

TURKISH ATROCITIES

The Ottoman Empire Should be Wiped from the Earth.

Massacres of Christians in Turkey Many Times Worse Than Reported—Assassins Rewarded by the Sultan for Murdering the Followers of Christ.

Rev. Dr. Talmage tells the story of the Armenian massacres in his most recent sermon and urges the liberal nations of the earth to wipe out Turkey, that foul blot on civilization.

In Bible geography this is the first time that Armenia appears, called then by the same name as now. Armenia is chiefly a tableland, 7,000 feet above the level of the sea, and on one of its peaks Noah's ark landed, with its human family and fauna that were to fill the earth.

Who are these American and English and Scotch missionaries who are being hounded among the mountains of Armenia by the Mohammedans? The noblest men and women this side of Heaven.

The life of an Armenian in the presence of those who make that prayer is of no more value than the life of a summer insect. The sultan of Turkey sits on a throne impersonating that brigandage and assassination.

In the presence of the warships at the mouth of the Dardanelles, she has promised the civilized nations of the earth that she would stop her butcheries, and the international and hemispheric farce has been enacted of believing what she says, when all the past ought to persuade us that she is only pausing in her atrocities to put nations off the track and then resume the work of death.

In 1829 the then sultan promised protection of life and property without reference to religion, and the promise was broken. In 1844, at the demand of an English minister plenipotentiary, the sultan declared, after the public execution of an Armenian of Constantinople, that no such death penalty should again be inflicted, and the promise was broken.

In 1878, at the memorable treaty of Berlin, Turkey promised religious liberty to all her subjects in every part of the Ottoman empire, and the promise was broken.

Why, after all the national and continental and hemispheric lying on the part of the Turkish government, do not the warships of Europe ride up as close as possible to the palaces of Constantinople and blow that accursed government to atoms?

They are taxed heavily for the mere privilege of living, and the tax is called "the humiliation tax." They are compelled to give three days' entertainment to any Mohammedan tramp who may be passing that way.

would not be strong enough to overthrow the perjury of one Mohammedan. A professor was condemned to death for translating the English Book of Common Prayer into Turkish.

The story is not half told, or a hundredth part told, or a thousandth part told. None but God and our suffering brothers and sisters in that far-off land know the whole story, and it will not be known until, in the coronations of Heaven, Christ shall lift to a special throne of glory these heroes and heroines, saying: "These are they who came out of great tribulation and had their robes washed and made white in the blood of the Lamb!"

Then lead on, O Red Cross! and let Clara Barton carry it! The Turkish government is bound to protect her, and the chariots of God are 20,000, and their charioteers are angels of deliverance, and they would all ride down at once to roll over and trample under the hoofs of their white horses any of their assailants.

But there is a doctrine as much higher than the Monroe doctrine as the heavens are higher than the earth, and that is the doctrine of humanitarianism and sympathy and Christian helpfulness, which one cold December midnight, with loud and multitudinous chant, awakened the shepherds.

We all recognize the right on a small scale. If going down the road we find a ruffian mistreating a child, or a human brute insulting a woman, we take a hand in the contest if we are not cowards, and though we be slight in personal presence, because of our indignation we come to weigh about 20 tons, and the harder we punish the villain the louder our conscience applauds us.

That poor, weak, cowardly sultan, whom I saw a few years ago ride to his mosque for worship guarded by 7,000 armed men, many of them mounted on prancing chargers, will hear of these sympathetic meetings for the Armenians, if not through American reporters then through some of his 250 wives. What do you think of that?

But what is the duty of the hour? Sympathy, deep, wide, tremendous, immediate! A religious paper, the Christian Herald, of New York, has led the way with munificent contributions collected from its subscribers.

Now where is that angel of mercy, Clara Barton, who appeared on the battlefields of Fredericksburg, Antietam, Falmouth and Cedar Mountain, and under the blaze of French and German guns at Metz and Paris, and in Johnston's floods, and Charleston earthquake, and Michigan fires, and Russian famine?

It has been said that if we go over there to interfere on another continent that will imply the right of other nations to interfere with affairs on this continent, and so the Monroe doctrine is jeopardized.

Railroads, as customers may require. FLAG STONES, manufactured from the very best quality of Blue Stone, the strongest and most durable stones for the purpose of the various sizes and thickness, ranging from one inch to six inches in thickness or more, to meet the wants of customers for street crossings, pavements and other walks, as well as window sills, lintels, door sills, steps and curb stones, dressed to order, will be furnished at short notice for low prices, the quality of stone guaranteed. After a thorough examination of the flag, paving and other dressed stones, which we propose to add to our already extensive line of Builders' Supplies, we can assure our patrons, that they are the best quality of stone for the purpose, ever offered for sale in this community. BRICK for building, brick for paving sidewalks and streets, as well as the brick of every description will be furnished on short notice. We carry a limited stock on hand at our Yard Warehouses. SAND of the very best quality for building purposes. We make a specialty of Mt. Eagle sand for building purposes, on the principle that the best is the cheapest. We also furnish Mine Bank Sand, washed, for building purposes. LIME for building purposes, of our own make. CALCINED PLASTER and hair for plaster's use. PATENT WALL PLASTER. We are agents for the sale of the Paragon Patent Wall Plaster, which has been proven by actual experience to be the best wall plaster now offered for sale in this community. After mixing it with water, it is ready for use. ALUMINITE CEMENT PLASTER. This is a natural product which comes from the far west, and has the advantage of requiring two parts of sand to one of cement; it is easily mixed and makes an excellent wall plaster for less money than the average patent wall plaster cost. The advantages in the use of these plasters is that they can be put on the wall immediately after mixing—the old mortar of lime and sand, after mixing, requires from four to six weeks to set. Plaster "no season" before using; if put on sooner, it does not make a good job—hence the advantage of the patent wall plaster for immediate use. HYDRAULIC CEMENTS. We sell the Cumberland, which is one of the very best standard cements produced in this country; also the Hoffman Brand of the Rosendale Cements, which has the highest reputation for good quality. We also keep a small stock of English Portland Cement for special use, which comes from the best of the best quality. With these facts in our favor, we invite the patronage of those who want, with the full confidence that we furnish the best articles for the least money, a share of public patronage is solicited.
