Baby's Smooth, Fair Skin

Is Due to Hood's Sarsaparilla-It Cured Him of Dreadful Scrofulous Sores - Now in Co. ealth.

"At the age of two months, my baby began to have sores break out on his right cheek. We used all the local external applications that we could think or hear of, to no avail. The sores spread all over one cian and tried his medicire, and in a week two weeks more another scrofulous looking sore made its appearance on his arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WORTEN, Farmington, Delaware.

Hood's Sarsaparilla is sold by all druggists. \$1, six for \$5. Be sure to get Hood's.
