# TURKS WANT TO REACH LARISSA.

The Greeks, However, Are Prepared to Vigorously Defend That Stronghold-The Death of a Brave Old Turkish General.

London, April 21 .- On good authority the Associated Press is informed that the war between Greece and Turkey will not affect the situation in Crete. The powers, having guaranteed the safety of the Mussulman population had retired to his dressing room. there, will continue their efforts to autonomy.

The officials of the Turkish embassy here believe from the wording of Edhem Pasha's dispatches to the Turkish government that the Greeks will make no great stand until the Turks reach Larissa, where the main battle, it is thought, will be fought. This seems probable, as Prince Constantin, the Greek commander-in-chief, has left Tyrnavo for Larissa.

A dispatch from Milouna Pass says: Active preparations for a general advance have been in progress since daybreak yesterday. During Monday night the Greeks established themselves on the last height near Tyrnavo, opposite the position which the Turks captured Monday evening. Nechat Pasha opened the attack upon this position yesterday with a brisk firing from behind the defenses. The combatants have not yet come into close quarters. The Greeks brought up several pieces of artillery, which were speedily silenced. Edem Pasha has wired the sultan

that he gained several notable victories on Monday, occupying all the fortified positions commanding Tyrnavo. He reports that the Greeks evacuated their intrenched camp, leaving behind 30 cases of cartridges and many rifles. The Turks, he says, have retaken Velitzko, which the Greeks surprised and captured on the first day of the frontier aggression.

Late dispatches from Athens say: News has just reached here that the Greeks, after a desperate battle, have captured and burned Damasi. Another division of the Greek troops, it is reported, has traversed the Reveni Pass and captured three blockhouses. This division has almost reached Damasi, where it will effect a union with the force that captured the town. The 20,-000 troops under General Smolenitz displayed the greatest bravery.

Reveni lies 12 miles northwest of Larissa. Edhem Pasha, with a force variously estimated at from 10,000 to 14,000 troops, led seven assaults against it on Monday, but all were repulsed by the Greeks. Crown Prince Constantin has telegraphed that the Turks at that point were completely and finally repulsed.

The exact situation at Tyrnavo is place has been captured by the Turks. W. A. Hocker and R. A. Burford. The Tyrnavo was evacuated in order to was then reoccupied by troops returning from Milouna. A dispatch from Arta says that 3,000 Greeks have crossed the frontier at Bani, and a severe artillery duel has been in progress since Monday. The Greek artillery have silenced the Turkish Imrauet fort, commanding the firing along the line for about five miles. Two Greek officers and many Turks have been killed. The news of the capture of Damasi puts a new complexion upon the situation on the frontier, is a great encouragement to the Greek government, and is likely to have the most exhilarating effect upon the spirits of the depressed by the reverses of their purpose of securing a test vote. troops at Milouna Pass. This success, and the fact that the fall of Prevesa seems imminent, virtually offsets the calamity at Milouna. If the Greek divisions effect a union at Damasi, as is expected, there is almost nothing in the way of their prompt advance to Elassona. If Tyrnavo falls into the hands of Edhem Pasha and the Turkish troops sweep down upon the plain and advance to Larissa to meet the force concentrated there under the crown prince they will be between the grand divisions of the Greek army. This seems to have been the object of Greek strategy. Should the Greeks succeed in reducing the forts at Prevesa, as now seems probable, and in occupying the town with the large land force, cooperating with the bombarding warships, the road to Janina would be open and the Turkish troops in Epireus placed at the most serious disadvant-The strategic value of Prevesa to the Turkish division in Albania is that so long as it remains in the hands of the Turks it makes possible a steady line of munitions and food supplies. With Prevesa in the hands of the Greeks this line would be promptly cut, and it would be practically impossible to revictual the Turkish troops by the long land route through Macedonia. On the other hand, the Greek troops could be revictualed by sea. The death of Hafiz Pasha, the Turkish commander, who was killed in the fighting which took place in the Milouna Pass on Saturday, is greatly lamented. He was 80 years of age, and, while advancing at the head of his troops, was urged to dismount and rest. The old pasha replied: "During the Russian war I never dismounted, and why should I do so now?" Soon afterward Hafiz Pasha was wounded in the arm, but he still remained in the saddle. Later a second bullet struck him on the hand, but yet the old warrior refused to retire. Finally a third bullet broke the gallant pasha's spine, and he rolled from his saddle dead.

the "Haverstraw Brickmaker," was probably fatally injured in a boxing bout with Leslie Pearce, of Camden,

N. J., at the Olympic Athletic club, at Athens, Pa., last night. How Vernon received the injury is something of a mystery. The fight had been scheduled for 15 rounds, and at the opening of the 14th both men came up fresh and smiling. After sparring for an opening Vernon made a left swing, which Pearce cleverly countered, and both men broke away. More sparring followed, and Vernon made a vicious left lunge. Pearce ducked without attempt-

ing a return, when Vernon suddenly collapsed and fell heavily forward on his face. He was counted out, but continued to lay motionless after Pearce Vernon's second, Paul Dime, of Am-

pacify the island and endow it with sterdam, N. Y., made an effort to rouse him, but he lay still. Then several doctors pushed their way to the ringside and, upon their direction, the unconscious man was carried to his room. At a late hour he was still senseless, and the physicians gave but slight hopes of his recovery. Pearce was placed under arrest, but every other person connected with the affair managed to escape before the authorities got wind of the affair.

Throughout the contest both men appeared to be in fine form, and while Pearce was generally the favorite. Vernon put up a splendid fight. Pearce is about 24 years old and Vernon several years his senior. Both are well known lightweights.

The Olympic club is situated just across the line which divides Philadelphia and Delaware counties. It was so placed to evade the local law, which prohibits bouts of more than six rounds. There were 2,000 spectators present last night.

### Bank Robbed, Cashler Murdered.

Somersworth, N. H., April 17 .-- While resisting the entry of two desperate and determined robbers, and during a heroic futile struggle to protect \$150,-000 or more in money and securities in the compartments of the open vault of the Great Falls National bank, of Somersworth, yesterday afternoon, the cashier, Joseph A. Stickney, was struck down and brutally murdered near the desk which he had occupied for years. After killing Stickney the murderers ransacked the vault and fled with all the cash it contained, with the exception of a \$5 gold piece. As near as can be estimated about \$4,000 was taken. Joseph E. Kelly, the profligate son of a wealthy Massachusetts manufacturer, is under arrest in Montreal, and has confessed,

MORE NEED FOR RELIEF.

# FIFTEEN THOUSAND SUFFERERS.

At Vicksburg There Are So Many Clamoring for Relief That It Is Difficult to Systematize the Work-But Slight Loss of Life.

Memphis, April 21 .- The river at Vicksburg, Helena, Natchez and from St. Joseph, La., to Bayou Sara, La., is reported either stationary or falling. This condition is the result of the vast amount of water passing through the crevasse at Biggs' and Reed's levees, above Natchez, and at Hancock's, below. The levee in the immediate vicinity of Natchez continues to hold the great strain, but it is now of little interest to the planters in Concordia, Tensas and Madison parishes, as the water backed up from the breaks above and below will soon flood the rich lands of these parishes, and the rise will be almost as disastrous as if other breaks should occur. The Red and Tensas rivers today began spreading over a section of 30 miles to the interior.

Work continues on the levees, however, and everything possible is being done to hold th remainder of the levee system. Refugees continue to flock into the principal towns of the Mississippi and St. Francis deltas, and the relief committees are taxed to their utmost to provide for the wants of the destitute. At Memphis the river continues to fall. Reports from Greenville, Rosedale and Cairo state that an encouraging decline is noted.

Reports of loss of life come from Bayou Vidal, in the lower portion of Madison parish, La. The water from the Biggs crevasse caught the people there unprepared. How many were actually drowned is unknown, but Thomas Blackman, his wife and infant are known to have perished. Boats have been sent to the locality.

By the prompt measures taken by Major Willard, United States engineer, in dispatching the steamer Vidette with skiffs, to the country back of Coon's Landing, it is believed that all persons in danger will be relieved in time. The Florence, returning from there yesterday, reported no cases of drowning in the back country, though there is unquestionably great danger, and the loss of stock is believed to be heavy.

The work of relief is proceeding at Vicksburg under difficulties, the applicants being so numerous that it is a task to systematize the distribution. It is impossible to say how many persons are in need, but estimates run as high as 15,000.

Misers Robbed by Masked Burglars, Findlay, O., pril 19 .- The famous Blakesley family, living three miles from this city, were robbed and tortured at 3 o'clock in the morning by 12 masked robbers. The family consists of Mrs. Rebecca Blakesley, Eliza Blakesley, a daughter, and John and possessors of valuable oil fields, and What seems to have happened is that total result was: Call, 33; Chipley, 24; are known as misers. Both John and Smith were beaten into insensibility and Mrs. Blakesley and the daughter were bound hand and foot. Torches were applied to their feet to make them reveal the hiding place of their treasure, without avail. The robbers secured \$5,000 in bills and three gold watches. John Blakesley may die.
