

AN OFFICIAL WARNING

To Prospective Gold Seekers in the Klondike Fields.

DANGERS OF ALASKAN WINTERS.

Secretary Bliss Calls Attention to the Exposure, Privation and Suffering Incident to the Journey of Seven Hundred Miles on the Yukon River.

Washington, Aug. 11.—Secretary Bliss has taken cognizance of the rush to the Klondike gold fields and Alaska and has issued the following warning to the general public:

"In view of information received at this department that 3,000 persons, with 2,000 tons of baggage and freight, are now waiting at the entrance to White Pass, in Alaska, for an opportunity to cross the mountains to the Yukon river, and that many more are preparing to join them, I deem it proper to call the attention of all who contemplate making that trip to the exposure, privation, suffering and danger incident thereto at this advanced period of the season, even if they should succeed in crossing the mountains.

To reach Dawson City, which is over the pass, 700 miles of difficult navigation on the Yukon river, without adequate means of transportation, will still be before them, and it is doubtful if the journey can be completed before the river is closed by ice. I am moved to draw public notice to these conditions by the gravity of the possible consequences to people detained in the mountainous wilderness during five or six months of an Arctic winter, where no relief can reach them, however great the need."

GOLD FIELD GOVERNMENT.

Canada Prepared to Prevent Lawlessness in the Yukon Country.

Toronto, Ont., Aug. 10.—A special to The Globe from Ottawa says that the Dominion government has reached several important decisions in regard to the Yukon country and the working of the gold fields there. It has been decided to appoint an administrator for the district, who will have entire charge of all the Canadian officials there and be the chief executive officer of the government. Major Walsh, a former commander of the Northwest mounted police, is to be appointed to the position. The party of mounted police to leave Manitoba next week for the gold country has been increased from 20 to 35. They will take with them two Maxim guns.

The mining regulations have been amended in an important particular. At present a miner is at liberty to stake out a claim of 500 feet running along with the stream and back to the bank. This has been reduced to 100 feet, and the new regulations will go into force immediately.

A court for the administration of civil and criminal justice for the gold district has also been decided upon. Justice McGuire, of Prince Albert, is to preside over the court.

Murderous Notices From Chinamen. San Francisco, Aug. 11.—Warning notices, evidently directed against the Chinese Society for English Education, have been posted on the dead walls of Chinatown. Without being named, the society is pointed at as having been blackmailed from women of ill repute imported from China. The poster says: "Lives have been lost before for such little things, and they may be lost again." The police, who have torn down the notices, think that there will soon be more murders in the Chinese quarter.

Serious Riot in Washington. Washington, Aug. 11.—A severe wind and rain storm visited this city shortly after 5 o'clock last night, and did considerable damage. Torrents of water poured down, overflowed sewers, made streets running streams, and in the business center washed out a 14 inch wall of a big office building being constructed. Street car traffic was suspended, electric plants were materially affected and delays were experienced at the depots.

Burglar Shot Dead. Jersey City, N. J., Aug. 11.—Fredrick Stutzgen, who discovered a man robbing his saloon in the Greenville section yesterday morning, fired upon him and killed him. A confederate of the burglar, who was stationed at the side entrance of the saloon, escaped. The dead burglar had no pistol. The name Joseph Knelp, found on a slip of paper in his pocket, is believed to be his.

Senator Hensbrough to Wed. New York, Aug. 11.—H. C. Hensbrough, United States senator from North Dakota, yesterday announced that his marriage to Miss Chapman would take place in this city next Monday at 5 p. m. After the wedding the couple will go to the senator's home in North Dakota and remain until the session of congress begins.

Another Rich Find in California. Weaverville, Cal., Aug. 11.—Great excitement prevails at Trinity Centre and vicinity over a rich strike said to have been made by the drift claim of Coffee Creek. In four days parties took out gold valued at \$54,000. The gold is coarse and lies between walls of porphyry and resembles molten gold poured into the seams.

Strangled Her Little Daughter. Painesville, O., Aug. 11.—Mrs. Amanda Ely strangled her 10-year-old daughter, Mabel, and then tried to kill her son, aged 4, and then tried to cut her own throat. She and the boy were recovered. Mrs. Ely has been separated from her husband about three weeks.

Proposal to Disarm Samoa. London, Aug. 11.—The Berlin correspondent of The Daily Chronicle believes that the German government will again propose to Great Britain and the United States the complete disarmament of the Samoa Islanders.

To Exclude Spanish Anarchists. London, Aug. 11.—According to a dispatch from Buenos Ayres the government of the Argentine Republic has decided to prevent the landing of any Spanish anarchists on Argentine soil.

FATAL FIGHT FOR LIBERTY.

Desperate Life Convict's Effort May Result in His Death.

Boston, Aug. 11.—While attempting to escape from the state prison at Charlestown yesterday Herbert Willis, the young Taunton desperado who was recently sentenced to life imprisonment for the murder of Fred N. Strange, was fatally injured and his brother Edward, who assisted him in his break for liberty, was seriously wounded by the guards. Two of the latter were wounded by the Willis brothers. Edward Willis, who had gone into the prison to visit his brother, had contrived to pass a revolver to Herbert, retaining a weapon himself, and with these they tried to overcome the guards.

Herbert Willis, who is only 18 years of age, was sentenced to a life term of imprisonment last February for the murder of Frederick N. Strange several months previous. The murder of Strange was one of a series of highway robberies and other acts of a similar nature which for a time terrorized southwestern Massachusetts and the adjoining districts of Rhode Island.

Strange was murdered, apparently, for his bicycle. Willis was arrested while at work in his father's butcher shop, after a violent struggle with the police. Subsequent investigation showed that Willis had formed a cave, in which he had hidden a large quantity of plunder, which was identified by persons who had suffered from his thievery.

Train Wreckers at Work.

Phillipsburg, N. J., Aug. 11.—Train wreckers have been at work again on the Central Railroad of New Jersey, and Monday night for the fourth time in as many months their dastardly work accomplished the wreck of two fast freight trains, the blocking of the tracks until 5 o'clock in the morning and the loss of at least \$50,000. Train No. 418 was wrecked just west of White House, the engine striking a pile of ties. The engine and 14 cars were derailed and their contents scattered along the track. Engineer Shupp, of Mauch Chunk, remained at his post and miraculously escaped with his life. Conductor Matras is reported seriously hurt. Another fast freight ran into the debris, and the engine and two cars of fish were demolished. Engineer Struble and Conductor Moynahan were hurt.

Burglar Met Death at His Work.

Frederick, Md., Aug. 11.—A man whose name is thought to be George Marshall, and who is believed to have lived in Philadelphia, was shot and instantly killed early in the morning at Catoctin, Frederick county, while robbing the store of Richard Mercer. The dead man, with three comrades, effected an entrance and were plundering the store, when William Brubaker, Mercer's clerk, who had been sleeping, was awakened by the noise. He got his rifle, and creeping slowly down the steps surprised the burglars. Brubaker fired and one of the men fell with a bullet in his shoulder, which ranged downward and entered his heart. The others escaped. Brubaker was exonerated by the coroner's jury.

Cramps Sue the Government.

Washington, Aug. 11.—The William Cramp & Sons Ship and Engine Building company, of Philadelphia, yesterday brought suit against the United States government in the court of claims to recover damages alleged to have been incurred by the company in building the battleships Massachusetts, Iowa and Indiana and the cruisers New York, Brooklyn and Columbia. The complainants cite delays and defaults of the United States in furnishing the armor plate and plans under the contracts as the basis of the proceedings. The amounts claimed in the several suits aggregate the sum of \$1,736,143.

A Successful Meet of Wheelmen. Philadelphia, Aug. 9.—By long odds the greatest meet that has ever taken place under the auspices of the League of American Wheelmen was held at the Willow Grove track Saturday afternoon, and with it the 13th and most successful national meet of the organization practically came to an end. It was the crowning event of a varied program that has kept the thousands of visiting cyclists on the move ever since they landed in Philadelphia last Tuesday. Fully 25,000 enthusiasts witnessed the exciting speed contests. The racing was remarkably free from accidents.

Fugitive Counterfeiter Recaptured. Chicago, Aug. 11.—Inspector George W. Hazen, of the New York district of the secret service, left Chicago last evening with George Polycramis, otherwise known as "Greek George," a counterfeiter of international reputation, who broke from Ludlow street jail last January. Polycramis is noted as much for his daring and desperate nature as for his skill as a counterfeiter. He was the leader of a gang which flooded New York with spurious coin, and which for a long time evaded the efforts of the department agents to capture the counterfeiters.

Exploding Lamp Causes Big Fire. Cornick, N. Y., Aug. 11.—A lamp exploded in the larder shop of J. Herkin, at Greenwood, Steuben county, last night and the entire business portion of the town, excepting two hardware stores, was burned to the ground. Two fine residences were also destroyed. Firemen from Owego, Pa., Canisteo and Hornellsville came on special trains and prevented the destruction of the entire village.

Where American Vessels Lead. Washington, Aug. 10.—Consul General Haywood, in a report to the state department, states that during 1896 American vessels numbered 247, of 242,983 tons, entered at Hawaiian ports, while vessels of all other nationalities numbered 139, of 234,614 tons. These are the only foreign ports where a majority of the carrying trade is now under the American flag.

Another Delay in Peace Negotiations. Constantinople, Aug. 11.—The peace conference met yesterday at Tophané Kiosk and Zevkik Pasha, Turkish ministers of foreign affairs, submitted fresh proposals regarding the evacuation of Thessaly, the indemnity and other issues involved. This is likely to cause a tedious delay.

STOCK AND PRODUCE MARKETS.

Prices of Stocks Show a Distinctly Higher Range.

New York, Aug. 10.—The price of stocks this evening was distinctly higher than last evening, the gains extending to over a point in some of the most prominent stocks. In the early dealings the gran-

gers were subjected to severest pressure, but few active stocks escaped a loss near a point. By the time the decline and reaction had subsided the offerings began to show signs of disposition and prices soon became firm. After they resumed an upward course and advanced steadily and strongly for the rest of the day. Closing bids:

Too Much Knife!

The use of the surgeon's knife is becoming so general, resulting fatally in such a large number of cases, as to occasion general alarm.

Mr. William Walpole, of Walsworth, South Dakota, writes: "About three years ago, there came under my left eye a little blotch about the size of a small pea. It grew rapidly, and shooting pain ran in every direction. I became alarmed and consulted a good doctor, who pronounced it cancer, and said that it must be cut out. This I would not consent to, having little faith in the indiscriminate use of the knife. Reading of the many cures made by S. S. S., I determined to give that medicine a trial, and after I had taken it a few days, the cancer began to irritate and began to discharge. This after awhile ceased, leaving a small scab, which finally dropped off, and only a healthy little scar remained to mark the place where the destroyer had held full sway."
