### FATAL TENEMENT FIRE.

Four Lives Lost Through Suffocating Smoke in New York.

FIREMEN COULD NOT REACH THEM

Young Mother Found Dead with the Lifeless Body of Her Babe in Her Arms, While Her Friend Lay Dead

New York, March 31.-Three persons. two women and a baby, were smothered to death by smoke yesterday in the double brown stone five story dwelling house No. 61 West One Hundred and Fifth street, which was partially destroyed by a fire that originated in a dumb waiter in the basement of the building, spread to an air shaft and from there up through the house. The dead are Mrs. Elizabeth French, 28 years old, her 6-months-old child, and Miss Ellen Morrissey, of Al-

bany, who was visiting Mrs. French. The body of Mrs. Thomas Darlington was found in the ruins at 1 o'clock this morning, making four dead. It is now believed that her 5-year-old son Thomas has also been burned to death.

Ten families lived in the house, but there were no men on the premises when the fire broke out. All of the women and children on the first four floors got out of the burning building, although a number of them had narrow escapes on account of the dense smoke. The three persons who lost their lives were the only occupants of the fifth floor when the fire broke out. The flames spread so rapidly that the stairway leading from the fourth to the fifth floors was destroyed before Mrs. French or Miss Morrissey became aware that the house was on fire, and there was no chance for them to get

They ran to a window overlooking a street and made their presence in the burning building known to the firemen, who were already at work fighting the flames. Several men mounted to the roof with ropes, but it was scarcely possible for them to stand because of the heavy smoke that poured from the air shaft opening An attempt was made to reach the window where the women had been seen, but it was of no use.

As soon as the fire was under control the firemen got into the room where the women were seen. One of the women lay dead on a couch, clasping tightly in her lifeless arms the body of an infant. Near the front window was the body of another woman. They had all died of suffocation.

### CYCLONE IN OKLAHOMA.

Twenty Persons Reported Killed by

the Death Dealing Wind. Guthrie, O. T., March 31.-According to reports received here 20 lives were lost last evening in a cyclone that swept over Chandler, a town of 1,500 inhabitants, 50 miles east of here. It is reported that only two buildings were left standing.

In addition to the 20 persons reported killed, rumors say that fully a hundred and fifty were badly injured. The Mrs. Henry Mitchell, Mrs. Thomas Smith and John Lawson, a lawyer.

The cyclone struck at 5 o'clock in the evening. The court house, in which Chief Justice Dale was holding court, was taken off its foundation. All communication with Chandler is now cut off. The telephone office was destroyed, and the only information received here was from a telephone connection made a mile and a half out of Chandler. That has since been lost.

Dangers of the Panama Scandals. Paris, March 31.-The revelations in the Panama scandal will be far reaching in their effects. They are likely to cause an outburst of national indignation on the widest scale. The exciting proceedings in the chamber of deputies during the last day or two give only the most slender notion of the panic which pravails in every branch of the public life of France. Names are openly mentioned in the lobbies of parliament and the precincts of the Palias Bourbon which, when they reach the ears of the constituencies. will spread distrust throughout the whole country. One of two things will happen-either the position of the Socialists will be greatly strengthened or the republican form of government will be dissolved or constitutionally revised.

Blown to Pieces by a Tunnel Explosion Chicago, March 31.-Two men were killed and four seriously injured by an explosion in the northwest water tunnel at the foot of Oak street yesterday. The dead are Owen O'Malley and Peter Gallagher. The injured are Thomas Gallagher, Dennis Hayes, Patrick Conway and George Blank. The explosion took place at a point 2,300 feet out in the lake, where excavation was in progress for a water supply inlet. An unusually heavy blast had been prepared by the The fuse had been lighted and the warning given the men to get a safe distance away. O'Malley and Gallagher stayed behind for an instant, and were within but a few feet when the explosion occurred. They were literally blown to pieces,

Three Men Blown to Bits,

Philadelphia, March 27.-Three men were blown to atoms and ten persons. including two women, injured by an explosion of nitroglycerin at the Repauno Chemical works, near this city, yesterday. The dead are: James Ham Ilton, aged 30 years; Charles Wright, aged 25, and J. T. Stiles, aged 28. All were married.

Palmer for Public Printer. Washington, March 31 .- The president yesterday sent the following nominations to the senate: Frank W. Palmer of Illinois, for public printer; Alexander M. Thackara of Pennsylvania, consul at Havre, France, Mr. Palmer was public printer under the Harrison administration.

Andrew Carnegle's Helress. Greenwich, Conn., March 31 .- Andrew Carnegie received news yesterday of the birth of a daughter in his New York home, where Mrs. Carnegle went a few days ago. It is their only child. Mr. Carnegie was able to be out of doors yesterday for the first time since his dangerous attack of pleurisy about five weeks ago.

GENERAL RIVERA CAPTURED. He Succeeded to the Command of the

Late General Maceo. Havana, March 30.-General Hernandez Velasco, continuing his opera-tions in the hills of Pinar del Rio with the columns of troops under his command, was engaged Sunday morning at Cabadezas, in the Rio Hondo district, with an insurgent force numbering about 100 men under General Ruis Riv era. The insurgents were dispersed and the position they occupied was captured after an hour's fighting. The troops captured a number of prisoners including Major General Ruis Rivera, his chief of staff, Colonel Ballaco, and Lieutenant Terry, General Rivera and Lieutenant Terry were both wounded. General Rivera succeeded General Antonio Maceo in command of the insurgent forces in Pinar del Rio, and he is considered next in military importance to General Maximo Gomez. General Rivera and his chief of staff were brought in prisoners at San Cris-

adjutant of General Rivera, died while on his way to San Cristobal. He was wounded by the explosion of a Spanish shell during the engagement at Cabez-

Mr. C. E. Crosby, correspondent of the Chicago Record, was killed by a stray Spanish bullet while watching a battle at Arroyo Blanco.

Peruvians Breeding Trouble. Lima, Peru, March 31.-The issue raised between Peru and the United States with respect to the imprisonment of Ramsay, the American sailor, is becoming a serious question. The Peruvian government refuses to accede to the demand of the United States minister, Mr. McKenzie, to set him immediately at liberty. Ramsay was a member of the crew of the Cambrian Monarch. He was arrested by the Peruvian authorities at Callao about three months ago for alleged disorderly conduct. He was thrown into jail, and now has been condemned to a year's imprisonment, though without the slightest formality of a legal trial. An English sailor has been sentenced to six months' imprisonment in a similarly arbitrary fashion.

Twenty More St. Nazaire Victims. London, March 29.—The British following names are given as among London. March 29.—The British those killed: J. Woodman and wife, steamship Yanariva, Captain Weston. arrived at Greenock last night. The captain reports that on March 12 he picked up a small boat containing 16 survivors of the French steamship Ville de St. Nazaire, which foundered in the great storm of March 7 off the Virginia capes. The second officer of the Ville de St. Nazaire, Pierre Nuoale, is among the rescued, who will be taken in charge by the French consul at Glasgow. They had been without food and water for four days, and were in a terrible condition. The British steamship Maroa has rescued four St. Nazaire victims.

Confirmed by the Senate.

Washington, March 31.-The senate in executive session yesterday confirmed the following nominations: Edgar Thomson Scott of Pennsylvania, second secretary of the embassy of the United States at Paris: James M. Millikan, marshal western district of North Carolina; Commodore Joseph N. Miller, rear admiral in the navy; Passed Assistant Surgeon H. B. Fitts, surgeon in the navy. The senate committee authorized favorable reports on Joseph L. Bristow of Kansas, to be fourth assistant postmaster general, and William S. Shallenberger of Pennsylvania, to be second assistant postmaster general.

Crete's Appeal to the Powers. Athens, March 31 .- A committee of the Cretan delegates at Athens has addressed an appeal to Queen Victoria, President Faure. Emperor William, Emperor Francis Joseph and the czar, imploring them to revoke the cruel decision of the admirals of the international fleet, who would "compel 300,600 Cretans, by the tortures of famine, to accept a constitution which would expose them to fresh sufferings in the future." The appeal concludes with the demand that the Cretans be allowed to unite with Greece, where all is flourishing.

Butterworth, Draper and White Placed Washington, March 31.-The cabinet meeting yesterday was short, and so far as can be learned was unimportant. Secretary Sherman, who is suffering from rheumatism, was the only absentee. It is expected that one or more nominations will be made today, among them that of Benjamin Butterworth, of Ohio, as commissioner of patents; General Draper, of Massachusetts, as ambassador to Italy, and Andrew D. White as ambassador to Germany.

General Ruger's Retirement. Washington, March 31 .- In anticipation of the retirement of Major General Thomas H. Ruger, commanding the department of the east at New York, Friday next, Major General Wesley Merritt, commanding the department of the Missouri, at Chicago, has been notified by the secretary of war to make arrangements for his early transfer to that command.

Ex-Congressman Conn Acquitted. Washington, March 31. - Ex-Con gressman Charles G. Conn. of Elkhart. ## A RETROACTIVE LAW.

The Dingley Bill to be Enforced Before Its Final Passage.

TO TAKE EFFECT AFTER APRIL 15

An Amendment to That Effect Agreed Upon by the Republican Members of the Ways and Means Committee. Precedent for Such Action.

Washington, March 31. - Chairman Dingley and his colleagues of the ways and means committee will attempt to have the duties imposed by the new tariff bill go into effect before the bill becomes a law. This novel and much discussed policy was definitely resolved upon at a meeting of the Republican members of the committee, and a sub-committee consisting of Representatives Grosvenor of Ohio, Tawney of Minneapolis and Dalzell of Pennsylvania was authorized to report upon the proposition. They presented an amendment which they had written, and their colleagues instructed Mr. Grosvenor to offer the amendment today in the house. There is no doubt that it will be adopted by a party vote. The substance of the amendment is as follows:

The duties imposed by the bill shall be enforced and collected on all goods imported subsequent to April 15 and prior to the passage of the act, not purchased or in transit prior to April 1. It creates a lien upon the goods thus imported for the amount of the duties imposed, and also makes the importer and the person in whose possession the goods may be found, if not a retail merchant or a carrier, liable for the amount of the duties, or for the excess imposed by the bill above the amounts such articles may have paid. It also requires customs officers to retain samples of imported goods, to the end that the evidence of identification may be preserved. It provides for bringing suits to recover the duties, both against importers and wholesale merchants.

Letters have poured in upon Mr. Dingley and his colleagues this week from importers, asking what was proposed to be done in the matter. The first intention was to have the amendment provide for enforcing the new rates on the 2d of April, two days after the bill is to be passed by the house, but this seemed distinctly unfair to dealers who might have ordered goods before that date. If importers can place their orders and get goods through the custom houses before April 15 the amendment will not affect them, but they will be obliged to take their chances in such attempts.

While there is much doubt expressed by members of congress as to the validity of the proposed amendment, and as to its acceptance by the senate, it will doubtless have the effect of discouraging importations while the bill is pending before the senate. Importers will hardly care to run the risks of the litigation in which they might become involved.

The chief precedent on which the committee relies to sustain its action is a decision of the supreme court growing out of the Wilson act. That act did not become law until Aug. 28. 1894, although the bill stated that th duties therein imposed should be levied on and after Aug. 1. It was before congress, therefore, nearly a month after the time fixed for its beginning. and as the house accepted the senate amendments without sending the bill to a conference between the two houses the intention of the leaders to change the date of its enforcement in con ference could not be carried out. The supreme court decided in effect, however, as its opinion is interpreted by the ways and means committee, that the rates of the act become operative on the date declared by the act, although that date was 28 days before it became law. There are also decisions by state courts in cases involving taxation which the committee will quote as authorities.

Shock's Remarkable Endurance. Washington, March 31.-All previous blcycle records were eclipsed at midnight by Shock, the veteran rider. At that time he had made 775 miles, which is six miles ahead of Teddy Hale's Madison Square world's record. He has been off the track but one hour and eighteen minutes since the race commenced, and has not slept one minute of that time. His wonderful powers of endurance are standing him in good stead, and his admirers are confidently expecting him to reach 2,000 miles in the six days, the best previous record for that time being 1,905 miles. Lawson, the Swede, though nearly 100 miles behind the leader, is regarded as his most dangerous competitor.

The Largest Bonus Ever Paid. New London, Conn., March 30 .- The gunboat Heiena made her official speed trial trip yesterday in the course on Long Island sound, and succeeded in making 15.8 knots per hour over the entire course. This gives the Newport News Shipbuilding and Drydock company, her builders, a bonus of about \$56,000, which, in proportion to the contract cost of the ship, is the largest bonus ever paid.

Eighteen Months for Dr. Luis. Baltimore, March 30 .- Dr. Joseph J.

Luis, convicted of fillbustering, was sentenced in the United States court yesterday to jail for 18 months and fined \$500. Ball was refused pending an appeal.
