Narrowly Escaped.

Frank, the six-year-old son of Mr. and Mrs. George Kirk, of this place, Sunday afternoon with some other little boys were playing around the railroad tracks at Valentine's furnace. Frank was playing on the upper track when he happened to turn around and saw an engine but a few feet away so he thought the engine and kettle were on the upper track and in an instant had jumped down onto the lower one right in front of the engine. The engine struck the boy and knocked him down. He fell lengthwise with his feet towards the engine. The engine and kettle passed over him and in an instant he was on his feet and sound as ever. How he escaped is a mystery. The seat of the little fellow's trousers was torn completely out and the heel of his left shoe was ground to dust by one of the car wheels.

A Memorable Year.

Eighty years ago was the year without a summer. Frost occurred every month in the year 1816. Ice formed a half-inch thick in May. Snow fell to the depth of three inches in New York, and also in Massachusetts in June. Ice was formed to the thickness of a common window glass without New York on the 5th day of July. Indian corn was so frozen that the greater part was cut in August and dried for fodder, and the farmers supplied themselves from the corn produced in 1815 for the seeding of the spring of 1817.

Change of Schedule.

It is reported that an important change of schedule, on the Bald Eagle Valley railroad, will go into effect on Monday, May 18. The trains going west from Lock Haven will leave that place at 8 a. m. and 12 noon. This latter train leaves Lock Haven upon the arrival of the newspaper train from Philadelphia. This will bring the eastern daily papers to Bellefonte at about 1 p. m. There will be no other material changes. The correct schedule will be published in our next issue.

Accident at Valentine's

An accident happened at Valentine's furnace on Thursday evening. A loaded truck ran against another and the two went off the trestle and track. The loaded truck fell upon the empty one damaging it pretty badly. The cars dropped a distance of about eighteen feet. Fortunately no one was hurt by the cars.

Potatoes a Drug.

Potatoes are not trumps, farmers have more than they know what to do with. They can be bought for ten cents per bushel some places, and no buyers. Too many potatoes were planted last year and the yield was a large one. Many are feeding their tubers to hogs and cattle.

A Long Time.

It has been a long time since we have heard from some of our correspondents. Send us the news of your locality; we are anxious to print it. Correspondents are wanted from every post office in the county.

Prohibition Dead.

Rev. Frank Talmage, son of the famous Rev. T. DeWitt Talmage, is the pastor of a leading Presbyterian church in Pittsburgh. Last Sunday he paid his respects to the Prohibition party in the following style:

"Now, my friends, the most foolish act on earth is to try to run the religion of the Lord Jesus Christ along parallel lines with the other reform movements. It always has been and always will be a dead failure. If God is not omnipotent He is nothing. Just take the great temperance movement. A few years ago it was sweeping as a tidal wave over this nation, every village, town and city having their pulpits and rostrums were the scenes of the triumphs of John B. Gough, Wendell Phillips and giants of that ilk." "But after awhile some foolish people wanted to collect these different waves of influence into a reservoir and start the Prohibition party, and satan crawled out of his dark hole and perched himself on the bar of the saloon and laughed till he cried. Why, to-day the Prohibition party is so dead that it is almost an impossibility to gather together enough pallbearers to bury the stenchful corpse."

In Memoriam.

O. O. F., and that these resolutions be printed in a county paper and a copy furnished to the bereaved family of our deceased brother.

Your Physical Condition

Needs attention at this time. If you are tired, weak and nervous, it is clear that your blood is impure, and without doubt there has been too much over-work or strain on brain and body. The course of treatment for such a condition is plain and simple. The blood must first be purified so that the nervous system, and in fact all the organs will be fed upon pure blood. Intelligent people without number have testified that the best blood purifier, nerve tonic and strength imparting medicine is Hood's Sarsaparilla. Nervousness, loss of sleep and general debility all vanish when Hood's Sarsaparilla is persistently taken; in a word, health and happiness follow after taking Hood's Sarsaparilla.

New Blacksmith.

Mr. Jacob Knisely, who for some years has been working for George Malloy, blacksmith, at Bellefonte, has started into business for himself. He has leased the Heverly shop, near Axemann, along the pike leading to Pleasant Gap, and fitted it up with a complete outfit of tools, machines, etc. Mr. Knisely is a first class mechanic, industrious and reliable, and we wish him abundant success in his venture.

A Valuable Work.

Rev. Illingsworth, of the Warriors-mark M. E. church, is the author of an interesting work entitled, "A Passing Glance of Pennsylvanians." It is filled with biographies of prominent citizens and historical data of much value. It is gotten up in style, replete with good portraits and written in a fine style. Rev. Illingsworth is a prominent young minister of marked ability.

"Drummer Boy of Shiloh."

The four entertainments given in the opera house last week, far surpassed all expectations. Each night the building was packed by enthusiastic and appreciative audiences. The receipts amounted to almost \$700 and after all expenses are paid will leave a nice sum for Company B's treasury. Col. Wigle left on Monday for Blairsville, Pa., where he will reproduce the same play.

Even Noah Advertised.

Noah was the first man to advertise. He advertised the flood and came through it all right. The fellows who laughed at advertising were drowned and it served them right. Ever since Noah's time the advertiser has been prospering and the other fellow is being swallowed up in the flood of disaster. Moral: Don't get swallowed.
