Oh, How They Hurt.

Neuralgic pains are often so acute, that the poor sufferer becomes, almost, frenzied with the intensity of the pain. Salvation Oil will instantly relieve and effectually cure neuralgia, so there is no reason why a moment's pain should be endured. Mr. Jacob Klein, 1036 Main St., Evansville, Ind., writes: "My wife suffered from neuralgia for seven years and since she used Salvation Oil, she has not had a spell. I think it is the best liniment I have ever tried, and I would not be without a bottle of it in the house. I had the rheumatism for five years and had tried a great many liniments, and must say that Salvation Oil did me more good than any other remedy." Salvation Oil is sold everywhere for 25 cents. MILESBURG MENTION.

Hugh Eckert, of Clearfield, was a guest of his brother Conce, of Wingate. John Estright and Miss Edith May Miller were married on the evening of the 27th by J. I. Morris, Esq. John Smith accidentally cut his big toe with the hand ax. "It laid over," to use his dialect. The band has ordered its suits of a Philadelphia firm, costing \$340. The United Brethren minister Rev. C. C. Miller, of Bellefonte, was in the borough looking for the trustees of the Baptist church for the purpose of transacting business. The motive was to solicit their church to hold a series of meetings from our gleaming. We learn he has an increase class here, and hopes to build a congregation at this place. We wish success may follow. Mrs. Brotheland, of Hollidaysburg, is a guest of the Kinne sisters. Misses Jennie and Nancy Craine arrived home on Saturday from Portage. A sled load of young folks had a pleasant time at Mr. Seibert's up Buffalo Run on Friday night, arriving home at five in the morning. Many tons of ice have been packed for summer use, during the past week. Guy, the five year-old son of Ed. McKinley was badly scalded on Sunday morning. The child was warming himself by the stove when a can of boiling water accidentally upset, the contents falling on his legs and a portion on his breast. John Shultz found a black muff on the road in front of George Derr's residence in Central city on Saturday night. The owner can get it by calling at A. T. Boggs's store. The club is progressing very rapidly and will very likely get into its new room this week. Many of our friends have donated a good many articles which are highly appreciated. Literature of the best kind has been given, chairs, coal and other necessities, of which the club is truly thankful. Many of our best people are in favor of something of this kind and we are sure we can win the good graces and confidence of our people and strive to elevate one another. We are thankful for the interest taken by our people and hope we will be remembered by anyone who may have anything that will be of use to us. The charter men are all young men who are employed in the chain works and also a few other gentlemen, who are not employed there. We will perhaps, take in a few more as we think the more the merrier. We are in need of a couple of tables which we do not have within ourselves. If any one has a table not in use we would be thankful for the use of it. The club will hold a banquet in the course of 6 or 8 weeks which promises to be an elaborate affair. Yours etc., THE CLUB.

Editors Think.

Busy newspaper men, who often find it inconvenient to serve on juries, are greatly obliged to four of the seven superior court judges of this state for a decision which in effect disqualifies editors for jury service. As newspaper men are obliged to think, they must form opinions, or at least impressions, and hence are not eligible to sit on important cases. Blank minds are greatly to be preferred in such cases. If the juror is unable to read, so much the better.—Uniontown News-Standard.

MARION TWP. SCHOOLS.

Editor Democrat: During the cold wave of last week, the school directors of Marion township, took advantage of the good sleighing to visit the schools, in that district.

On Tuesday 26th, the directors were escorted by Wm. Johnstonbaugh, to Frain's school house. Mr. R. C. Holmes, the instructor, certainly has a model school and knows how to teach young America, in the various branches.

The directors accepted the invitation to take dinner with director H. White-leather, whose estimable wife and accomplished daughter had an elegant repast for us.

The next school visited was the primary department at Jacksonville, taught by Miss Irvin, where everything was found in good order. At this point we were pleased with the excellent vocal music rendered by the pupils.

The school under the direction of Mr. R. J. Snyder was next visited. Here we found the pupils busy with their lessons and the class in arithmetic reciting. They explained their problems in good style. Here Mr. G. B. Glossner, secretary of the school board, made address of some length. This room was nicely decorated with pictures of all kinds. This completed the day's work.

Early on Wednesday morning, led by Messrs Whiteleather and Vonada, we resumed our trip to the remaining schools in the township. The next point visited was Henderson's school house with Charles Bartley, as teacher. He is getting along nicely and the pupils are making excellent progress under his direction. The president of the board was called upon for an address with the understanding that he be brief, and to the point, as his time was limited. We also had an opportunity to hear the children recite.

The invitation to dine with Mr. Johnstonbaugh was promptly accepted and here we found a bountiful repast awaiting us. After which the family treated us to some choice music, their daughter Sadie presiding at the organ.

We soon were enroute for the Hoys school house, with John Beck, as teacher, who is one of our home boys and a self-made young man. His school is well kept and the pupils are progressing nicely in their studies. Speech making was indulged in to some extent by the visitors and especially by uncle Joe Hoy who gave the young people some elegant advice.

This concluded our trip among Marion townships schools and we were more than pleased with what we saw and heard. Our schools are in elegant condition and in charge of a faithful and efficient corps of teachers "A DIRECTOR."

DON'TS FOR SHOPPERS.

Sixty Very Good Things to Observe When You Go Shopping.

Don't be caught by the too glaring fancies of the hour if your income is not large. More conservative things are better for those who have to use their things for some time.

Don't expect to get a good article unless you pay for it.

Don't buy things you don't really need on the Mrs. Toodles principal because they are cheap. Nothing is cheap that is not really useful.

Don't get into a crowd around a bargain counter and pull and drag in the unseemly fashion too often seen. It is too high a price to pay for a so called bargain to lose your dignity and forget your womanliness.

Don't forget to say "thank you" to the salespeople. They are only human if their position obliges them to serve you.

Don't choose the mid day and early afternoon hours for your purchasing and then get impatient at not being served promptly. The early morning is best.

Don't vacillate for ten or fifteen minutes choosing perhaps a small purchase and taking too much of the salesperson's time. Know what you want when you see it and take it.

Don't stop at every counter and finger and price things you have no idea of buying. Have in mind each thing you want before you start, get them and go home and you will save much wear and tear upon your time and system.

MORTGAGE BURNING.

A Large Crowd Witnesses the Services at the Lutheran Church.

The Philipsburg Journal of Monday contains the following: The Lutheran church was crowded last evening to witness the mortgage burning services. Between fifty and sixty warriors, belonging to the Red Men, came in a body and occupied the front seats. The first part of the service consisted of songs prayer, scripture, reading and congregational singing and at the proper time the lights were turned out and the mortgages burnt. The deacon held a large tray covered with asbestos paper, while the pastor applied the match to the mortgages. Following this came an anthem by the choir and a liberal offering from the congregation. Mr. William Streamer read an excellent and interesting sketch of the church and the pastor sang a solo.

For the first time in the history of the organization there is no indebtedness upon any part of the church property. The last payment was made through the faithful efforts of Mr. Harry C. Reiling and it was determined to celebrate such a joyous event by a praise service.

This church is now better prepared than ever before to do its part in putting down sin and crime and holding up Christ and right. May it ever be a shining light in our community.

Where Horses are Cheap.

A man from Illinois, recently in our town, said he saw good yearling colts sell at \$1.50 per head, and a span of nice, good horses for \$60 for the pair. This tells how dealers can bring western horses into our valley and knock them off at public sale for \$60 per head and have a big profit.

CURED OF DYSPEPSIA

Commander Dean writes: "As Chief U. S. Mail Agent of the U. & D. R. R., good health is indispensable. I found myself however all run down with Dyspepsia. I doctored and doctored, but I grew worse. I suffered misery night and day, for fully two years. My case was pronounced incurable. I chanced to meet Dr. Kennedy about that time, and told him of my condition and he said, try a bottle of

DR. DAVID KENNEDY'S FAVORITE REMEDY

taking it morning, noon and night, and it will cure you. I took the medicine as directed, but had no confidence in a cure, as my case had been tried by so many. After using it a week I began to feel better, and in a short while after that I was entirely cured. That terrible distress, everything I ate, breaking up sour in my throat had all gone and I have not had a moment's discomfort since. To-day there isn't a healthier man and my appetite is grand."
