The News Gathered From Various Sections

HAPPENINGS IN CENTRE CO

What our Army of Alert Correspondents see and observe worthy of note—The local Happenings of every community will be gladly Published—Send the news we will Publish it.

OAK HALL EVENTS.

Jas. Peters visited at E. B. Peters last week. Thos. Gramley sports a fine team of horses at present.

Mr. Andrew Weibly and wife visited at Geo. Klimes, on Sunday. Miss Behers, of Buffalo Run, is visiting at R. G. Palmers at present.

Mr. Jno. Close has recovered his watch, which he lost over one year ago. Most of our farmers are through cutting corn. The crop is a large one.

Mrs. Irvin and family, of Snow Shoe, visited at Anthony Knoff's last week. Quite a heavy rain passed over this place last week, which was greatly needed.

D. C. Gingrich and son, of Altoona, visited here and took in sights of Centre Hall last week. Our community was well represented at Centre Hall, last week, and all report having a good time.

Misses Myrtle Sowers and Emma Tressler, two of Filmore's ladies, visited friends here last week.

Veterinarian Fry, of Pine Grove, has been kept busy in our town lately. Quite a number of horses and cows are sick.

The school houses have been cleaned and are ready for school. Now, one thing our town can boast of is clean school houses.

It is evident that we have some most mighty smart people in this place, who would be thanked if they would just attend to their own business and not raise so many false reports. We hope the persons for whom this is intended will pull in their horns.

T. F. Gramly has sold his huckstering business to R. F. Evey and Fred Herman, two of as fine young men as ever crossed the mountain. They are full of business, and will always make it a rule to supply their patrons with the best of butter, eggs and other produce as can be had. They run two wagons and keep their stock up, and will treat all customers on the square.

DEATH.—It is with regret that we pen the unexpected death of Mrs. Joseph Stone, who had been sick for a brief time only. Everything that willing hands and cheerful hearts could suggest was done to alleviate her sufferings, but in vain. Deceased was a consistent member of Zion's Lutheran church, of Boalsburg, for many years and highly respected by all who knew her. She leaves to mourn the loss of a loving wife and a devoted parent, a husband and five children two brothers and three sisters, and an innumerable circle of friends. Rev. Leisher, of Boalsburg, delivered an excellent address in which he spoke of the deceased in glowing terms, for her sun had gone down while it was yet day, and thus we hope that sweet may be the sleep. She was aged 36 years, 3 months, and 5 days. The pall bearers were Messrs. Smithgal, Seanson, Sellers and Rishel. The bereaved family tender thanks to the friends and neighbors during this their sad affliction. Interment made at Boalsburg, last Saturday.

HOWARD HAPPENINGS.

The fields are beginning to look spotted with corn shocks. They report corn a good crop. W. H. Long loaded a car load of wheat, at this place, the past week at 90 cents.

The peaches in this section are very plenty. They are sold as low as 25 cents per bushel. Mr. Wm. Thomas, has recovered so far as to be able to be up again. It seems like a miracle.

Clover seed, in this section, is a good crop, and is well filled, something we have not had for some years. The refreshing shower that fell on last Thursday evening was very much needed. There should have been more of it.

Mr. E. C. McEntire, formerly of this place, now of Williamsport, was a guest of his mother-in-law, Mrs. Tipton, over Sunday.

Mrs. Sallie K. Smeltzer, formerly of this place, now of Chicago, is visiting friends at this place and was a pleasant caller at the bakery.

Our little town has four schools and we have experienced teachers for the

coming winter. The writer wishes them success and hopes every scholar may profit thereby.

Two of our farmers took a load of wheat to Bellefonte to Gerberick, Hale & Co., and secured 95 cents per bushel. Remember farmers that \$2.50 is not made on the farm every day.

The new brake mill, recently put in W. H. Long's mill, of this place, has been a great improvement to the "White Rose" flour. Mr. Long says he is about 40 or 50 barrels behind orders.

William C. Dietz, of near Mt. Eagle, purchased a new bicycle. William has opened his winter school at the Henderson school house, over in Nittany. You will see him sail to and fro daily.

Prof. Latshaw and family have returned from a two weeks visit in the eastern counties. He is the principal instructor, at this place and is now ready for good work. Our schools open on Monday.

HOWARD NO. 2.

The Howard schools begin this week. Mr. Bodle, of this place, drives a very gay horse of late.

Mr. J. Wetzel's factory men are all on the sick list, this week. The new church is being lathed at present, and will be completed soon.

Diphtheria has ceased in our town, after taking two of Mr. John Haagen's bright girls. Mr. Wm. Weber wears a pleasant smile the last few days. He says it is an eleven-pound girl.

Our correspondent, No. 1, will begin instructing the pupils of this place, this week, resuming the same position as last winter. Mr. Perry Long, one of our merchants, is talking of moving to Pittsburg this fall and starting storekeeping in that section of country.

The correspondent No. 1, in last week's issue, stated he was to Hecla on the 13th. He was one of the ball players from this place. He is a splendid wind pounder.

Since the news reached this section of the man in Warren Co. cursing about the wet weather and hearing the results, have stopped using profane language about the dry weather. We should have more such warnings in order to make better citizens.

REBERSBURG.

Our schools opened on Monday. Geo. Musser lost another horse the other week.

Some of our town farmers are threshing their crops this week. Wm. Stover, of Pittsburg, is visiting his old friends and relatives in our town.

A number of our town people have been at the Grangers picnic the last week. Miss Orpha Bierly is at home again after paying a few weeks visit to her sister Maggie, at Selinsgrove.

Thos. Roger's house is making a good appearance at the west end of our town. Thos. will soon have a fine house.

Our town is again blessed with a new confectionery, under the control of Ed. Zimmerman; we hope that the robbers will not scare him.

In the near future Snyder Miller will be our postmaster again. Snyder is just the man, then our country people can get their news at a late hour again.

SOBER ITEMS.

E. P. Zerby again returns from college for good. L. P. Smith was visiting relatives in Mackeyville, on Sunday a week.

Mrs. Robt. Hassinger is visiting her former parents Chas. Madara. Nearly everybody attended the Granger Picnic last week. Those being up on Thursday night enjoyed a rushing time.

A disappointment is nothing unusual in this vicinity, some were disappointed last week and some will be in the near future. Elmer Boob lost another one of his best horses. This is the third horse that he has lost this summer. He also lost a cow, some calves and swine.

FAMILY REUNION.

Among the many pleasing events of the summer, the Miller family reunion, held at the Miller homestead, at Hubbersburg, justly deserves place. Early on Thursday morning the family and all invited guests began to gather, at the Miller homestead, at the lower end of town, and by noon at least eighty persons were present.

In the grove back of the house a most bountiful repast had been prepared and as the guests gathered around the table, all joined in singing, "Praise God from whom all blessings flow," after which the divine blessing was invoked by Rev. Runkle.

In the afternoon a program which had been prepared was most excellently rendered, consisting of an address by Rev. Runkle, a recitation by Mrs. Runkle, and a few appropriate hymns.

The Miller family is one of the oldest and most influential of the valley. Father John Miller, deceased, was among the early settlers of the valley and the family has resided here ever since.

He was the father of eight children, six of which are still living and were present at the reunion, namely: Mr. Dr. Adams, Mrs. Goodhart, of Centre Hall; Mrs. Ertley, of Jacksonville; Mrs. John Long, Parvii; Michael Miller, Madisonburg; and John Miller, Hubbersburg.

Before parting, all gathered around the organ and sang "God be with you till we meet again." It was a day most enjoyably spent. "A GUEST."

What Do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it, 15c. and 25c.

The laying of the foundations for the tank will have a capacity for holding 5,000 pounds of glass. The preparations are being pushed with the end in view that glass making can begin between the 1st and the 10th of October.

Tyrone is moving to secure a glass factory. George W. McGraw, of Pittsburg, has offered to operate a plant there on the co-operative plan, if the citizens of the town donate the land and erect the buildings. This they propose doing very rapidly and the ground has already been donated and surveyed, while most of the money has been subscribed for the buildings.

THE DERBY JACKET, OPENING OVER A SHIRT-WAIST OF PLAID SILK.

Nothing in the way of a Summer jacket is so popular as the blazer. It is worn over shirt-waists of silk, cheviot, gingham, lawn or dimity. The blazer shown in the illustration is made of blue cloth with velvet as an inlay in the collar and pocket-laps. The jacket is fashionably known as the Derby and may be worn open or closed. When the jacket is worn open the fronts may be rolled in lapels to the waist or in small lapels to the bust. It is optional whether the lower front corners shall be round or square in shape. The sleeves

stand out at the top in the way now approved and the fitting is accomplished with great precision, the sides and back clinging closely to the figure. Jauntiness, grace and good style distinguish the jacket. It is invaluable at the seaside and mountain resort for there are many occasions when an outer garment is needed yet one that is not cumbersome is most satisfactory. Any bright or dark colored shirt-waist may be worn with the jacket.

The Butterick patterns are jacket No. 9231; 7 sizes; ages, 16 to 16 years; any size, 25 cents; and shirt-waist No. 9141; 7 sizes; ages, 16 to 16 years; any size, 20 cents.

Baby's Smooth, Fair Skin

Is Due to Hood's Sarsaparilla - It Cured Him of Dreadful Scrofulous Sores - Now in Good Health.

"At the age of two months, my baby began to have sores break out on his right cheek. We used all the local external applications that we could think or hear of, to no avail. The sores spread all over one side of his face. We consulted a physician and tried his medicine, and in a week the sores were gone. But to my surprise in two weeks more another scrofulous looking sore made its appearance on his arm. It grew worse and worse, and when he was three months old, I began giving him Hood's Sarsaparilla. I also took Hood's Sarsaparilla, and before the first bottle was finished, the sores were well and have never returned. He is now four years old, but he has never had any sign of those scrofulous sores since he was cured by Hood's Sarsaparilla, for which I feel very grateful. My boy owes his good health and smooth, fair skin to this great medicine." Mrs. S. S. WORTEN, Farmington, Delaware.

Hood's Sarsaparilla is sold by all druggists. \$1, six for \$5. Be sure to get Hood's.

Hard Questions. One of our exchanges propounds the following: "You can any day see a white horse, why do you never see a white colt? Why does a horse eat grass backward and a cow forward? Why does a hop vine always wind one way and a bean another? Where should the inside of a chimney be the bigger, at the top or bottom, and why? Can you tell why a horse tethered with a rope always unravels it, while a cow twists it into knots? Why do leaves turn upside down before rain? What is the length of a flour barrel? What animals have no upper teeth in front, and why?"
