**GOOD SCHOOLS:**—The schools of this town are advancing under the principalship of Profs. Hosterman, Lambert and Smull. The sub-teachers seem to work in harmony with Prof. Hosterman, who has the overseeing in his hands. This town has for some years past felt the need of a thorough disciplinarian, which we now have in our present professor. Why not then hold him? In a few years our schools will again be up to the standard they were when Prof. Gramley had charge of them.

Our County Superintendent's work visiting schools, will now again begin. We know that every teacher in the county will be glad to see his smiling face, and take hold of that powerful hand. He has done good work, and is deserving of the next term of three years.

You may go around the foreigners houses and see what condition the kegs are kept in. It certainly would turn a person's desire for it. You will find kegs lying around in mud holes and almost any filthy place, then gathered up and used. Please take advice from one who knows.
