**Make the Most of Yourself.**

It is the duty of every man to make the most of himself. Whatever his capacities may be, he is sure to find some place where he can be useful to himself and to others. But he cannot reach his highest usefulness without good health and he cannot have good health without pure blood. The blood circulates to every organ and tissue and when it is pure, rich and healthy it carries health to the entire system, but if it is impure it scatters disease wherever it flows. Hood's Sarsaparilla is the one true blood purifier. It cures salt rheum, scrofula, catarrh, dyspepsia and rheumatism because these diseases have their origin in the blood.

**Rheumatism, Oh the Pain!**

The aches and pains of Rheumatism become a constant companion to all who are victims of this disabling disease. Much suffering could be avoided if the first warning pains of Rheumatism were heeded and the proper treatment at once taken. But the people generally are not acquainted with the cause of the disease, though thousands know its tortures. Those who use liniments and ointments cannot understand why they grow worse each winter, and find themselves gradually becoming unable to get around as they once could; yet they know that their trouble came on at first as little aches and pains, which hardly attracted their attention.

Everybody should know more about rheumatism; they should know that it is a peculiar condition of the blood upon which all the liniments in the world can have no effect whatever. The best blood remedy is needed—one which is able to go to the very seat of the disease, and force it out. Swift's Specific (S.S.S.) is the right remedy for Rheumatism, because it is the only blood remedy free from mercury, potash and other minerals which intensify the disease, causing stiffness of the joints and aching of the bones.

Swift's Specific being a real blood remedy never fails to cure Rheumatism. It reaches even the worst cases where the doctors have made cripples with their prescriptions of potash and mercury.

Mr. D. R. Johnson, an extensive lumber dealer of Blackshear, Ga., writes:

"My wife was for years a sufferer from Rheumatism, and was treated constantly, but could obtain no relief. The pain was first felt in her left shoulder, and extended in all directions, increasing in severity. The doctors said the disease was liable to strike the heart at any time, in which event death would be inevitable."

"Every kind of treatment recommended for Rheumatism was given her, including many blood remedies, but none did her any good. She was growing worse all the while, and was reduced to a mere shadow of her former self."

"It was at this critical period that Swift's Specific was given her; the medicine seemed to reach the disease promptly, and she at once began to improve. One dozen bottles effected a complete cure, and she has had no touch of the disease since."

Every one afflicted with Rheumatism should take a remedy which can reach their trouble. S.S.S. will cure the most aggravated case of Rheumatism, Catarrh, Cancer, Contagious Blood Poison, Scrofula, Eczema, or any other blood disease. It is guaranteed.
