A Hustler

That is the kind of a man who succeeds in business in these days of close profits and strong competition. The hustler gets a move on, lets the public know what he is doing. He pushes his business instead of his unpaid bills and bad accounts pushing him. The hustler lets the public know what he has in market; he invites trade. He does it to the best advantage by an intelligent and judicious use of space in a newspaper. It costs money to advertise. Yes indeed, but that attracts attention, brings new customers and increases your trade ultimately. The success in advertising consists in keeping "everlastingly at it."

Printers ink made John Wansmaker a millionaire, and he does more and more advertising each year. He seems to understand the business. Do you grasp the idea?

1500 copies of the Centre Democrat are printed each week. These reach at least 4000 readers in Centre county every week. It goes right to the homes—is a family paper. Don't you think you could increase your business by an advertisement in its columns. Argument is useless.

Get a hustle on, increase your business, advertise in the

Centre Democrat.
