The News Gathered From Various Sections

**HAPPENINGS IN CENTRE CO**

What our Army of Alert Correspondents see and observe worthy of note—The local happenings of every community will be gladly published—Send the news we will publish it.

**WALLACE RUN.**

Some of our farmers are busy turning the surface of mother earth, to sow their spring crop.

The home of Mr. Harry Bottorf was gladdened by the arrival of a young daughter.

Mr. Corney Freil, who for the last few years was working at Cherry Run, has returned home where he expects to remain for a few days.

**FUNERAL:**—The funeral of the ten months old son of James Walker was largely attended. Interment took place at the Messiah's church; after the services were over at the grave the corpse of Miss Phoebe J. Miller, of Pleasant Valley was brought there for interment. Miss Miller was 23 years, 10 months and 22 days old and in the prime of life was called to her home beyond the skies. Deceased was a member of the U. B. church for several years and always tried to live a true christian life. Rev. J. F. Kelley conducted the funeral services of both corpses; that of Mr. Walker was preached at the house and that of Miss Miller at the Messiah's church.

Chronicler, the sheriff, was seen in our part of the town on official business on Monday; he seems just as pleasant in the performance of his official duties as when he was around looking up his many friends before the election.

Rev. C. C. Miller, of Bellefonte, was seen in our midst on Monday last.

On Saturday, of last week, the sale of the quilt by the Womens Aid Society took place, the number of names of those paying to have their names on the quilt were 286. The ladies raised some sixty-five dollars by the quilt. Mr. Milligan Walker purchased the quilt for \$7 and then donated it to the parsonage. We believe that the person that shall be sleeping under such a number of names cannot fail but have pleasant dreams.

**ENTERTAINMENT:**—On Friday, of last week, our schools closed with an entertainment gotten up by the teacher and pupils of the school. The boys and girls of the school deserve praise for the recitations and music which they gave. The school room was filled to its utmost by citizens and visitors, most of which were pleased by the entertainment yet we have reason to believe that not all the ladies were pleased for the many truths which were read to them from the paper, the "Annulet." To hear a man curse of an untruth is bad enough, but far worse to hear a lady curse about hearing the truth; some of the ladies were found guilty of such a crime, for by the countenance of their faces almost anyone could discover it. Young ladies beware of this when you find your names in a paper gotten up by the pupils of a country school, for what might the record be when you can not conceal all your faults, keep your records clear. After the exercises were over the school and audience was addressed by E. L. Chambers, of Bellefonte, John P. Potter, of Milesburg, Rev. J. F. Kelley and Elias Hancock. Mr. Chambers made some complimentary remarks about the exercises and said they must, by the performance of their work, have been under the instruction of a master of the profession. After the different addresses by the citizens were made the teacher, Mr. I. A. Zeigler, made his farewell speech, his talk was chiefly about the duties of parents to their children in school work. He brought out very clearly that when a child is reproved at school for a misconduct and the parent admits him to stay at home on such grounds, that the parents should themselves go to school and more thoroughly educate themselves and then see the interest of their children. After the farewell address the exercises were brought to a close by prayer.

The farmers seem very well pleased with the present outlook of crops; for no doubt quite a number have been found on buckwheat cakes during the winter.

Mrs. Mary Watson, of Milesburg, moved to Gum Stump on the property known as the "Old Long Property." The house was vacated by Mr. David Hampton, who moved to Glen Harris, on the property of Irvin Bennett.

Mr. C. S. Lucas and I. A. Zeigler have left this place, after the close of their schools, for Bloomsburg, Pa., where they will attend the State Normal. May success go with the young men.

**CURE FOR LOVE:**—Take two ounces of dislike, one pound of resolution, two grains of commonsense, two ounces of experience, a large sprig of time and three quarts of cooling water of consolation. Set them over a gentle fire of love, sweeten with the sugar of forgetfulness and skim with the spoon of melancholy. When cool, cork in a bottle of your heart and take in small doses, when the spell comes on. It cures me and my case was hopeless. A. KID.

**HOW TO FIND OUT.**

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stands in it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggist price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Centre Democrat and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

**SOME INTERESTING FACTS ON MERCHANT TAILORING**

Every man should know the difference between genuine Merchant Tailoring, which means that your clothes should be made in this city by skillful labor, and sewed principally by hand, with best quality and that they are properly fitted, by being tried on before being finished, and

SO-CALLED "Merchant Tailoring," offered you by agents, who locate here temporarily, and who are not merchant tailors, but send your order away to be made out of town; this means that your measure is sent to the nearest large city and the clothes are made up the same as Ready-Made Clothing, in factories, sweat-shops, or tenement houses. Or else your measure is sent to some large Ready-Made Clothing house, who takes a stock garment off the shelf and alters it to correspond with your measure.
