The base ball team, composed of four boys from Boalsburg, went to Centre Hall sports said they were going to teach the combine how to play ball, but it turned out the opposite way. The Centre Hall team had Dr. Alexander to umpire the game. He tried to do the fair thing, but he didn't understand the game. The home team would tell him how to decide. The combine had to play the team and the umpire, also, and that was up hill business, with every thing against them. The score was eleven to eight, in favor of the combine. Smith had hard luck, his men didn't support him as well as Hartwick's did. Centre Hall had only two safe hits off of Hartwick. The combine had eight off of Smith. The star play was Loneberger's three base hit and his catch of a foul. Charles Thompson, the captain of the combine, knows how to manage a team. His star play was going up town. Spoons Free to all.

I read in the Christian Standard that Miss A. M. Fritz, Station A, St. Louis, Mo., would give an elegant plated book spoon to any one sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made \$13 in two hours, taking orders for the spoon. The book spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something housekeepers have needed ever since spoons were first invented. Any one can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around home. Very truly,
