THE AMERICAN FARMER

Discussed in the annual Report of Secretary Morton.

FARMS NOT HEAVILY MORTGAGED.

The Secretary Declares That Seventy-two Per Cent. of the Farms Occupied by Their Owners Are Absolutely Free of Debt. Farmers Not Mendicants.

WASHINGTON, Nov. 23 .- Secretary Morton in his fourth annual report, just made public, shows that with \$280,000 which may be saved from the appropriations for the current fiscal year, there will have been covered back into the treasury since March 7, 1893, over \$2,000,000 out of total appropriations of \$11,179,-455, 45.

That this great economy was affected without any loss of efficiency he attributes in a large degree to the improvement in the personnel of the force under civil service rules, which he declares to be "absolutely indispensable to the maintenance of an economic and efficient administration of the public service.

To complete "the already almost perfect system of civil service" in his department the secretary recommends the appointment of a permanent director in charge of bureaus and scientific investigations. The chiefs of scientific bureaus and their assistants, he declares, are not adequately compensated, and strongly recommends that the salaries of this class of employes be increased.

The inspection of animals intended for Tood is treated of at length, and stress is laid upon the increased efficiency of the work due to the extension of civil service rules, which has been very rapid in this

Mr. Morton urges strongly that government inspection should be extended to all animals intended for human food, whether for consumption in the United States or abroad

The cattle and meat trade of Great Britain is reviewed at length. Of live meat arriving in the United Kingdom during the first six months of 1896, the United States supplied 75 per cent. of the cattle and 45 per cent of the sheep. The report shows a steadily increasing demand in England for American horses.

Reviewing the work of the weather bureau special stress is laid upon the value of the many timely storm warnings which have been issued by the bureau.

During the year the department issued 376 publications, mainly for gratuitous distribution. The aggregate number of copies printed was 6,561,700. The publication work has grown enormously during the past few years, and increased approprations must be provided, but the secre-tary declares that neither the department of agriculture nor the government itself can continue for the next five years to increase its publications for gratuitous distribution in the same ratio as for the last five years without disbursing millions of

The secretary again takes occasion to express his opposition to the gratuitous distribution of seeds, and to express the hope that the practice will be discon-

The report concludes with a comprehensive review of the condition of American

Seventy-two per cent. of the farms in the United ers are absolutely free from mortgages or other incumbrances. The secretary refutes the idea prevailing that the farms of the west and south are more heavily burdened with mortgages than those of the east and northeast. States along the north Atlantic, he says, are quite heavily incumbered with farm mortgages, and New Jersey carries a debt of this kind greater in proportion to its farm valuations than any state in the Union.

The frequent claim that the farmers are almost universally in debt, despondent and suffering, he declares to be without any foundation, a belittlement of agriculture, and an indignity to every intelligent and practical farmer. The farmers are not mendicants nor wards of the government, to be treated to annuities, but the representatives of the oldest, most honorable, most essential occupation of the human race, upon which all other vocationsdepend for subsistence and prosperity.

"Legislation," he says, "can neither plow nor plant. The intelligent, practical and successful farmer needs no aid from the government. The ignorant, impractical and indolent farmer deserves none. It is not the business of the government to legislate in behalf of any class of citizens because they are engaged in any specific calling, no matter how specific the calling may be to the needs and comforts of civilization. Law makers cannot erase natural laws nor restrict or efface the operation of economic laws."

Referring to the stress of competition which the American farmer is compelled to endure, Mr. Morton calls attention to the nearly 2,000,000 farms of eighty acres each given away by the government under the homestead act of 1866, during the past thirty years, and to the amount donated under the timber culture law, equivalent to over 550,000 more farms of the same size. Lands long tilled and rendered partially infertile, could not, of course, enhance in value and sell in competition with virgin soil donated by the government.

During the fiscal year just ended the exported products of the American farms aggregated \$570,000,000, an increase of \$17,-000,000 over the preceding year. In spite of this there was a falling off in the percentage of agricultural products exported to the total exports, but this was due to the unprecedented sale abroad of American manufactured goods. The largest market for our products is admitted to be the home market, but the export trade is the regulator, the balance wheel for domestic trade.

It follows that the interest of the manufacturer, as well as of the farmer, is found in the most rapid possible increase of the export of farm products. General prosperity depends absolutely upon agricultural prosperity, and any commercial system which will increase with celerity and extend with certainty the export of our farm products will be of the utmost advantage to agriculture and all those interested in its profitable expansion.

"It is," the report concludes, "probably quite safe to declare that at least two millions of American workmen on farms and in factories subsist almost wholly upon employment based upon foreign de mand for American commodities. And in this contest for feeding and furnishing mankind-notwithstanding the fierce comp stition which it meets all over the globe-American agriculture, manufacture and commerce are steadily gaining more

INCREASE THE BEER TAX

Says Senator Jones, of the Democratic National Committee.

WASHINGTON, Nov. 24.—Senator James K. Jones, of Arkansas, the chairman of the Democratic national committee, returned to the city yesterday for the congressional season. The senator appeared to be in his usual good health. In his talks today the redutor expressed the opinion that it was not at all likely that the Dingley revenue bill, passed by the house at the last session, would be favorably acted on in the senate. He favors a tax on beer in place of any general tariff revision, and says by making this additional tax \$1 per barrel about \$30,000,000 per year revenue would be derived. Sugar the senator regards as a necessity of life, and further taxation of it would work against the interests of the poor. The same is true of other articles of consumption of which a great deal is used by the poor. The senator also declares himself in favor of an income tax, so that the rich should be made to contribute toward the burdens of the government.

Senator Jones declares that the battle for free silver will be carried on until the etal is restored to the place it held before it was demonetized by the act of 1893. The leaders of the silver movement contemplate a gathering in the near future, when a discussion will be had as to the prospects and steps taken looking to a continuation of the fight. From what the senator said it is probable that the Democrats will establish permanent headquarters in this city from which to keep up the campaign for 1900.

The Old, Old Story.

CORNING, N. Y., Nov. 24 .- Two swindlers found an easy victim in this city yesterday and worked the tin box and three card trick successfully upon S. Spencer Berry, of this city, for \$2,800 in cash. It was the same old story of a well dressed man wanting to buy some property which Berry owned near this city, a swindler who lost \$5 at cards played on the roadside, and Berry's agreeing to join the would be purchaser in a bet of \$5,000. Berry drew \$2,800 from the bank and placed his money in the tin box. The swindler said he would have to go to Elmira to obtain his money, and Berry was given the box to hold. When the box was opened it contained only a stone and some old papers.

Eckard Must Hang Dec. 8.

HARRISBURG, Nov. 24 .- Governor Hastings has refused to further interfere with sentence of Abram I. Eckard, of Wilkesbarre, the date of whose execution has been fixed for Dec. 8. Eckard has been granted three respites since last May in order that his counsel might present his case to the board of pardons on an application for a commutation of sentence to life imprisonment. The attorneys have never taken the case before the board. The governor received a letter yesterday from the attorneys asking for another respite, in order that the case may be presented before the board Dec. 18. He declined to again stay the execution.

The American Duchess' Royal Guests. LONDON, Nov. 24.-The Prince and Prinss of Wales left Paddington station at 5 o'clock last evening for Woodstock to pay a visit to the Duke and Duchess of Mariborough at Blenheim palace. Their royal highnesses were accompanied by their daughters, Princess Victoria of Wales and Princess Maud of Denmark, and Prince Charles of Denmark, husband of was beautifully decorated in their honor, and the Grand avenue in Blenneim park was lighted by electricity. The royal party will remain at Blenheim palace for a week, and will be lavishly entertained.

While Parents Danced Children Burned. HAMILTON, Mo., Nov. 23 .- Five children of Mrs. Snyder Neal, living seven miles north of this city, were burned to death late Saturday night. The Neal dwelling was burned while the parents were attending a dance. When they reached the burning building the father saw his 11year-old girl, lying burning in the front door, clasping her 3-year-old brother in her arms. The flames prevented rescue. The father fell in a swoon, and has been a raving maniac since. Nora, 9 years old, is the only survivor of the fire. The dead children are: Callie, aged 13: Hattie, 11; Willie, 7; Clarence, 5, and Julian, 3.

River Miners' Comference.

PITTSBURG, Nov. 24.-An important conference of river coal operators and miners was held at the Coal Exchange yesterday. For some time there has been a strike on among the river miners, and it is estimated that there are about 6,000 diggers idle. The prevailing rate for some time has been \$2 in the first, second and third pools and \$1.50 in the fourth pool. The operators offered a compromise. They agreed to pay \$2.25 in the first three pools and \$1.75 in the fourth. It is believed the compromise will be accepted.

Island Natives Sold Like Sheep. SYDNEY, N.S. W., Nov. 24.—Reports have been received from the New Hebrides islands, lying west of Fiji, that the natives are being sold like sheep for from £6 to £10 per head, and that many are subjected to great cruelties. The New Hebrides are under joint Anglo-French control, by which it was agreed that the protection

of persons and property in the New Hebrides should be secured by means of a mixed commission composed of naval of-ficers belonging to the English and French naval stations in the Pacific. Bertha McConnell Gets Five Years. LANCASTER, Pa., Nov. 23.-Bertha Mc-Conneil, who shot with intent to kill Harry D. Thompson, in this city on March

21 last, and then attempted suicide at the home of her parents in Coatesville, was tried in court here Saturday, found guilty of felonious assault and sentenced to five years' imprisonment in the county jail. In addition a fine of \$1,000 was imposed. Thompson, who is a married man, was fined \$500 and sentenced to one year's imprisonment for infidelity.

Justice Richardson's Successor. WASHINGTON, Nov. 23 .- The president yes terday filled the vacancy in the chief justiceship of the court of claims, caused by the death of Judge Richardson by the romotion to that office of Judge Charles . Nott, now a member of the court. The latter's place was filled by the appointment of Charles R. Howry, who now holds a position of assistant attorney general in the department of justice.

Another Royal Engagement. LONDON, Nov. 24—A Copenhagen dis-patch to The Daily Mail says that a mar-riage has been arranged between Prince Christian of Denmark, eldest son of Crown Prince Frederick, and Princess Pauline of Wurtemburg, the daughter of King William II of Wurtemburg. Prince Christian was born Sept. 26, 1870, and Princess Pauline was born Dec. 19, 1877.

WEYLER NOW IN HAVANA

And Maceo, Gomez and Garcia Are Still Unsuppressed.

THE RECEPTION AT ARTEMISA

To the Returning Captain General a Veritable Ovation, According to Spanish Reports-General Gomez to March on Havana with 35,00 Well Equipped Men.

HAVANA, Nov. 24.-Captain General Wcyler arrived here last evening on board the cruiser Le Gazpi from Mariel. There was a monster crowd in waiting, and the captain general received an enthusiastic

Exploring trains left Artemisa Sunday night and yesterday morning for Candelaria and San Cristobal in order to prepare for the arrival at Artemisa of Captain General Weyler. At 7 o'clock Artemisa and its vicinity was in a state of considerable excitement, for it become known that the captain general was at Mangas, five miles distant. General Arolas, accompanied by his staff and an escort of cavalry, started soon afterwards for Mangas, and at 8:30 news was received at Artemisa that the cruiser Le Gazpi had arrived at Mariel, the port at the northern extremity of the military line across the province of Pinar del Rio, with the in-structions to her commander to place his vessel at the disposal of the captain gen-

At 9 o'clock General Weyler entered Artemisa with the columns commanded by Generals Augilar and Arolas. It was seen that the captain general was considerably sunburnt. He wore a field uniform, with a Panama hat, and rode a black horse. He put up at the house of a prominent citizen, whose large garden enabled the Spanish commander to receive there the staff officers and others and transmit orders in various directions. There he also transacted considerable business with his chief of staff.

The captain general was received on his arrival at Artemisa by the town authorities, crowds of people and bands of music. Trumpet salutes were sounded and the bells were rung in his honor. After breakfasting the captain general started for Mariel, where he embarked for Havana.

Gomez to March on Havana.

NEW YORK, Nov. 24.—The protracted silence of Commander-in-Chief Maximo Gomez, of the Cuban army, which had caused considerable anxiety among Cubans here as to his safety, has at last been broken, and the junta in this city has received a communication from him. In this communication, which comes from Las Vilas, Santa Clara province, General Gomez says that he has at his command 35,000 well equipped men, and that with these he intends to proceed to Havana province. General Gomez is in good health, as are his men, and has every hope

Maceo Master of the Situation. JACKSONVILLE, Fla., Nov. 24.-Aristada, one of Maceo's lieutenants, arrived here yesterday, having been smuggled through Havana. He bore dispatches to the Florida junta to be transmitted to New York headquarters. He will say little, except to Cuban leaders. He says American volunteers are doing efficient work against Princess Maud. The town of Woodstock Weyler with dynamite. Maceo's fabian policy, he says, makes him complete aster of the situation.

> A Grievance Against His Native Land. CHICAGO, Nov. 24 .- Street Foreman Antonio Constantino, a naturalized American, called on United States Commissioner Foote yesterday to learn whether his passport protected his wife and children in About three months ago Constantino visited Italy, his native land, taking with him his family. There he was impressed into the army, the authorities refusing to recognize his passports or naturalization papers. He was granted a furlough and immediately returned to America, leaving his family behind. He was told by the commissioner that his passport protected him from imprisonment in the Italian army, and he will endeavor to have the department of state investigate the matter

To Abolish Overtime Expenses,

WASHINGTON, Nov. 24.—The system of allowing overtime claims of letter carriers throughout the country will be practically abolished soon. At the beginning of the present administration claims for extra compensation for overtime were accumulating at the rate of 70,000 hours a month. This source of expense has been steadily diminished, and the reports for October show that the amount for that month was only 186 hours for regular letter carriers and 137 hours for substitutes. The department regards the overtime in nine cases out of ten as unnecessary, and Assistant Postmaster General Jones says it will do away with overtime altogether save in

Thieving Banker Admits His Guilt. CHICAGO, Nov. 24 -- Ex-Banker Anthony Kozel, who failed last May for over \$100,-000, admitted yesterday that he was guilty of crime in the handling of the bank's funds, and was surrendered by his bondsmen. He stated that he had decided to abandon any legal fight and to accept his punishment. It has been arranged that he plead guilty to larceny, and be sent to the penitentiary. He is the first banker in the state to be sent to prison for misusing funds entrusted to his care. Kozel's bank was patronized principally by workingmen and small tradesmen, who lost everything.

Bloody Riot in Cleveland.

CLEVELAND, Nov. 24 .- A riot occurred yesterday on Franklin avenue extension near Columbus street, a locality of the city thickly populated with Hungarians and Irish-Americans. Many men were stabbed. Knives, dirks and clubs were freely used, and nearly all the combatants were more or less badly used up. The men were taken to the hospital. Two of them may not survive their injuries, and several others were dangerously wounded. The trouble was caused by Joseph and John Sprendis and James Carter engaging in a street quarrel.

San Benito's Survivors Rescued. POINT ARENA, Cal., Nov. 24.-The steam ollier San Benito is still fast aground a few miles north of this place, and will be a total wreck. Eight of the vessel's crew have been drowned, and the remaining thirty-five, after suffering terribly from exposure, were taken from the wreck yesterday. So far as known those drowned are as follows: O. W. Scott, first assistant engineer; C. H. Condon, second assistant engineer; H. Prendergast, fireman; John W. Sheridan, mass boy; four seamen, lames unknown.

in the rain

cold rain is often the beginning of consumption. Yet no one claims that the germs of this disease exist in the rainwater. Then how was this brought about? The exposure was followed by a cold; the vitality was lowered; the cough continued for some weeks; the throat and lungs became congested; and thus all the conditions were favorable for the consumption germs.

Hypophosphites, does not directly attack these germs and kill them. But it does tone up the whole system and restores the body to health before serious harm is done. The germs of consumption thrive best ? when the system is weakened and the throat ? and lungs congested. Do not delay until it is too late, but treat your cough early. Cod-liver oil and the hypophosphites, in the form of Scott's Emulsion, are the very best remedies.

"JUST AS GOOD" IS NOT SCOTT'S EMULSION.

50c, and \$1.00 at all druggists.

HAVE YOU USED

Thompson's Diphtheria Cure?

Read what others who have used it say:

I have used Thompson's Diphtheria Cure in my family and cured three of my children of the Diphtheria and know it is a sure cure. I feel that every one should know of it, for Diphtheria is a disease that baffles most of the doctors, If your medicine is kept in the bouse and used according to directors as soon as the throat begins to get sore, they will never know they had the Diphtheria.

ris.
You are at liberty to use the above testimonial, which I will be guard to substantiate to persons who will call to see me. Yours respectfully,
John Stryker, Sergeant of Police,
Williamsport, Pa.

This certifies that for several months I have been using Thompson's Dipletheria Cure in my family and regard it as the best and most speedy remedy for colds and sare throat I have ever known. I do not besitate to recommend it.

G. D. Penepacker, D. D. Paster Grace M. E. Church, Williamsport, Pa.

I have used your Diphtheria Cure in my family and it works like a charm. It does its work quick, and that is what you want in Diphtheria or croup. I would not do without it.

Respectfully.

G. M. Warner, Williamsport, Pa.

The above testimonials are authentic and we invite you to correspond with the writers.

TESTIMONIALS.

NO BODY HAS DONE MORE FOR MY HEALTH THAN DR. SALM.

I have only taken a half month's treatment and in that time, I dare say no one could have done more for m health than Dr. Salm, as I feel a grea deal better. WILLIAM H. KNEPP.

Troxelville, Snyder Co., Pa., Aug. 3, 189 CATARRH AND BRONCHITIS CURED BY DE

SALM. For some years I have been in ba health. Suffered very much from catarrh and bronchitis, lost flesh contin ually, coughed a great deal and ther did'ent seem to be a spot about me that did'ent ache. So I went to Dr.Salm, who comes here every four weeks, for treatimprovement that I want everyone to know it. I can eat finely, feel a good deal stronger, and I know I will soon be myself again.

MR. HENRY KEITHAN. Sunbury, Northumberland, Sep. 9, 1896.

HARD OF HEARING FOR 35 YEARS, CAUS-ED BY CATARRH, AND CURED BY DR. SALM. Rev. J. D. Leister, Swales, Pa.,

Replying to your inquiry, as to testimonial with my signature, published by Dr. Salm, will say, that I was under his treatment for 10 months for my hearing. It was catarrh of the middle car, and like yourself, could hear better some days than others, could hear better in noise. My hearing was very much improved by the treatment, and have no doubt, but that he can help you. Dr. Salm appears to be an honest man and he will tell you the truth, whether he can help you or not. If I were you I would certainly consult him. I was longer afflicted than you. My hearing was bad in one ear for about 35 years, and in the other for about 24 or 25 years. Hoping that your hearing will be entirely restored. I remain.

ISAAC PIERSON. Bedford, Bedford Co., Pa.

CASE OF CATARRH CURED BY DR. SALM. Rev. J. D. Leister, Swales, Pa.,

Yours came to hand to-day. Dr. Salm treated my 13 year old boy for catarrh in the head, and cured him in 6 months. I don't know whether he can cure you or not, but on examination he will tell you the truth. I know a man here, that he examined, and he told him that he could not be cured. I know other people, that he has done a great deal of good, in other cases.

BEN I. LIMBERT. Madisonburg, Centre Co., Pa.

CASE OF CATARRII CURED BY DR. SALM. For 7 years I have had a bad case of catarrh, took cold continually and al ways had headaches; a bad stomach, as well and too many accompanying troubles to mention. But now, after only a short treatment of Dr. Salm, I au almost a new man.
