# MARYLAND REPUBLICAN

## The State Gives Lowndes a Majority of Twenty Thousand.

## NEW YORK ALSO GOES REPUBLICAN

## The Majority in the Empire State Fully Fifty Thousand-Griggs Elected in New Jersey by a Majority of Over Seventeen Thousand.

BALTIMORE, Nov. 6 .- Returns from both the city and state are slow in coming to hand, and up to midnight, not a single county in the state, not a ward in the city has been completely counted.

There are enough returns, however, to indicate that there has been a landslide in Maryland, and that the Democratic ticket is underneath it by majorities ranging from 6,000 upward. There seems to be no room for doubt that the Republicans have elected their entire state and city tickets, and that they will have a working majority in the next legislature, which will choose a successor to United States Senavtor Gibson.

Even Howard county, the home of Senator Gorman, has apparently reversed its normal Democratic majority of 500 and gives Lowndes, rep., for governor a major-

ity of at least that number of votes. Baltimore city goes for the Republican ticket, both state and municipal, by majorities ranging from 6,000 to 8,000, and both branches of the city councils will probably be Republican for the first time in many years. In fact, there is not a leg left for the Democratic party to stand on in what has long been considered one of the safest Democratic states in the union.

Telegrams from the chairmen of the county committees to the Associated Press indicate that Washington county has gone for Lowndes by 1,200 votes, a Republican gain of 900; that Caroline county will give him a majority of 50, a Republican gain of more than 500; that Allegany county, the home of the Republican candidate, gives him 1,500, a Republican gain of 650. Thus it is in all parts of the state, and not even the most sanguine of Democrats claims to have carried anything worth carrying.

The Sun estimates that Lowndes has carried the city by 10,000 and the state by 20,000. In the city Hurst carried but four wards-the Second, Fourth, Eighth and

# THE MAJORITY IN NEW YORK.

## Republicans Carry the State by 50,000, and Retain the Legislature.

NEW YORK, Nov. 6 .- New York state has been carried by the Republicans by pluralities ranging from 48,000 to 55,000, compared with a plurality of 24,484 for the head of the ticket two years ago. Returns from more than one-half of the election districts outside of the cities of New York and Brooklyn, or "above the Harlem," show a net Republican gain of 12,803 compared with the vote of two years ago. Maintaining the same average, the gains will reach 23,000 outside of greater New York. In the two cities below the Harlem the Democratic plurality of 60,343 two years ago has been reduced about 12,000, giving the state to the head of the Republican ticket by 50,000 plurality, in round numbers.

In 1893 Palmer, rep., for secretary of state, had a plurality of 84,827 in New York state above the Harlem river, while Meyer, dem., had a plurality in New York and Kings counties of 60,343, giving the Repuplican candidate a plurality of 24,484 on the total state vote.

This year Palmer, rep., for secretary of state, has carried the state above the Harlem, based upon returns from 1,795 election districts out of a total of 3,383, or more than one-half of the outside election districts, by probably 100,000 plurality, King, dom., has carried New York and by a plurality of nearly 50,000, giving the head of the Republican ticket a safe plurality of 50,000 in the state at large. The two branches of the legislature remain as before under the direction of the Republicans. The election throughout the state was orderly and rapidly con-200 ducted, and the results were quickly compiled. All the talk about the difficulty of handling the blanket ballot went for naught. So far as the success or failure of the blanket ballot was concerned the advices from all over the state show that there was little or no trouble, and that the ballot was so much of a success that the vote was polled quicker than ever before. In this city the fight against Tammany was futile, that organization electing its full ticket by about 20,000 majority, though the Republicans gain several senators and representatives. The Brooklyn city ticket is in doubt with the latest returns favoring the Republicans. Brooklyn has gone Demo cratic on the state ticket by about 6,000. Ex-Inspector Williams, candidate for the legislature in the Twelfth district, concedes the election of his Democratic opponent. Patrick Gleason has been relected mayor of Long Island City by a

Erie, while his opponent had lost. The only way in which there could be said to be a Democratic gain towards normality in the votes was induced by the gain from New York city, where Tammany had made a meagre sort of record by obtaining a plurality in New York.

The Socialists polled more than 9,000, which makes them the third party in this city. Dr. Parkhurst says that he is not dis-

couraged at the result, that a great lesson has been learned, and that the committee of fifty should never have gone into a fusion movement, although it took what its members thought was the best course.

The Republican chairman, Lauterbach, says the lesson of the day is that there will be no more fusion. "Fusion is forever dead." he said, and polilical politicians of every faction echo his declaration.

DEMOCRATS CARRY KENTUCKY. But the Majority for Their Candidate Is

Very Small. LOUISVILLE, Nov. 6 .- On both sides the leaders are claiming the victory in this city, the Democrats by a small majority

and the Republicans by a majority ranging up to 8,000. It seems that the citizens' ticket did not cut much of a figure, and the old parties will get in by nearly the average vote. The anti-election claim that Hardin would be scratched because of his attitude on the money question has failed to materialize. Scattering returns show that Hardin got the party vote, and is elected by a good majority.

At the Republican headquarters things are about the same. Congressman Hun-ter, chairman of the state committee, was favorably impressed with the returns from the interior. He said that a continuation of these reports would indicate the election of Hardin by a small majority. The Democratic majority four years ago was 28,000.

In another talk Chairman Gorman refused to reiterate his claim that Hardin's majority would reach 15,000. The city Republicans are claiming that they have won all the municipal offices, except two or three school trustees, and that the city and county will give Bradley a majority of 6,000 to 8,000.

In Lexington, the polls closed at 4 o'clock without the full vote polled in the city, both sides claiming the victory, though it is safe to say that the Democrats won. In Fayette county and Lexington Hardin will pull through with a small plurality. The women's ticket for the board of education, on which are four ladies, has probably beaten the Democratic ticket, composed of men, by 300.

Returns up to midnight from 95 counties and towns, mostly incomplete, give Hardin, 32,155; Bradley, 28,535. Hardin's majority, 3,619.

#### Democrats Concede Nebraska.

DES MOINES, Nov. 6 .- The Republicans claim the state by 66,000, while the Democrats concede 33,000, which was Jackson's plurality two years ago. The final figures will probably place it nearer the former than the latter. Present indications are that it cannot go below 60,000, as tabulated precincts show an average gain over two years ago of about 16. The total vote cast will be about 27,000 less than two years ago, and about 33,000 less than last year. Most of these losses are Democratic. The Populists make some gains, mostly from the Democrats. The Prohibitionists did not poll as large a vote as they did two years ago. All these figures are liable to change, as the precincts not yet reported are liable to show important changes. On the legislature few returns have been received. The Republican committee estimates the house at 74 Republicans and

Her Titled Lover.

NEW YOBE, Nov. 5.-At high noon to day Miss Consuelo Vanderbilt, daughter of Mr. and Mrs. William K. Vanderbilt, was created a duchess of England by her marriage to the young Duke of Marlborough. The ceremony took place at St. Thomas' Episcopal church, and was per-formed by Bishop Littlejohn, who christ-

ened and confirmed the bride, while Rev. Henry Potter, bishop of New York, pronounced the benediction. The streets in the immediate vicinity of the church were crowded with sightseers, but the police arrangements were so perfect that the guests were in no way interfered with. The bridesmaids were eight of New York's handsomest girls. These are Miss Marie Winthrop, daughter of Mr. Buch-

### NEW JERSEY REPUBLICAN.

A Democratic Chairman Admits the Election of Griggs.

TRENTON, Nov. 6 .- It is a difficult matter to even forecast the result of the election in New Jersey. for the reason that official figures are not to be had, and also for the reason that Essex county is conceded to be the pivotal point in the absence of trustworthy figures. Both sides claim to have carried the county, the Democrats claiming a majority of 1,000 and the Republicans a majority of 5,000.

The chairman of the state Republican committee claims to have figures from twenty-one counties of the state which gives Griggs 15,000 plurality. On the other hand, Edward F. C. Young, chairman of the Democratic state committee,

#### JOHN W. GRIGGS.

claims the state for McGill from 5,000 to 10,000 plurality. It is certain, however, that the Republicans have elected four of the seven senators. This not material, as the senate will still be Republican, even though the Democrats were to elect all SEVEL.

There has been an altogether unlooked for slump on both sides of the fight for assembly, thus leaving the complexion of the next lower branch of the legislature atill in doubt.

The legislature now stands: Senate-Republicans, 5; Democrats, 1; in doubt, 1. Assembly-Republicans, 40: Democrats, 12: in doubt, 7

Griggs' pluralities by counties are as follows: Atlantic, 500; Bergen, 1,000; Burlington, 500; Camden, 6,155; Cape May, 3,800; Cumberland, 547; Essex, 5,000; Gloucester, 1,100; Mercer, 2,587; Middlemex, 582; Monmouth, 400; Morris, 1,900; Ocean, 1,257; Passaic, 2,400; Salem, 200;

large majority after a unique campaign. For congress, in the Tenth district 45 election districts out of 151 give Greacen, rep., 2,936; Cummings, Tammany, 4,219; Browne, S. dem., 179. Cummings' election is conceded.

The election of Amos Cummings, dem., to congress from the Tenth district, is conceded by the Republicans. Last year the district went Republican by a small margin. Cummings' plurality is estimated at 4,000.

In counties where the Democrats had expected to gain, except Albany, the gain was not apparent and the whole support of the Democratic state ticket seemed to fall upon New York and Kings county. In Kings county the surprise was great. It was the home county of the Democratic nominee for secretary of state, and yet it had not polled the vote that it was supposed it would, indeed it fell far behind. Even Albany county did not come up to the record it was supposed to make. The result, taken at its best, was a well told victory for Republicanism so far as state issues went.

In the municipalities the Democracy won. Tammany is in control of New York city, the Cleveland element in control in Albany and Republicans dominant in all other parts of the state. This gives a result that is not satisfactory to either party. The state majorities for all Republican candidates are in excess of any figures thought of by leaders of any party.

David B. Hill will not go back to the enate at Washington unless the Democrats should elect a big enough majority in the assembly next year to overcome the Republican majority in the state senate on joint ballot.

In New York city the Good Government organization will not be entitled to print its candidates on the regular ballots next year, if it has a ticket in the field, as it did

not poll the 1 per cent. of all votes cast necessary under the law for a place. As the the returns from the counties some in all predictions of Republican

losses and gains were noted. Palmer, for secretary of state, whose plurality it was alleged would be greatly cut in all northern counties, showed a gain over his vote of 1993 in almost every county. He had zained except in New York, Kings and | srats.

26 Democrats, and the senate 42 Republicans and 8 Democrats. This gives Senator Allison 116 out of 150 votes on joint ballot next winter when he comes up for re-election.

#### Apathy in Virginia.

RICHMOND, Nov. 6 .- The election yesterday closed one of the most apathetic campaigns known in Virginia for many years. The election was for half of the senate (20), and the whole membership of the house of delegates (100). In many counties the Republicans combined with the Populists and other anti-Democratic elements, and made the issue on a cry of fair elec tions. Long before his death General Ma hone advocated this issue, and at a conference held in Petersburg last May there was adopted a so called fair election bill. which it was proposed should be made the issue in this campaign. The detailed returns, so far as received, show that the new senate will contain thirty-four Democrats and six anti-Democrats, and the house about eighty Democrats and twenty anti-Democrats.

#### Republicans Win in Kansas.

KANSAS CITY, Nov. 6 .- Returns up to midnight indicate that the Republicans have carried a majority of their county tickets in the state by pluralities of 700 to 800, and that David Martin, Republican candidate for chief justice of the supreme court, is elected by a handsome majority. In many instances Martin ran ahead of his ticket. Charles K. Holliday, Jr., however, made a better showing than was generally anticipated for him. Republicans carry Wyandotte, Butler, Cherokee, Montgomery, Reno and Johnston counties, but as a rule losses are shown over last year's elections.

## Mississippi Populists Snowed Under.

JACKSON, Nov. 6 .- The weather yesterday throughout the state was clear and warm, but the indications are that not more than half the registered vote was polled. From reports received up to this hour it is estimated the Democratic majority will be from 35,000 to 50,000, The Populists did not receive 15 per cent. of the total vote cast. In this city 349 votes were polled, being less than half the registered votes. Burkett, the Populist candidate for governor, got 14 of this number, and the remainder went to McLaurin, the Democratic candidate.

## Iowa's Big Populist Vote.

DES MOINES, Nov. 6 .- The Republican gains over two years ago run nearly 24 to a precinct. This will give Drake, rep., for governor, a plurality of over 80,000 if the present rate of gain is continued. The Republican state central committee claims the state by 89,000 or over. The committee claims the legislature by two-thirds ma-jority. The present indications are that the Populists will make large gains all over the state, making their total vote, perhaps, 50,000, the largest over polled in the state.

#### Mayor Pingree Re-elected.

DETROIT, Nov. 6 .- Mayor Pingree is elected for his fourth term by upward of 10,000 plurality over Goldwater, dem. His majority is over 5,000 greater than two years ago. The Republican city ticket is elected and the common council will contain three more Republican aldermon than last year. Of sixteen aldermen chosen but three or four are Demo-

the most remarkable criminal America has ever produced, must die on the gallows for the murder of his fellow swin dler, Benjamin F. Pitezel. When the verdict which consigned Holmes to the gallows was rendered the prisoner seemed to be the most unconcerned man in the room. He contemplated Foreman Hertel, of the jury, as if he were wondering how tall he was or what was the color of his eyes. He was absolutely unmoved. On the way to the jail he remarked to his keepers: "Well, the jury has more to regret than I have in this verdict. I knew what it was the moment I saw little Hertel's face. He could not look at me; his hand was trent bling as he stood up. Look at mine Does it tremble?" Holmes held out his right hand. It did not waver. It was

firm. SAN FRANCISCO, Nov. 2 .- Theodore Durrant, assistant superintendent of Emanuel Baptist church Sunday school, was yesterday afternoon convicted of the murder of Blanche Lamont, for which he has been on trial since July 22 last. The jury was out twenty minutes, and arrived at the verdict on the first ballot. As there was no recommendation of mercy the punish-ment was fixed at death. The verdict was loudly cheered. Mrs. Durrant broke into a violent paroxysm of emotion, and the prisoner threw his arms about her neck and soothed her. Durrant recovered his old time composure as soon as he left his mother, and he left the court room twirling his mustache with as little concern as

NEW YORK, Nov. 6 .- A fire started last night in Keeps' shirt factory, at Broadway and Bleecker streets, which extended to Crosby street, and is estimated to have done a damage of \$1,000,000. The comparatively new building of the Manhattan Savings institution was destroyed. Two other buildings were destroyed and others damaged by fire and water. The firemen had several narrow escapes from being crushed beneath falling walls or burned to death. Chief Reilly and twelve men were at work on the sixth story where their escape was cut off. They cut a hole through to the wall to the adjoining building. One firemen was carried off uncons Twenty-five firemen were seriously hurt.
