## A VIGOROUS RESOLUTION

It Demands the Release of Americans from Cuban Prisons.

TO BE ENFORCED BY WAR VESSELS.

Congressman Gibson, of Tennessee, Would Give the Spaniards Only Twenty-four Hours to Obey the Demand of Our

Washington, Feb. 24.-Representative Gibson, of Tennessee, yesterday introduced a joint resolution directing the president to demand of the Spanish authorities in Cuba the immediate restoration to liberty of every American citizen, native born or naturalized, now imprisoned by them in the island of Cuba, and that in support of that demand the president is authorized and directed to accompany it by the presence of a sufficient number of United States ships of war to make that demand good, and if it is not granted within 24 hours that the city of Havana, and, if need be, other ports of Cuba be bombarded until it is fully complied with and all American citizens delivered to the commander of

our warships. The preamble to the resolution recites that many American citizens have been illegally and without sufficient cause arrested and imprisoned in Cuba by the Spanish authorities; that some of these Americans thus wrongfully arrested and imprisoned have been thrust into dark and foul dungeons, denied the necessaries of life, have been maltreated without trial, and have been inhumanly done to death. "In a majority of the cases," says the preamble, "these Americans thus unlawfully arrested and barbarously dealt with have been denied the trial guaranteed them by the treaties between the United States and Spain, and have been treated in a manner unworthy of a civilized nation, or of a people professing to be Christians. It is well known that many of these Americans have been maltreated, and some of them have been butchered, not because of any fault of theirs, but to enable Spanish officials to vent their hatred of the United States and exhibit their animosity toward Ameri-

cans in general. "These wicked, illegal and barbarous deeds of the Spanish officials in Cuba, sustained as they have been by the lawful authorities of Spain, are an intentional insult and injury to the whole people and government of the United States. The further submission of the government of the United States to these atrocities and outrages upon our citizens in Cuba will degrade our government in the estimation of lovers of liberty and justice the world over, and be at the same time a grievous wrong and humiliation to every citizen of the United States, an injury to one being an injury to all."

Representative Cummings, of New York, introduced a resolution calling for all the correspondence in the case of Dr. Ruiz, who, it is claimed, was killed in a Cuban prison.

### CUBA WOULD PAY FOR FREEDOM. Se Declares President Cisneros and General Maximo Gomez.

New York, Feb. 24.-The World publishes an autograph letter written to that paper by Salvator Cisneros, president of the provisional government of the Cubans, and countersigned by Maximo Gomez, the general in chief. The letter was approved by the socalled cabinet of the provisional government, and bears the seal of the infant republic. It is in reply to the question:

"Do you believe that the war can be ended on the basis of independence by the payment of an indemnity by Cuba Spain, with the United States as arbitrators?"

The letter says in part: "On the basis of independence it will be possible to enter into negotiations. This should provide for the evacuation of the island by the Spanish and for the future relations between Spain and the new Cuban republic. We believe there should also be included an indemnity to be paid Spain provided the amount is reasonable.

"But if done it should be done as soon as possible. The indemnity should prevent the further loss of blood and money, and it would save the economic resources of the people who have sworn to the complete destruction of the island before they will submit anew to the dominion of Spain.

"Cuba can pay less as the time passes, not only because each moment she earns less, but it will be increasingly difficult for her to fulfill the stipulation and agreements she is now able to make.

"We would not deem it advisable for the United States to Intervene as arbitrators, providing always that the Island of Cuba shall not sacrifice

thereby her own sovereignty." This letter, which is foewarded by Sylvester Scovel, The World's correspondent now imprisoned at Sancti Spiritus, was, it is stated, obtained exactly one week before he was caught while trying to reach the sea coast. He had forwarded a copy by a pacifico to be cabled to his paper. The messenger was also caught by the Spanish. Scovel writes:

"The Cubans can afford to pay a very large amount, and I am in a position to state that they will do so. Cuba will accept any peaceable means laid down by the United States that will secure their independence. Last year General Gomez authorized the statement that in his opinion the Cubans would even go as far as to allow the United States to administer the finances of the island until such time as any loan secured from or in that country should be repaid."

General Lee's Threatened Resignation. Havana, Feb. 24.-In an interview last night Consul General Lee said: "I will resign if not sustained by the state department. The question at issue was not the death of Ruiz, but related to Charles Franklin Scott, who was 13 days in communicado. I asked that he be placed communicado immediately. Scott is already communicado, and the question has lost its im-

Mrs. Cleveland will devote the next week to becoming settled in her new home. She will return to Washington to attend the inaugural ceremonies, but the children will re-

THE RIVAL POPULISTS.

Sovereign Chosen President by the Gather-

ing at Kansas City. Memphis, Feb. 24.-Yesterday's session of the National Reform Press association was full of interesting talk. The discussion was precipitated by the statement of Secretary Parker that he had received an official communication from the Nebraska Reform Press as- pletely blocking the channel from bank sociation which preferred charges against ex-President Vandervoort, and miles below. About half the fleet were asked that Mr. Vandervoort be tried and expelled from the association. Mr. Parker said the communication had charged Mr. Vandervoort with being a paid spy of the Republican party acres of ground, are all under water and a traitor to Populism. Mr. Vandervoort demanded an investigation, was exonerated and his accusers denounced. In response to telegrams from the kansas City meeting, desiring to know if members who joined the organization at Memphis would be required to sever co-operation with the free silver forces, the Memphis convention in reply cited sections 1, 2 and 3 of the association's constitution, which gives the executive board power to suspend any member who is not in accord with the St. Louis and Omaha platforms. The convention completed its work today.

Kansas City, Mo., Feb. 24.-The Populists in convention here finished their business last night, and adjourned to meet in Omaha next year. A new organization was formed, called the Union Reform Press association, and J. R. Sovereign, the Knights of Labor leader, was chosen president. The resolutions "deplore any tendency to divide into factional differences the forces arrayed against plutocratic elements, but state it is a part of the organic law of the association to recognize the absolute necessity of forbearance, toleration and liberty in our words and actions with all natural friends, to the end that we may be united for all practical intents and purposes. While we favor the principles above party, we counsel the preservation of the People's party organization and favor a co-operation with other friendly bodies.'

Remarried Widows' Pension Bills Vetoed. Washington, Feb. 23.-The president yesterday returned to the house without his approval bills pensioning Mrs. Mary A. Veil and Mrs. Mary A. Free-man. In the case of Mrs Veil the veto message says that the widow of Major W. D. Sanger having remarried, she long ago by her own deliberate act surrendered a right to draw pension as the widow of Major Sanger. A further objection is that it is not shown that the death of the first husband was due to injuries received in his army service. Neither he or his widow, while she remained such, presented any claim for pension. The case of Mrs. Freeman and of Maria Somerlat, whose pension was also vetoed. were similar to the case of Mrs. Veil.

A Twelve-Year-Old Heroine.

Bloomfield, N. Y., Feb. 24.-Florence Hart, 12 years old, is halled as the heroine of Klinepoint today, and the villagers have thronged the house of a neighbor who gave the Hart family shelter to see the intrepid girl who carried her baby brother through fire and smoke and saved his life. The Hart home caught fire when all were asleep by the explosion of a lamp. Florence and her parents escaped barefooted, each parent thinking the other had the baby. The father started back, but Florence was ahead of him, and soon came out with the baby in her arms and her night dress on fire. Florence was severely burned.

McKinley's Cabinet Complete. Canton, O., Feb. 20,-Major McKinley has completed his cabinet by the selection of John J. McCook, of New York, for attorney general. The cabinet complete is as follows: Secretary of state, John Sherman of Ohio; secretary of the treasury, Lyman J. Gage of Illinois; secretary of war, Russell A. Alger of Michigan; secretary of the navy, J. D. Long of Massachusetts; secretary of the interior, Joseph Mc-Kenna of California; postmaster general, James A. Gary of Maryland; forney general, John J. McCook of New York; secretary of agriculture, James Wilson of Iowa.

Big Increase to Forest Reservations. Washington, Feb. 23.-The president celebrated the 165th anniversary of the birth of George Washington by issuing 13 executive orders far reaching in their effect. On the recommendation of Secretary Francis and a forestry commission of the National Academy of Sciences the president signed and promulgated 13 proclamations establishing as man, additional forest reservations, containing an aggregate area of 21,379,840 acres. These reservations lie in the states of Washington, South Dakota, Wyoming, Montana, Idaho, California and Utah.

Immense Damage Caused by the Rising of the Rivers.

HALF A MILLION DOLLARS LOST

In Pittsburg and Allegheny Alone, and Over Ten Thousand Men Made Idle in That Vicinity-Villages on the Ohio River Made Uninhabitable.

Pittsburg, Feb. 24.-The flood now raging here will probably equal the great flood of 1884, which measured 24 feet. It is impossible to estimate the damage the present rise is doing, but \$500,000 will be putting it mildly to Pittsburg and Allegheny alone. Along the lowlands in the vicinity of each the rivers have been submerged since yesterday noon, and the food did not cease increasing until midnight. More than 10,000 men have been made

idle by the rise, as many of the mills

are located on the banks of the river.

The water has invaded the heart of the

city and flooded the cellars and stop-

ped traffic in many places, notably Sixth and Market streets, popular thoroughfares. A large part of Allegheny has apparently been blotted out. Many people are made homeless along the banks of the Allegheny river. Beginning at Brownsville, on the Monongahela river, California, Monongahela City, Charlerol, east and west of Elizabeth, Port View, McKeesport, Turtle Creek, Bessemer and many smaller hamlets have been inundated. or partially so, causing much suffering. THE RISE IN THE ORIO. Observer at Cincinnati Predicts That Sixty Feet Will be Reached.

Cincinnati, Feb. 24.-Monday night in the absence of any great cloudburst at the headwaters of the Monongahela river, no one dreamed that the river would reach a maximum of over 55 feet. Opinions changed yesterday when it was learned that a flood in the Allegheny was coming down just late enough to pile in on that of the Monongahela. The signal service observer here now predicts that 60 feet will be reached at Cincinnati by tonight. At 9 o'clock last night the stage here was 54 feet 3 inches, a rise of 3 feet in 12 hours, or 3 inches per hour. Reports from points above show rapid rises from Pittsburg to Cincinnati. At Catlettsburg, Ky., 100 houses are more or less submerged, and a few more feet will affect every business house in the city. Cellars on Front and Third streets, at Portsmouth, are flooded. and many people are driven from their dwellings. Portions of Maysville, Ky. and much of Aberdeen, O., are submerged, driving families from their

On the Big Sandy river the villages of East Point and Solyerville have been made uninhabitable. It is reported that a family of six were arowned at Solyerville. At Louisa, Ky., all mails are stopped and all telephone wires are down. Here in Cincinnati and vicinity the towns of Dayton and Bellevue and portions of Newport, Ky., are already suffering much inconvenience. Water in Cincinnati has invaded the Central depot and compelled the Big Four and J. other roads to seek higher grounds. If the river should reach 60 feet the loss in all the places mentioned above will be greatly increased.

Big Loss in Southeast Kentucky.

Louisville, Feb. 24.-The river is rising at the rate of two inches an hour. and it has reached the stage of 24 feet The weather bureau predicts that there will be 30 feet of water on the falls before the rise subsides. In this event there will be much damage done to the lowlands along the river fronts. Already the occupants of houses along the river front are seeking higher grounds. Specials report damage to farm property and log booms, but very little loss of life. Abe Reed, a negro, was drowned at Jackson, where the Kentucky river is up 38 feet, and Jonas Tyree was drowned in the Powell river near Donkeyville. The loss in southeast Kentucky will reach \$200,000.
