## OVER FIFTY DROWNED.

Collapse of a Bridge at Victoria, B. C., with Fatal Results.

DROWNING ACCIDENT IN ILLINOIS.

Boat Upset by Wind and Fourteen Lives Lost-Further Reports from the Cyclone Stricken Districts of Michigan and Iowa. Forty-three Deaths in Michigan.

\*VICTORIA, B. C., May 27.—A terrible accident occurred here yesterday by a bridge giving way, carrying a crowded street car with it. A sham fight and review was to take place at Macculay Point, near Esquimault, in the afternoon, and crowds were making their way there. All the tram cars were packed. Two cars left Government street with upwards of a hundred people. The first got over Point Ellie bridge safel, but when the other was about half way over the middle span of the bridge, about 150 feet in length, gave way and the car plunged into the water, 100 feet below. The car was completely submerged and all on board were drowned, with the exception of some of those on the platform, who managed to save themselves by swimming. There were certainly over fifty lives lost.

Numbers of the bodies have already been got up, and the work of identification is proceeding. It is a difficult matter, as a great many of the bodies are those of visitors.

So far as at present known the dead are: Mrs. Adams and her son Frederick, E. B. Carmichael and wife, J. B. Gordon, of | the bill. Vancouver, representative of Bradstreets; Mr. Edmonds, Miss Nathan, Mr. Bossi, storekeeper; Arthur Fullerton, Mrs. Heatherbel, George Wilson, Miss Annie Keast, W. Van Bokeln, Captain Leveridge, Mrs. G. I. Post, Mrs. Lot, Miss Ida Goodacre, James McCurdy.

When the bridge broke there were several carriages on the bridge, and these also were precipitated into the water. Superintendent Wilson was driving one of these and had his five children with him. He succeeded in saving himself and four of the children, but the fifth, a little boy, was wedged between the iron bars and was

The sad affair has cast a deep gloom over the city. As soon as the news of the accident reached Macaulay Point the review was brought to a speedy termination, as under the circumstances it was impossible, and the sham fight was abandoned.

BOAT UPSET AT CAIRO, ILLS. It Results in the Drowning of Fourteen of the Passengers.

CAIRO, Ills., May 27.-A hurricane and cloudburst struck this city yesterday. Fourteen lives were lost by the sinking of the steam ferry boat Katharine. Five miles of telegraph poles were blown down on the Mobile and Ohio railway. The Opera House and Union depot were unroofed. Numbers of trees were destroyed and signs blown down, but no houses were destroyed or lives lost in the city.

The storm came up very suddenly from the northwest. The ferryboat had just started from Cairo and was still in the Ohio river and near the Illinois shore. The rain was very heavy and the people were all in the cabin, with the doors shut. There was no warning; the boat turned over when the squall first struck her.

The captain and the clerk were both at the wheel and were blown out of the pilot house into the water and the boat turned over on them. They happened to be so far away that as she came over they caught the guard and pulled out from beneath her. Of those in the cabin only Dr. Orr

Hayes, a colored woman, Ward Ritten-house, Mr. Stanley and Miss Stanley, Richard Thurman, Mrs. William Shannon and baby, Mrs. Mary Jones, Miss Orr, Lewis Hall, Asbury Alexander and George

Davis. The last three were colored.

The saved were: Joe Curry, Captain
John Hacket, Clerk R. Pavey, Engineer McGee, Dr. Orr, Mr. Richardson and an unknown mans

To Investigate Free Alcohol. WASHINGTON, May 27 .- The house yesterday, by a vote of 165 to 69, passed the bill for the repeal of section 61 of the present tariff law, providing for a rebate on alcohol used in the arts or medicinal compounds. An amendment was attached to the bill providing for a joint commission to consist of three members from each house to examine and report on all ques-tions relating to free alcohol in the next session. The opposition to the measure came almost entirely from Eastern and New England states. An analysis of the vote shows that 56 Democrats, 104 Republi-cans and 5 Populists voted for the bill and 60 Republicans and 9 Democrats against

Edison's Latest Discovery.

NEW YORK, May 27.-Thomas A. Edison has, according to The Electrical Review, succeeded in developing a new kind of electric lamp or vacuum tube, by means of which the X rays are turned into pure, white light. The new lamp is used in place of the Crookes tube, with the ordinary X rays apparatus. Mr. Edison believes that there are great possibilities in his discovery, and is now enthusiastically at work perfecting his apparatus in commercial form. He expects that before long he will so develop it that it may be used with high economy on an ordinary incandescent circuit.

Ex-Senator Wallace Dead.

NEW YORK, May 23 .- William A. Wallace, former United States senator from Pennsylvania, died yesterday at 170 West Eighty-eighth street, this city, aged 67. Mr. Wallace had been seriously ill for several months, and for a month past he had been unconscious for a greater part of the time. Paralysis of the brain was the cause of his death. Mr. Wallace was chosen United States senator while serving as president of the Pennsylvania state senate, serving one term. For years he was a power in the Democratic politics of the Keystone state.

Many Contests at St. Louis.

AUGUSTA, Me., May 27 .- Hon. J. H. Manley, secretary of the Republican national committee, has sent to Chairman Carter a letter notifying him of 67 contests, involving the rights of 156 delegates to seats in the St. Louis convention. They are as follows: Alabama, 20 delegates; California, 4: Delaware, 6; Florida, 8; Georgia, 10; Kentucky, 2; Louisiana, 12; Missiasippi, 18; New York, 12; North Car-olina, 2; Pennsylvania, 2; South Carolina, 18; Tennessee, 4; Texas, 30; Virginia, 4; Arizona, 6. Secretary Olney's Protest Respected, WASHINGTON, May 27 .- The protest made by Secretary Olney against Captain General Weyler's prohibition of tobacco exports from Havana has been successful. He has been officially informed that all contracts for Cuban leaf tobacco entered into before the publication of the order prohibiting its exportation will be respected, and that citizens of the United States proving themselves to be bona fide owners of such tobacco prior to the promulgation of the order will be permitted to export the same as heretofore.

The President's Summer Vacation. WASHINGTON, May 27.-It is understood to be the intention of Mrs. Cleveland to remove with her children from Woodley to Gray Gables about the first of June, if the weather is propituous. Mrs. Oiney will likely go to Falmouth at the same time. The president will follow Mrs. Cleveland very soon after the adjourn-

ment of congress. Russia Settled the Abyssinian War. PARIS, May 27 .- The Eclair states that the release of the Italian prisoners by King Menelik was brought about by the media tion of Russia, which was accepted by Italy as soon as offered. The paper further says that the abandonment of the Anglo-Italiah adventure in the Soudan was also due to the interference of Russia.

## PROHIBITION SPLIT

Anticipated at the National Convention at Pittsburg.

PITTSBURG, May 27 .- That there will be a split in the Prohibition party as a result of the national convention leaders of both factions freely admit this morning. The split will come, they say, over the money plank in the platform. As yet scarcely a word has been said regarding prohibition. Money, the root of all evil, has been the all absorbing topic of discussion. It has come to be a bitter and acrimonious discussion, and the opposing factions have said many unkind things of each other in the hotel lobbies. The bitterness of feeling increases hourly, and it promises to be a battle of extermination.

If a gold standard plank should be adopted in the party platform by the delegates from the east, then those favoring the coinage of silver at a ratio of 16 to 1 will secede. If, on the other hand, the sc

CHARLES E. BENTLEY.

called free silver delegates adopt a free coinage plank, then the gold standard crowd will leave, and should the convention fail to declare for woman suffrage the feminine portion of the convention will sever its connection with the party.

There were three cancuses yesterday. One was held by the women, who decided that unless a suffrage plank were inserted in the platform they would leave the party; then the free silver wing caucused and declared their leader should run upon a 'broad gauge" platform or none at all, and finally the single issue crowd came to gether and announced that neither free silver, woman suffrage, nor anything else but prohibition should be mentioned in the platform.

The leading candidates for the presiden-tial nomination have made public declarations as to where they stand on money matters. Joshua Levering, after announc-ing his adherence to a gold standard, said:

'If the convention sees fit to adopt a broad guage platform I cannot assent to the use of my name. Neither could I be a candidate in case the party saw fit to place

JOSHUA LEVERING. in charge of the coming campaign officials who entertain views opposed to my

own on these matters of issue. Rev. Dr. Bentley meets Mr. Levering half way and reiterates his statement, except that his is diametrically opposite in

The free silver faction claims to have an overwhelming majority of the delegates. Governor St. John is of the belief that the broad gauge candidate will be nominated on the first ballot. "We have a majority of 100 now, and I think it will be in-

creased," he said. Samuel Dickie, of the single issue faction, is equally sanguine that free silver will be defeated. But, whichever way it may result, Mr. Dickie is of the belief that

the outcome will be a split in the party. At a meeting of the central committee of the national Prohibition party last night A. A. Stevens, a narrow guage man, was selected to act as temporary chairman of the national convention. E. J. Wheeler, of New York, was the candidate of the opposition, but when a vote had been cast and it had been shown that the gold standard element had been successful the silver men withdrew. They claim, however, that this is not a test of their strength in the convention.

Gasoline Explosion Kills Four, CHICAGO, May 25 .- By the explosion of a gasoline stove on Townsend street yesterday a family of six persons was almost exterminated. Four are dead and a fifth is so badly burned that death is almost certain. The names of the dead are: Otto Malm, a carpenter, 32 years old; Sima Malm, aged 8 years; Hilya Malm, 6 years; Otto Malm, Jr., 3 years. The list of the injured are: Mrs. Ella Malm, 33 years old, burned about the hands, arms and face, will recover; Eilen Malm,8 years, severely burned about the head and body, will probably die.
