

MOB DEFILES MILITIA.

The Lynching of a Negro in Ohio Costs Two Lives,

AND TEN OTHERS WERE WOUNDED

Soldiers Who Were Guarding the Convict Fired Twenty Volleys Into the Crowd—The Dead Were Innocent Spectators of the Exciting Scenes.

Urbana, O., June 5.—Two men were killed and ten wounded at 2:30 yesterday morning by a company of the Ohio National Guard in defense of Charles Mitchell, a negro rapist in jail at this place. In spite of the militia the mob finally entered the jail and lynched the prisoner. All of the victims were innocent citizens who were spectators of the scene of excitement.

The dead are: Harvey Bell, Urbana, shot in the head and instantly killed; Upton Baker, farmer north of Urbana. Fatally wounded; Wesley Bowen, Cable, shot in the hip; Zach Wank, Urbana, shot in the groin and leg.

One week ago yesterday Mrs. Eliza Gaumer was assaulted by Mitchell at her home in this city, near the court house. The brute accomplished his purpose. Keenly realizing her position, she requested her son to announce that she was assaulted for robbery. It was given out that Mitchell attempted to force her to sign a check for \$500. But as Mrs. Gaumer's condition became more serious the facts became known, and as it was also stated that the negro was afflicted with a loathsome disease. The negro was first held for robbery, but on last Wednesday was arraigned for criminal assault. Mrs. Gaumer was unable to appear in court, and the hearing was held at her home. As Mitchell entered her room she exclaimed: "The brute, hang him. How dare you face me again, you brute?"

Soon after the identification on Wednesday there was talk of lynching. Crowds surrounded the jail that night, and the sheriff and the local militia had trouble in protecting the prisoner. Thursday a grand jury was empaneled and it returned an indictment for criminal assault. Mitchell, disguised in a soldier's uniform, was brought Thursday night from jail into court. He waived the reading of the indictment, pleaded guilty and was promptly sentenced to 20 years in the penitentiary, the maximum punishment for his crime.

An attempt made to take Mitchell to Columbus the same night was prevented by the mob. At 1:30 yesterday morning the mob made a charge on the jail, but were repulsed by the militia, who fired twenty volleys, with the result noted. Finally, shortly after 7 o'clock yesterday morning, the crowd again rallied, broke into the jail, secured Mitchell, and promptly hanged him to a tree in the jail yard.

A Jilted Lover's Suicide.

Washington, June 8.—The throng of government clerks and others hurrying up Pennsylvania avenue yesterday were startled by the attempted murder of Miss Dorothy E. Squires and the suicide of Charles Barber, a patent attorney, who had gained much notoriety of late by his eccentric actions. Barber shot Miss Squires and then turning the revolver on himself put a bullet through his brain, causing almost instant death. Miss Squires was formerly Barber's stenographer, and he annoyed her with his attentions to such an extent that she recently appealed to the courts, and Barber was placed under bonds. Miss Squires will recover.

Stone's Lovemaking Was "Regular."

New York, June 8.—Secretary Long has received the report of the court of inquiry before which Swits Conde accused Ensign Stone, attached to the United States monitor Puritan and his friend, Ensign Osborne, of the Terror, with endeavoring to induce Marie Conde, daughter of the complainant, to elope. The verdict is "not guilty." The finding is that Ensign Stone has not in any way behaved himself in his lovemaking "in a manner unbecoming an officer and a gentleman."

The Silver Republicans.

Chicago, June 9.—At last night's session of the silver Republicans resolutions were adopted outlining the plan of action to be pursued by the party, and recommending the appointment of a national executive committee of seven, which is to have general control of the conduct of the party. The members of the committee will be named today. Charles A. Towne, of Minnesota, was elected permanent chairman of the national committee.

Powder Factory Struck by Lightning

Munich, June 8.—Lightning struck a powder factory situated about three miles from Rosenheim, exploding 11,600 pounds of gunpowder. The doors of houses at Rosenheim and at Stephanskirchen, about a mile and a half from Rosenheim, were torn from their hinges, big trees were uprooted and eleven houses were shattered. But in spite of the fearful force of the explosion, there was no loss of life.

Canovas Still the Spanish Premier.

Madrid, June 7.—The queen regent has confirmed Senor Canovas, the premier, in his ministerial powers, and the cabinet will remain in office with personnel and policy unchanged. All the leading members of the senate and of the chamber of deputies who were consulted by her majesty, as well as three marshals, have advised the recall of Captain General Weyler from Cuba.

Canadian Retaliator.

Ottawa, Ont., June 9.—The house of commons has passed in committee the third reading of Mr. Taylor's bill to restrict the importation and employment of aliens, with which is also consolidated a bill to prohibit the importation and emigration of foreigners and aliens under contract or agreement to perform labor in Canada.

For Mayor of Greater New York.

New York, June 8.—In a letter to the executive committee of the Citizens' Union Seth Low, president of Columbia university and ex-mayor of Brooklyn, intimated that he would accept the nomination for mayor of greater New York under certain conditions. There is now no doubt of Mr. Low's nomination.

ITEMS OF STATE NEWS.

Pittsburg, June 8.—W. H. Jones, former assistant city solicitor, convicted of embezzlement of city funds, was sentenced to two years' imprisonment in the Western penitentiary. Philadelphia, June 5.—President Judge Hanna, in the orphans' court, in an adjudication filed in the estate of George Bright, deceased, yesterday afternoon decided that the new direct inheritance tax to be levied upon personal property above the value of \$5,000 is unconstitutional.

Norristown, Pa., June 8.—Walter J. Kenney, who was arrested at Somerville, N. J., several weeks ago on the charge of robbing several stations of the Reading railroad, was arraigned in court here yesterday afternoon and pleaded guilty. He was sentenced to five years in the Eastern penitentiary.

Harrisburg, June 5.—Governor Hastings yesterday approved the Weller bill to protect employes of corporations in their right to form and join labor organizations. The bill provides penalties for any interference by corporations with the members of labor organizations because of their alliance with such bodies.

Wellsboro, Pa., June 8.—Frank Smith, aged 18 years, started out with a party of four other young men to walk up the mountain near Ansonia. Smith had a gun with him, and as he was climbing up some rocks he laid the gun on a rock above him. It slid towards him and was discharged. The charge of shot entering his breast just above the heart, killing him instantly.

Bellefonte, Pa., June 5.—Upon information made by Colonel W. F. Reynolds James Cornelius, of this city, was arrested and lodged in jail yesterday, charged with having set fire to the court house, the electric light plant and the armory of Company B, Fifth regiment. The electric light plant was completely destroyed. It was valued at \$35,000. Cornelius says he is innocent of the crime.

Altoona, Pa., June 9.—Monday night a committee representing the Altoona rolling mill employes, who struck against a 20 per cent reduction, conferred with the mill officials, and the latter offered to compromise by making only a 10 per cent cut. The committee reported that proposition to a full meeting of the strikers last evening, and it was rejected by a two-thirds vote. If both sides stick the mill will be unable to fill several big orders for iron.

Harrisburg, June 9.—The work done at yesterday's session of the senate was of a rather important nature. The Delaware river dam bill passed second reading, and it comes up for final passage today. The bill providing for interest on state funds passed the chamber finally, but it was amended so as to require a rate of interest of 1/4 per cent instead of 1 per cent on deposits. In the house Adam Shiffer, of Easton, was declared elected to the seat held by William H. Leh, and the latter was unseated by a vote of 119 to 22. Leh is a Democrat.

Milford, Pa., June 9.—Herman Paul Schultz was arraigned in court yesterday for the murder of his wife. The prisoner pleaded not guilty. The afternoon was devoted to impugning the jury. The prisoner expresses himself confident of acquittal. The prosecution has about 25 witnesses, two of whom are sons of the prisoner. The younger son has stated that his father pulled the pistol in his mother's hands after the shooting. The older one, who charged his father with arson in New York, will testify to previous ill treatment. Schultz declares the charge is the result of enmity of his elder son.

Shamokin, Pa., June 9.—Four persons were severely injured yesterday as a result of being thrown from a carriage by a team of horses running away. The injured ones are Daniel Huff, aged 67 years; Mrs. William Cherrington, George Zivers and Mrs. David Huff. Mr. Huff's injuries may result fatally. He had three ribs broken, his collar bone dislocated and a number of internal injuries. Mrs. Cherrington's leg was fractured and her shoulder blade dislocated. Ziver's arm was broken and Mrs. Huff was painfully bruised about the body. The horses took fright at the fall, and down the steep incline of Natalie mountain.

Wilkebarre, Pa., June 7.—After the night watchman left the big dry goods store of Komar Long's Sons yesterday morning, thieves entered from the rear and blew open the big safe in the office. The robbers no doubt thought the money from Saturday's sales were in the safe, but they were fooled. The money had been placed elsewhere for safekeeping. There was about \$50 in cash in the safe, and this was taken. From the way the burglars went about their work the police are convinced they are professional, and they may be the same gang that broke into an Allentown store one Sunday morning some weeks ago and stole over \$2,000.

Pittsburg, June 8.—A special from Ligonier gives the account of the sensational suicide of Lawyer R. S. Kuhn at Frank's hotel last night. Kuhn was to have married Miss Minnie Leasure this morning, and had made every arrangement for the wedding. He went to his room at about 9 o'clock last evening apparently in the best of spirits and without giving a hint of his purpose. Later he was found lying on the floor dead, with a bullet in his temple and his brains scattered on the wall. In the pocket of the dead man, who was said to have been worth \$75,000, was found a will in which he leaves Miss Leasure \$5,000 and the balance to his brother, John E. Kuhn, said to be a Presbyterian minister at Altoona, Pa.

Harrisburg, June 8.—Governor Hastings sent to the senate last night without his approval the concurrent resolution requesting him to state what new subjects of taxation he has to recommend to the general assembly to increase the revenues. The executive reminds the legislature that if in its duty it deems it necessary to pass additional revenue laws there is no duty resting upon him to name the subjects for taxation. As it is the fundamental law of the commonwealth that all bills for raising revenue shall originate in the house of representatives, it would be contrary not only to the letter, but also to the spirit of the constitution that all bills should originate with the executive. The governor cautions the legislators against extravagant appropriations, and says sufficient revenue can be easily supplied for modest expenditures. Both houses have voted to adjourn July 1.

Death of a Naval Commander.

Malden, Mass., June 9.—Commander George E. Winkate, U. S. N., of the Charlestown navy yard, is dead. He was born in Portsmouth, N. H., July 10, 1837, and had been in the service since 1857. In 1868 he was appointed lieutenant of the Quinnebaug, and later was transferred to the flagship Guerriere. He was appointed lieutenant commander July 13, 1870, and served on the ironclads Saugus and Ajax. May 26, 1887, he was appointed commander of the Monongahela, and in 1890-91 was commander of the Michigan in the northwest lakes.

FIREWORKS EXPLOSION

In Chicago Injures a Large Number of People.

A CARELESS WORKMAN'S FOLLY.

He Dropped a Lighted Match, With the Result That the Building and Its Contents Were Utterly Destroyed. An Impromptu Pyrotechnic Display.

Chicago, June 9.—A match carelessly dropped by one of the workmen in the fireworks factory, of M. Shure, at the corner of West Van Buren and Halstead streets, caused a terrific explosion a few minutes after 6 o'clock last evening. Most of the workmen had gone home, otherwise the loss of life must have been heavy. As it was a number of the employes were badly hurt, and the flying rockets and candles struck several people who were passing in the street cars and on the sidewalks. Following is the list of the injured:

Mrs. Maggie Kenny, struck by a runaway horse; M. Shure, proprietor fireworks factory; Fred A. Stiles, motor man on passing cable car; Andrew Lawson, conductor on same car; Phillip Sheppard, struck in back by skyrocket; Edward Hayes, passenger on cable car; Samuel Brasnik, leg broken; Patrick Hussey, several ribs fractured; unknown boy, run over by Fire Chief Swenley's buggy; C. M. Gordon, hurled through a plate glass window into a saloon; Miss Minnie Theuer, Georgie Grant, Mrs. Kate Grant, Obin Lemper, Andrew Lawson, C. N. Smith, J. F. Harris, John Beckwardt, William Blaha, Max Braselnick, Oscar Behke, Nellie Burke, Peter Bullet, Ludwig Zisow, Frank Picke, Charles Cardiff and Alpha Jones.

The force of the explosion was so great that nearly all the windows in the block were demolished, and the Shure building, which is a four story structure, was badly damaged. Immediately following the explosion the building was ablaze from cellar to roof, and the fire department had a desperate struggle before it succeeded in extinguishing the flames. The building was almost entirely destroyed by the fire, and such portions of the large stock of fireworks as had not been scattered throughout the neighborhood by the explosion were also destroyed, causing \$50,000 loss to Shure.

The explosion happened at a time when the street was crowded with people on their way to their homes, and the street cars, which pass the front of the building every minute, were packed with passengers. The flying missiles from the factory struck a number of persons, and one man who was gazing into a store window fully 400 feet distant was hit squarely in the back by a rocket. He fell to the sidewalk unconscious, and was carried to the hospital before he was able to give his name. The majority of those injured have received but trifling hurts, and will be around within a day or two.

Twenty Years For Murderous Assault

Hagerstown, Md., June 9.—Jack Lemen, of Williamsport, was found guilty yesterday upon both counts in the indictment charging him with felonious assault and assault with intent to kill Miss Lizzie Taylor, also of Williamsport. He was sentenced to 20 years in the penitentiary, ten years on each charge. The crime was committed about four weeks ago. When Miss Taylor rejected his suiting proposals, Lemen whipped out a claspknife and slashed it three times across her throat, inflicting dangerous wounds, from which she has, however, almost recovered. Lemen is said to have been drinking at the time he made the assault. The families of both parties are of the highest social position in Williamsport. Lemen is 22 years old, and Miss Taylor, a pretty brunette, his junior by four years.

Disorderly Arkansas Legislators.

Little Rock, June 9.—The session of the house yesterday was the most disorderly that has been witnessed in years. The Smith bill, a measure providing for the granting of unredeemed lands to a proposed railroad, was under discussion. The galleries and lobbies were densely crowded with friends of the measure, and the opposition on the floor sought to defer a final vote. At times the scene was almost riotous, and the services of the sergeant-at-arms were frequently necessary to maintain order. At one time the speaker was forced to suspend the session. The bill finally went over until Friday.

Five Killed in a Wreck.

Hudson, Wis., June 8.—Five men were instantly killed and four were badly injured by a collision on the Omaha railroad near Hudson Junction yesterday afternoon. The trains were running at high speed and met on a sharp curve, affording the crews no possible escape. The dead are: E. S. Hurd, Joseph Leightner, Thomas Reilly, Milton Swain, all of Eau Claire, Wis., and Reby Herman. The latter was fireman on the work train, and the others were all laborers. The bodies of all but Herman were consumed in a fire which followed the wreck.

Confession of Murder Ignored.

Chester, Pa., June 9.—The grand jury yesterday afternoon ignored the bill against James Marshall, the self accused murderer of C. A. Danne, or Hanne, of St. Louis, whose body was found along Cobb's creek, near the Philadelphia city line, on the morning of Feb. 7, 1893. Marshall was taken back to Governor's Island, he having been brought here immediately after confessing to a cellmate that he had murdered Danne. The authorities believe that Marshall concocted the story in order to be released from confinement at Governor's Island.

Death of a Naval Commander.

Malden, Mass., June 9.—Commander George E. Winkate, U. S. N., of the Charlestown navy yard, is dead. He was born in Portsmouth, N. H., July 10, 1837, and had been in the service since 1857. In 1868 he was appointed lieutenant of the Quinnebaug, and later was transferred to the flagship Guerriere. He was appointed lieutenant commander July 13, 1870, and served on the ironclads Saugus and Ajax. May 26, 1887, he was appointed commander of the Monongahela, and in 1890-91 was commander of the Michigan in the northwest lakes.

Murder in a Courtroom.

Junction City, Ark., June 9.—A tragedy was enacted here yesterday in a justice courtroom. W. B. Coffee and J. J. Sheppard, both of Eldorado, were opposing counsel in a trial before Justice Wright. During the progress of the case the attorneys became involved in a dispute. Coffee picked up a chair and Sheppard, driving a pistol, fired four shots into Coffee's body, killing him almost instantly. Sheppard is in jail.

A DUTY ON COTTON.

South's Great Product to be Taken From the Free List.

Washington, June 9.—By the decisive vote of 42 to 19, the senate yesterday adopted an amendment to the tariff bill placing raw cotton, the great product of the south, on the dutiable list at 20 per cent, ad valorem. It is the first time in the history of tariff legislation that a duty on cotton has been incorporated in a bill. The amendment was proposed by Mr. Bacon, of Georgia, on his individual responsibility, and without the approval of the finance committee, which thus far has been required for the success of every amendment except a minor one which went through by default.

The amendment led to a spirited debate. Democratic senators disclosing a wide difference of views and at times exchanging sharp personal criticism. On the final vote six Democrats—Bacon and Clay of Georgia, McEnery of Louisiana, McLaurin and Tillman of South Carolina, and Rawlins of Utah—voted with the Republicans for the Bacon amendment, while the negative vote was solidly Democratic, with one exception—Kyle, Populist.

The debate on cotton took up most of the day, and but little progress was made on the bill. Early in the day the sugar schedule was passed over and the agricultural schedule taken up. Less than two pages were disposed of during the day. The paragraph on cattle went over, but the balance of the agricultural schedule, up to and including paragraph 228, was agreed to as reported, all amendments except that of Mr. Bacon being rejected.

Declares He Is "Healer" Schlatter.

Cleveland, O., June 9.—A man who declares he is Francis Schlatter, the alleged healer, who was reported to have starved to death in Mexico, arrived in Cleveland yesterday. With him is a man named Holland Berger, of New York, who says they intend to open an institute in this city. It is difficult to prove or disprove the claim of the alleged healer, because if he is Schlatter he has shaved his beard, but there is certainly a strong resemblance between his features and some of the published pictures of Schlatter. He laughed when his attention was directed to the starvation story, and declared that he had been visiting his mother at Bordeaux, a few miles from Nashville, Tenn.

Fatal Labor Riot in Illinois.

Pontiac, Ill., June 9.—A serious labor riot occurred at Minonk yesterday. The coal miners there have been on a strike since May 1. During last week a few men had been working against the wishes of the majority. Yesterday while Superintendent A. W. Morgan and one of the bosses, Joseph Erbland, were escorting one of the men to work, a crowd of miners interfered. A fight ensued, and Morgan and Erbland commenced to shoot, killing instantly a young married miner named John Wesloski and wounding another. This so enraged the miners that they attacked Morgan and Erbland with clubs and stones, and beat them badly. Morgan died from his injuries last night.

Mortgaged For Fifty Millions.

Chicago, June 9.—A mortgage for \$50,000,000, the largest ever placed on record in Cook county, was filed with County Recorder Simon yesterday. It is given by the Lake Shore and Michigan Southern Railway company to the Union Trust company, of New York, and John T. Dye, of Indianapolis, trustee. The object of the mortgage is to issue bonds with which to refund the bonded indebtedness of the company, amounting to \$43,192,000, bearing 7 per cent interest, and to raise money for present needs. The new bonds are to bear 3 1/2 per cent interest and mature in 100 years from June 1, 1897.

The Wheel Succeeds the Dance.

New York, June 9.—The 14th annual convention of the American National Association of Masters of Dancing was opened here yesterday. J. A. Hawkins, president of the association, made an address of welcome to the delegates. He said that in common with all professions the teaching of dancing had suffered from the business depression of the last four years, and declared that the present bicycle craze had made alarming inroads on the profession, the former devotees of the dance now taking up the wheel as a means of amusement.

Will Revolutionize Iron Casting.

St. Louis, June 9.—Richard King, superintendent of the steel works at Belleville has invented and had patented a new process for annealing castings which, it is claimed, will revolutionize the iron and steel industry. Mr. King says with his process the cost can be cut in two. Iron and steel men at Belleville think his invention the most important in the history of iron manufacturing. King has applied for letters patent in all foreign countries where iron is manufactured.

Mayor Murders His Predecessor.

Jonestown, Miss., June 9.—Ex-Mayor G. B. Mosley, a banker of this town, was shot and killed yesterday by Mayor G. W. Wise in the street in front of the latter's office. Wise is in custody. A small law suit in which Mosley was interested was tried before the mayor last week, and the decision of the latter displaced Mosley. The ill feeling culminated in the shooting. Both men had firearms, and opinions differ as to which first made a threatening movement.

Charged With Criminal Negligence.

New York, June 9.—John F. Jackson, the foreman of the Coatesville (Pa.) Boiler Company, who put in the tanks in Brown's soap factory which collapsed and killed two men, was arrested and taken before Coroner Fitzpatrick yesterday on a charge of criminal negligence. Jackson was paroled in the custody of his counsel, and he will appear as a witness at the inquest, instead of as a principal charged with the responsibility of the accident.

You Can't Get Around

It. His figure is too much for a ready-made dealer. It takes a tailor to fit him as it does any other man, and we are the tailors who can do it. Our assortment of suitings is so varied, extensive, and complete that every man has a choice among first choices, a double choice, as it were, and material once selected, every other difficulty vanishes before our sartorial skill. Everything we produce claims "Highest Reward."
