Drove 700 Turkeys Ten Miles.

A drove of seven hundred turkeys arrived at Hanover, Pa., from East Berlin, ten miles distant, for dressing on Monday. The fowls were no more trouble than a flock of sheep, except when some became stampeded, in which case they all fly after their leader.

He Didn't Try it.

It is told of a young man in this city that he called on his best girl the other evening. As conversation became dull they sat on the sofa at opposite ends, and after a silence of considerable duration, evidently spent by both in hard thought, she mustered up courage enough to ask him what he was thinking about. He, hoping to please her, replied, "I was thinking of the same thing you were." She, turning around, answered quicker than lightning. "I'll slap your mouth if you try it."

The Grangers for Free Trade.

The state grange which met at Altoona, shows by the report of the finance committee a balance of \$9,000 in the hands of the grange treasurer. They Are Very Scarce.

The scarcity of deer this season has led many hunters to the conclusion that unless the next legislature enacts a law to prevent the killing of deer for the next three or five years, the animal will become extinct, for it is close to it now.

Doing Good Work.

The boro stone crusher is kept constantly at work by our street committee, and most of our principal thoroughfares are being put in excellent shape. The crusher no doubt is a success and will give us better streets for less money. Improved methods and machinery always are good investments.

An Answer She Did'nt Expect.

Merit Talks

"Merit talks" the intrinsic value of Hood's Sarsaparilla. Merit in medicine means the power to cure. Hood's Sarsaparilla possesses actual and unequalled curative power and therefore it has true merit. When you buy Hood's Sarsaparilla, and take it according to directions, to purify your blood, or cure any of the many blood diseases, you are morally certain to receive benefit. The power to cure is there. You are not trying an experiment. It will make your blood pure, rich and nourishing, and thus drive out the germs of disease, strengthen the nerves and build up the whole system.

Hood's Sarsaparilla
