# ...THE... GLOBE

DRY GOODS AND MILLINERY

We have hundreds of lots cleaned up at sacrifice prices. It is no wonder we make our competition stare and wonder how we sell so cheap.

Thousands of incomparable values to feast your eyes upon. A harvest for economic housekeepers. Bought from closest possible sources.

## NOW READY--The largest and best selected FALL STOCK ever placed before the people of Bellefonte and Centre county.

We buy for spot cash and sell for cash; that's the whole secret of it; we make no bad debts. It took us but six short months to take the lead in the dry goods trade in Bellefonte. We propose to keep this lead.

We will sell you goods for less money than any other store; when you see our goods and hear our prices it will take you only one minute to decide. It makes our competitors hot under the collar to see us doing the phenomenal business we have done since the opening of our store. But we have a way of getting onto bargains; no lot is too big for us, provided the price is low enough. A small profit satisfies us, and we then let them out at such low prices as to astonish them and at the same time wonder how we can sell so cheaply.

We want to say a few words to you about LADIES' and MISSES' CLOAKS. We have the largest and best assortment ever shown here; in fact we can show three cloaks to every one shown in any other store. We have started out to do the cloak business of Bellefonte this season, and if prices will do it our success is assured in advance. We have the stock to do it with, and the well known "low prices of The Globe store" will rule—all we ask of you is to look at our goods and hear our prices.

OUR "MILLINERY DEPARTMENT" is located immediately in rear of our cloak room. No charge for trimming hats.

We will give you an honest dollar's worth of goods for every dollar you leave with us, and very often give you more than a dollar's worth.

We are still selling "FIBRE CHAMMOIS" for 25c. a yard.
