country from each state, who favor the free coinage of silver by the United States independent of other nations, and who believe that the success of the party in the future is dependent upon its assuming an aggressive policy on this line. It is expected that over a hundred delegates will be on hand after the arrival of late afternoon trains.

Illinois and Missouri are well represented. Those from the former state include Hon. W. H. Henrichsen, secretary of state and chairman of the Democratic state committee; Hon. George W. Fithian, John A. Barnes and George M. LeCron, members of the legislature; ex-Representative McNelly, C. R. Tuttle, of Chicago, and J. W. Yontis, secretary of the railroad and warehouse commission.

Missouri is represented by Hon. Webb M. Ruby of Moberly, Harry Hill of St. Louis, Joe Rickey and George Allen. Others here are Representatives Cox of Tennessee and Neill of Arkansas; Allen W. Clark, president of the state Silver League of Indiana, and Olney Newell, secretary of the state Democratic central committee of Colorado.

Used the Mail to Defraud.

CLEVELAND, Aug. 13.—E. S. Johnson and wife, colored, of East Solon, O., were brought here last night by United States marshal and lodged in jail on the charge of fraudulently using the mails. Under the name of Ida Gilchrist Mrs. Johnson, who is a black as coal and lived in a shanty, advertised a matrimonial paper for a husband, and received replies from all parts of the country, and soon succeeded in getting proposals from a number of her correspondents, but when they offered to marry her she told them she could not get hold of her money, and asked for a loan. It is said she received money from many of her distant admirers. Her husband was implicated in the swindle.

Killed for Declining a Marriage Proposal.

OAKLAND, Cal., Aug. 14.—Because Miss Jennie Lewis would not consent to marry Lewis F. Muhler he shot her through the head, and the doctors declare that death is only a few hours off. The murderer is still at large.

BUILDERS' SUPPLIES.

STONE for building purposes, furnished at our quarry or delivered in Bellefonte and vicinity, as well as loaded on the cars of the Bellefonte Central and Penna. railroads, as customers may require.

FLAG STONES, manufactured from the very best quality of Blue Stone, the strongest and most durable stones for the purpose of the various sizes and thickness, ranging from one inch to six inches in thickness or more, to meet the wants of customers for street crossings, pavements and other walks, as well as window sills, lintels, door sills, steps and ash stones, dressed to order, will be furnished on short notice for low prices, the quality of stone considered. After a thorough examination of the flag, paving and other dressed stones, which we propose to add to our already extensive line of Builders' Supplies, we can assure our patrons, that they are the best quality of stone for the purpose, ever offered for sale in this community.

BRICK for building, brick for paving sidewalks and streets, as well as fire brick of every description will be furnished on short notice. We carry a limited stock on hand at our Yard Warehouses.

SAND of the very best quality for building purposes. We make a specialty of Mt. Eagle sand for building purposes, on the principle that the best is the cheapest. We also furnish Miss Bank Sand, washed, for building purposes.

LIME for building purposes, of our own make.

CALCINED PLASTER and hair plasters' use.

PATENT WALL PLASTERS. We are agents for the sale of the Paragon Patent Wall Plaster, which has proven by actual experience to be the best wall plaster now offered for sale in this community. After testing it with water, it is ready for use.

ALUMINITE CEMENT PLASTER. This is a natural product which comes from the far west, and has the advantage of requiring two parts of sand to one of cement; it is easily mixed and makes an excellent wall plaster for less money than the average patent wall plasters cost.

The advantages in the use of these plasters is that they can be put on the wall immediately after mixing—the old mortar of lime and sand, after mixing, requires from four to six weeks in the mortar bed "to season" before using; if put on sooner, it does not make a good job—hence the advantage of the patent wall plasters for immediate use.

HYDRAULIC CEMENTS. We sell the Cumberland and Potomac, one of the very best standard cements produced in this country; also the Hoffman Brand of the Rosendale Cements, which has the highest reputation for good quality. We also keep a small stock of English Portland Cement for special use, which comes to us highly recommended as of the best quality. With these facts in the mind, and the patronage of those in want, with the full confidence that we furnish the best articles for the least money. A share of public patronage is solicited.
