A Hustler

That is the kind of a man who succeeds in business in these days of close profits and strong competition. The hustler gets a move on, lets the public know what he is doing. He pushes his business instead of his unpaid bills and bad accounts pushing him. The hustler lets the public know what he has in market; he invites trade. He does it to the best advantage by an intelligent and judicious use of space in a newspaper. It costs money to advertise. Yes indeed, but that attracts attention, brings new customers and increases your trade ultimately. The success in advertising consists in keeping "everlastingly at it."

Get a hustle on, increase your business, advertise in the Centre Democrat.
