So John thinks it would not be more than proper that Daniel should serve seven years for his daughter Annie. But John is not willing to let Daniel go and he has asked him what wages he will take to stay longer. Daniel said that if John would give some of the cattle he would stay and take care of John's farm. For he disproves of that kind of amusement. He says, "time once lost, can never be regained." This is very true, and we would advise the scholars to imitate their teacher's example and apply themselves to their books, to cultivate their undeveloped talents, for usefulness, that they may be as bright and shining lights in society. GRAVEL CURED

(Philadelphia, Penn., Item.)
A healthier, heartier, happier man than John J. Neill, of 2437 North Eighth street, Philadelphia, could not be found in a day's search. The fact that he is still alive is a constant wonder to his friends. In the fall of 1889 he began to suffer indescribable miseries from stone in the bladder. Consulting an eminent physician in Philadelphia, he was told that a surgical operation was necessary. So much did he dread the result, for if unsuccessful, it meant death, that he put off the evil day as long as possible. While in this frame of mind, he heard of

DR. DAVID KENNEDY'S FAVORITE REMEDY

Although disheartened, on July 1, 1893, he bought a bottle of it, and within a month had experienced beneficial results, and before he had finished the third bottle, the gravel was completely dissolved and his sufferings at an end.

Mr. Neill feels that he owes a lasting debt of gratitude to Dr. Kennedy's Favorite Remedy and for disorders of the bladder and urinary organs says "it will effect a cure if one be possible."

Favorite Remedy is prescribed with unflinching success for rheumatism, dyspepsia and nerve troubles in which it has cured many that were considered beyond the aid of medicine. All druggists, \$1.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggist price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Centre Democrat and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
