DANCING DEFENDED BY A BISHOP.

He Thinks Certain Worldly Diversions are Unjustly Condemned.

The Rt. Rev. Bishop Seymour of the diocese of Illinois has been at Indianapolis, Ind., aiding in Lenten services at St. Paul's cathedral. The Bishop, in a conversation on amusements of church members, said: "Many make the mistake of condemning with a sentence of absolute banishment certain classes of amusement, which are often absurd, it is true, but which still have their rightful place in the sphere of human relaxation and enjoyment, such as the drama, and dancing, and specified games, whereas these things are not evil in themselves. A story drawn out in detail under the guidance of the principles of art and illustrated by appropriate scenes and dress is not in itself evil. The story may be vicious and the actors may be evil in conduct, but these faults are not inherent in the drama; they are due to the accidents that the play is bad and the players demoralized. The danger consists in impressing upon the mind and conscious that things which are not in themselves intrinsically bad must be shunned as one would avoid cursing, and lying, and stealing. So when persons have been persuaded to visit the theater, for example, they feel that they have committed an unpardonable sin, and for them henceforth the die is cast. Probably more pernicious in its effects is the false teaching which prevails in regard to dancing. It is the habit of large numbers of excellent religious people to condemn dancing in the severest terms of reprobation, and to forbid their converts to dance, while with the same breath they forbid them to kill, steal, or commit other deadly sins. The effect of such teaching is most pernicious. It is in itself in that it pronounces evil what God has not cursed. Dancing is the poetry of motion, and is not inherently evil any more than is money or the drama of music." The Bishop says of the clergy, however, that they should keep out of theaters.

HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates a diseased condition of the kidneys. When urine stains linen it is positive evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp Root, the great kidney remedy, fills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effect following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggist price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the Centre Democrat and send your full post-office address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
