## THREE SCORE PERISHED

Terrific Explosion in the Vulcan Mine at Newcastle, Colo,

ALL AVENUES OF ESCAPE OUT OFF.

The Explosion Came Without a Moment's Warning, and There Is Not a Ray of Hope for the Men Who Are Entombed. Trying to Reach the Bodies.

NEWCASTLE, Colo., Feb. 19.-With a report that shook Elk mountain to its base the Vulcan mine went up in smoke yesterday, and at least three score were sacrificed. All the men were at work, and a full head of energy was visible in the vicinity of this mine. Not a sound of warning was emitted from the depths of the earth where about sixty men were employed in their dangerous calling, though the number of victims cannot just now be accurately stated.

No warning was given the peaceful villagers until a sudden report as from a hundred cannon resounded throughout the valley. A throng of people was soon at the scene of disaster, a distance of nearly two miles from Newcastle. A glance was enough to dissipate any hope for the lives of the entombed men. The force of the explosion had caused a cave in, and the tunnel and air courses were filled with the fallen rock, earth and timbers. Both fan houses were wrecked, and the slope and vicinity were so full of debris and the gas was so bad that it was hard and dangerous work to begin the rescue.

Nevertheless willing hands were soon at work and five men went down as far as possible to ascertain the condition of the slope, and found it such that it will require much work to regain the laborers. The gas was so bad that after the party had gotten 200 feet they were compelled to recede. The Consolidated mine shut down immediately on hearing of the disaster, and sent their entire force of 150 men to help the unfortunate ones.

The construction of a temporary fan house was commenced at once, and the work of pumping fresh air into the mine soon begun. It is hardly possible that any of the miners are will alive, but the starting of the fans was made as soon as possible in the hope that if any survived they may be kept alive till help reaches them.

The only man who got out of the mines at the time of the explosion was Edward Welch, who was near the mouth of the tunnel and was blown out, his skull frac tured, arm broken, face, badly cut and burned and all, the hair burned from his head. He was breathing when found, but expired shortly after without showing Two young miners, Tom Connelly and James Petrie, met with narrow escapes. Their eyes becoming sore, they quit work in the mines, and had just emerged from the tunnel when the explo sion occurred.

There are two shafts in addition to the one in which the explosion took place. In the upper of these two the rescuers are in about 300 feet, and it is thought air can be forced into some of the rooms, but none of those in the mine have come out, and it is feared that this is conclusive evidence that all are dead.

Following is a list of the victims as far as known at this writing, though the list will be largely increased; William Hagerty, Joseph Dorr, Abel Dorr, Will Dorr, James Harrison, Thomas Lawigan, George Ward, Edward Welch, John Funke and 13-year-old son Emil, Charles Merchant, Tom Addison, Louis Ginotti, Fred Rodan ski, Peter Patricio, Dan Morris, Gabriel Leece, Frank Tossio, Baptiste Chowchett, Dominic Matterno, August Matteve, John Scalfe, Alex Scalfe, Philip Rache, Peter Becker, Fred Sigimaul, Antonio Patricio, John Coughlin, William Webb, Sam Jones. ### Russia's Advance in Korea.

LONDON, Feb. 17 .- The Times prints a dispatch from Kobe, Japan, which says: News from Seoul, Korea, proves that Russia made a remarkable coup on the night of Feb. 10. On that night 200 Russian marines, with a field gun, were loaded at Chemulpo and marched to Seoul. The king secretly left the palace for the Russian legation, whence he proclaimed his ministers guilty of treason. Two of the ministers were arrested and executed and the others fled. The tai-won-kun (the father of the king) is a prisoner at the legation. An anti-Japanese ministry was then formed. A bitter feeling has been aroused in Japan. It is believed this preludes a Russian protectorate over Korea.

Glassworkers Organizing for Defense. PITISBURG, Feb. 19 .- A defense alliance was formed here yesterday for the flint. the bottle and the window glass workers' unions, which is expected to have a decided influence upon their future existence. The unions will at once set about organizing vigorously, and expect soon to have all skilled workers in the glass trades under their banner. It is not announced what the limit will be, but it is understood from a reliable source that it will not be less than \$2,000,000.

# A HOLOCAUST AT TROY.

Terrible Results of a Working Boy's Carelessness.

THREE WOMEN DASHED TO DEATH.

Fearful Scenes of Panic Among Working Women in a Big Shirt Waist Factory. Miraculous Escape of Nearly All Those Employed in the Building.

TROY, N. Y., Feb. 18.-A small boy carelessly throwing a match into a pile of oily waste, a blazing mass of flames, 350 women and girls crazed with fright, fighting for their lives as the flames chased them with hungry tongues, was the beginning of a fire last night that consumed thousands of dollars' worth of property and caused the destruction of three lives. From the outside of the high building the first notice of impending disaster was the sight of a body of girls as they rushed out upon the fire escapes from the windows or crowded out the entrance.

Following them came a mass of smoke, with flashes of hot flame in lurid streaks. Then the mass of frenzied humanity, finding the egress too small for instant escape, began climbing over the sides of the escapes, and bundles of clothing filled with writhing humanity dropped at the feet of horrified passers by. Within twenty minutes after the fire started there were three dead women laid upon the floor of an adjoining store and fifteen burned and maimed girls and women taken to the hospital or to their homes.

It was just thirty minutes before closing hour in Stettheimers & Co.'s shirt waist factory, on River street, and the 350 girls and women were working rapidly to finish up. In the cutting room on the fifth floor the 150 girls were closing up their day's assignments and preparing to

leave when the whistle blew. Lilly Kreiger, who was working near a machine, called to a small boy to light the gas over her work. The boy struck a match and threw the burning stub to the floor. It struck a pile of oily rags, and in an instant the girl was enveloped in flames. With her clothes and hair burning she rushed to the window, and in an instant the room became a struggling, shricking mass of humanity, filling the windows, the fire escapes and the only stairway.

With rare presence of mind Policeman Farrell, who was on the street, seeing that in the panic a number were liable to jump, let down the awning over the entrance Barely was it down when two or three forms came flying down from the fifth and sixth stories, and bouncing from the awning fell to the sidewalk. Lillie Kreiger, over whose machine the fire started, was one of these. She struck the awning, fell on her back and bounced to her hands and knees on the walk. She got up and stag-gered about until people helped her to her

feet again. By this time nearly every window had a female form dangling from it, and when the firemen arrived there was a hustle to get the ladders up. At the center window on the sixth floor a woman hanging by her hands was forced out by the flames licking her face. With a last shrick she let go and came tumbling over and over until she struck the pavement. When picked up it was found that she was Mrs. Margaret Carroll. Her spinal column was forced through into her brain.

Just below her, in another window, hung a woman turning appealing glances to the crowd. The black smoke was pouring from the window, but as yet no flames were visible, and the crowd yelled encouragingly to her to hold on, but a higher red flame reached out just then and licked her face, and in an instant her body was rebounding from the pavement. She was Mrs. Foley, a widow, and when picked up was dead. On the same floor, hanging from another window, was a woman, and salvation in the shape of a ladder was almost within her grasp when her strength failed, and she went twirling down to death. She was Mrs. Kane.

The flames ate down through three floors so quickly that the Western Union Telegraph company, Jessup & Gooppner's Crockery company and Vanzandt & Jacobs' Collar manufactory had no time to save anything. One house, after the fire started, caught from the falling of a portion of the roof, and from it small buildings on the south caught.

The total loss by the fire is \$250,000 to \$300,000, with about \$100,000 insurance. At least 500 people are thrown out of employment. The firemen worked with the thermometer down below zero, and suffered very much.

TROY, N. Y., Feb. 19 .- What seems almost a miracle in connection with the disastrous conflagration in Troy Monday night is the small loss of life. The list of three killed and fifteen wounded is verified, and the miracle appears in the fact that those noted as missing have reported, and out of the 650 human beings who crushed and struggled for life in the flame bound building but three fatal endings came. The names of those who were killed and wounded were correctly given.

Evidence Against Brutal Murderers. CINCINNATI, Feb. 18.-Evidence is rapidly accumulating against Jackson and Walling, the alleged murderers of Miss Pearl Bryan. kept his secret for fear of being charged

THE MUNICIPAL ELECTIONS.

Result of Tuesday's Balloting in Leading

Pennsylvania Cities. PHILADELPHIA, Feb. 19.-Local elections vere held in this state yesterday. Several interesting contests were waged in the larger cities which elected mayors. In this city the ticket was headed by John L. Kinsey and Arthur Biddle, respectively Republican and Democratic candidates for city solicitor. Kinsey was elected by a majority that will probably exceed the Democratic vote. The campaign was noteworthy for the especially bitter fights in many of the wards, due to the factional split in the Republican ranks, the efforts of the Municipal League, and here and there to the activity of the Democrats.

The returns thus far secured from the contested wards in this city indicate that the Municipal League has failed in its efforts to secure the election to councils of reformers. In the Eight ward, where a hard fight was made against Wencel Hartman, who is president of common councils, that gentleman was elected by nearly 1,000 majority. In the Fifth ward a bitter fight was waged against James B. Anderson, whose course in select council for years past has displeased the reformers. Nevertheless he was returned by over 1,000 ma-

In other wards the result was equally discouraging to the Municipal Leaguers. The followers of Senator Quay, who are known as "Anti-Combiners" were expected to help the Municipal League in its effort to defeat the "Combine" candidates, but they appear to have voted and worked for the regular Republican ticket, with the result that the reformers were "snowed under.

Edward A. Devlin, Republican, and Maurice F. Wilhere, Democrat, were reelected magistrates, the latter under the law relating to minority representation.

The following condensed dispatches give the result of the contests in other cities of the state: Pittsburg-The vote was heavy and the

returns are coming in slowly. The Republican majority in this city will be about 4.600. Lancaster-The election resulted in the re-election of Mayor Edwin S. Smeltz (Rep.) by a majority of 490 over Benjamin F. Davis (Dem.). The council is heavily

publican in both branches, although the Democrats make a slight gain. Altoona-Incomplete returns indicate the election of Murray (Dem.) for mayor, and Nicholson (Dem.) for controller over Barr and Harpham (Reps.). Republicans

the school directors, city assessors and a majority of the councilmen. Allentown-Fred E. Lewis (Rep.) defeated ex-Congressman Sowden (Dem.) for mayor by 300 majority. The remainder of the ticket, including councils, was carried by the Democrats.

Williamsport-James Mansel (Prohib.) was elected mayor of this city by a plurality of about 300 over S. N. Williams

(Rep.) and A. S. Corle (Dem.). Chambersburg-George C. Cooke (Dem.) was elected borough auditor, although the nominal Republican majority is 350. Three Democratic councilmen were also elected, and one school director. This is the first time a Democrat has been elected in six

Harrisburg-John D. Patterson (Rep.) was elected mayor over Charles Walters (Dem.) by 1,500 majority, and is the first Republican mayor elected in nine years. All the other Republican candidates were elected except the city controller, William K. Verbeke (Dem.), having a small plurality.

Eacton-The Republicans elected their full ticket, Howard A. Hartzell, for mayor, receiving 500 majority. William L. White is chosen city controller and James Mc Cauley city treasurer. Republicans prob ably retain control of select council.

Reading-The contest for mayor be tween Jonathan G. Leinbach (Rep.) and Jacob Weidel (Dem.) was a very close one, with chances in Weidel's favor. York-Incomplete returns indicate that

Charles A. Brant (Dem.) is elected mayor over Robert J. Lewis by about 30 major ity. The Democrats will maintain their majority in select council, and common council will have a Republican majority

Erie-Isadore Sobel, the Republican nominee for mayor, was elected over Rob ert Saltsman by a small majority. The balance of the Republican ticket is elected
