Mr. Corman is a resident of Benner township and at present he is living at the home of Mr. John P. Ishler. Owing to a deformed limb, he has been a cripple since a child and is only able to move about by the use of crutches. Unable to do any manual labor and without a duct at enhanced value. This he charhome, the officials of Benner Twp. have kindly looked after his welfare. When the prize was offered Mr. John Ishler conceived the idea that Mr. Corman was the most deserving man and soon enlisted the co-operation especially of citizens in Benner, Spring and Walker townships. So eager was Mr. Corman to get an opportunity to attend the Lock Haven Normal that he traveled over many sections of Centre county and wrote many letters to subscribers of the paper, to send in their coupons for him. His object was, that by attending this institution he could fit himself for teaching school and thus be self-supporting in the future-a very commennable motive indeed and one so often lacking in more pretentious young men of sound body and limb-who grow up as loafers and dependents upon their parents. We know that the young man highly appreciates the kindly interest shown in his behalf by the readers of the Centre Democrat, for all of which he is exceedingly thankful and will use his best endeavors to profit from the opportunity thus afforded him.

On Monday morning Mr. Corman called at this office and was presented with the proper credentials from Judges Hunter and Runkle, certifying to his vote, also a certificate from the proprietor of the paper which when presented his head. The place where the body to James Eldon, Principal of the Lock Haven Normal, will secure all the priviledges promised.

A Lycoming county farmer, blessed by the possession of broad acres and fat cattle and fatter cash account, had given his five sons-more precious than all else beside-that the Union might be preserved. His name was Rankin. His wife was dead and his boys were his only solace. But when war against his country was was declared he felt as did Volumnia, the mother of Coriolanus, when she said: "Had I a dozen sons, each in my love alike, I had rather have eleven die nobly for their country than voluptuously surfeit out of action." So the Rankin boys went to confront grimvisaged war.
