Ex-Com. Garner, of Huntingdon, went to State College on Monday and submitted himself to Prof. Osman, who made an X ray examination, with a view of locating the bullet which lodged in Mr. Garner's back a number of years ago by the accidental discharge of his gun. Although a thorough examination was made with powerful appliances, the professor failed to locate the ball.

A number of persons from other points have visited the institution of late to have examinations made. A lady from Lock Haven had an examination made also to show the effect of an injured hip by a fall.

Constable's Mileage.

Judge Scott, in an opinion handed down at Easton, decided that constables were entitled only to mileage for making returns to court, and attending the polls on election day, and gave judgment to the plaintiff, Peter S. Hulsizer, in the amount of ten cents. The action was in the nature of a test case, the county commissioners having refused to pay for such services in accordance with an act of assembly, with reference to fees.

Notice of Tax Appeals.

In this issue we publish the notice for the time and place of holding the appeals from the annual assessment of 1897. This advertisement is published in the Centre Democrat as information, and is not paid by the county commissioners. As this paper goes into over 1500 homes in this county, and most of them receive no other paper, we can afford to publish the notice free gratis, for nothing, so that the public will see it.

Public Sale.

The estate of W. M. Grove, deceased, late of College twp., will offer at public sale on the premises in Lemont, Pa., on Saturday, June 12th 1897, at 1 o'clock, p. m., the following property: house and lot located in the village of Lemont, known as the W. M. Grove residence. The buildings consist of a two-story frame dwelling house, stable and outbuildings in good repair. There will also be offered for sale at the same time a lot of household goods. Terms announced on day of sale.

It is Important.

The necessity of having deeds promptly recorded was illustrated a few days ago when a gentleman residing in the South wrote to a Somerset friend to examine the records and see if the deed for his property was recorded. An examination showed that it had not been. The owner of the property had purchased the same many years ago and had neglected this important duty. Now the deed has disappeared and he will have a lot of trouble before he can make a perfect title.

AT COUNCIL MEETING.

The Committee on new boro building reported progress.

Mr. Keller offered a draft for a bicycle ordinance that was referred to the borough solicitor. It prohibits the riding on the walks, unless the streets are in a bad condition. In such cases the wheelmen must give right of way to all pedestrians and not ride at a greater speed of four miles per hour.

Wheelmen are required to carry a whistle or bell and approach all crossings by taking due precautions. Riding at a greater speed of eight miles per hour will not be permitted in the borough limits. The ordinance will provide a penalty against all persons throwing glass, tacks, nails, or any sharp pointed article on the streets that might injure horses or bicycles. Penalties are provided for all violations. This is a very sensible ordinance and will meet with the approval of all wheelmen, who are careful riders.

Jerry Shutt was sworn in as a special policeman for the cemetery.

Permission was given to Thomas street residents to connect with sewer on High street.

The usual water tax for the ensuing year was adopted.

Bills to the amount of \$210.19 were approved.

A move is on foot to increase our night police force to three men being agitated. We think Bellefonte has sufficient police protection. The boro is in need of more economy.

Worth Hearing.

The concert of the Imperial Mandolin & Guitar Club in the Bush Arcade this Thursday evening, promises to be a grand success.

One of the new selections will be "The Home Guard" quickstep, by Richard Stahl, which recently made an enormous hit during the production of Hoyt's "A Black Sheep," and of which there were over 30,000 copies sold in four months!

Among the latest hits will be sung the famous "You know what I mean," with additional new verses, and other catchy airs. Prices 35, 25 and 15c.

What We Inherit

We are not to blame for. We cannot be held responsible for the dispositions and tendencies which we derive from our ancestors, nor are we responsible for the germs of disease which may manifest themselves in our blood as a heritage from former generations. But we are responsible if we allow these germs to develop into serious diseases which will impair our usefulness and destroy our happiness. We are responsible if we transmit to our descendants the disease germs which it is possible for us to eradicate by the use of Hood's Sarsaparilla, the one true blood purifier. This medicine has power to make rich blood, red blood and establish perfect health in place of disease.

Wheelmen Have Hall the Road.

According to decisions by courts, bicyclers are entitled to half the road, the same as a team in passing any other vehicle. Drivers refusing to grant this may cause an accident for which they will be obliged to pay dearly.

Statistics on Marriage.

Of 1,000 men who marry, says an exchange, 332 marry younger women, 579 marry women of the same age, 89 marry older women and 1,000 marry more or less trouble, to which another equally retrospective contemporary adds: Of the 1,000 women who marry the 1,000 men, 579 live in degradation and misery, 332 live in luxury and are loved and cherished by their husbands.

Face Broke Out With Sores - Weak and Sickly Until Hood's Sarsaparilla Made Him Well.

"My little son was afflicted with scrofula sores and he was weak and sickly. Our physician recommended Hood's Sarsaparilla and I bought a bottle. Before he had taken all of this bottle his face began to break out with sores and one side of his face was nearly all one solid sore. I continued giving him Hood's Sarsaparilla until he had taken two bottles. The sores were then healed and he has been well and hearty ever since." Z. W. SMITH, Big Shanty, Pennsylvania.

"Everything late seemed to produce gas in my stomach. I was growing worse and friends advised me to take Hood's Sarsaparilla. When I had taken four bottles I was able to eat and feel no distress. I could attend to my household duties without the fatigue I formerly felt." ADA McVICKAR, White Hall, Pa.
