GEORGE'S ACCEPTANCE

Of Nominations For Mayor of Greater New York.

AN ENTHUSIASTIC GATHERING.

In Accepting the Various Nominations Tendered Him Mr. George Declared Himself the Only Candidate of True Jeffersonian Democracy.

New York, Oct. 6 .- Henry George accepted the nomination for mayor of greater New York at Cooper Union last night. It was in the same hall and before many of the same people that he accepted the nomination 11 years ago. In 1886 he received 68,000 votes. It was the greatest outpouring of the people seen in this city during the present campaign. The doors were opened at 7:15, and in less than two minutes every seat in the big hall was occupied and the aisles, as far as the police permitted, were crowded. Hunwere turned away during the next 15 minutes, and by 8 o'clock several thousand, unable to gain admission, assembled outside and held open air meetings in the plaza, which were addressed by several local speakers. Henry George's appearance before the meeting was the signal for an outburst of cheering that lasted three minutes.

Jerome O'Neill, of the Central Labor Union, presided. In his opening speech he mentioned the Chicago platform, whereupon the entire audience rose to its feet as one man, hats and handkerchiefs were waived in the air, and the cheering continued for several minutes. The secretary then read a telegram from C. A. Walsh, secretary of the Democratic national committee, applauding George's candidacy. A similar telegram was read from Senator Benjamin F. Tillman.

Charles O'Connor Pennessy, in making the nomination of Mr. George, said simply: "I have no speech to make, but I nominate for mayor of the greater New York Henry George.'

This was followed by a frantic outburst of cheering, and the nomination was made by acclamation. William McMurtrie Speer then moved that an executive committee of five be appointed by the chair, with power to add to their number, to select the remaining candidates on the ticket and to carry on the campaign.

The only restrictions placed upon the chairman in the naming of the committee were that the names should be acceptable to Mr. George. The resolution was passed. The secretary then

read the platform, which was adopted. The platform declares allegiance to the principles enunciated in the Chicago platform, denounces the "so-called regular Democracy" for refusing to affirm that document, and "sends greeting to that matchless leader, William Jennings Bryan." It further declares for municipal ownership of street lighting plants, street railways, ferries, telegraphs and telephones, and demands cheaper gas and cheaper car out. fares. It deplores the massacre at Hazleton, Pa., and declares that "the

It is said that Henry George wrote the platform.

While John B. Foote, the Brooklyn delegate who opposed Van Wyck's nomination in the Tammany convention. was speaking Henry George and Tom Johnson, of Ohio, arrived, and for several minutes there was a wild hurrah of cheering.

A. E. Cruikshank, for the United Democracy, Charles Francis Adams, for the Democratic Alliance, J. T. Garvey, for the People's party, and J. H. Crosby, for the Single Tax club, then tendered the nominations of their organizations.

The rising of Mr. George was the signal for another enthusiastic outburst. Mr. George said: "Fellow Democrats, men who voted last year for William Jennings Bryan, I accept your nomination. From now until election closes I am yours. Aye, and after election, too, I am a Democrat. I cannot divide into parts the questions which I as a citizen have to deal with. For the same reason that I oppose this monstrous tariff in all its forms, for the same reason that I would vote wherever I could for the abolition of that tariff, for that same reason I am opposed to the interference with individual liberty which you see here in New York. I am a Democrat in the Jeffersonian sense, because I believe in the principles and stand for the philosophy of Thomas Jefferson. Upon that point my life has always been clear and consistent. It was for that I voted at the last election. Because the Chicago platform represented the idea of giving to the great common people what belongs to them, that I stood for it, voted for it and was sorrier that I was ever before when it was defeated.

Mr. George spoke for 25 minutes. Immediately after the conclusion of his speech the meeting was declared adjourned, and the crowd quietly and quickly quitted the hall, but not before many of the most enthusiastic had climbed over the press tables to the platform and took turns in shaking the hand of Mr. George.

Anti-Gambling Amendment Carried. Trenton, Oct. 6 .- The official returns of last week's election have been recelved at the office of the secretary of state from 12 of the 21 counties. The figures, so far as received, confirm the statement that the anti-gambling amendment is carried by a small majority, and that the ad interim appointment amendment is badly beaten. Governor Griggs appointed Senators Voorhees, Johnson, Stokes, Gould and Kuhl to act as a state canvassing board, and to go over the figures on the 19th inst.

DEATH OF NEAL DOW.

For Seventy Years He Was a Leader in Temperance Work.
Portland, Me., Oct. 4.—Neal Dow, the

o'clock Saturday afternoon. It was on the 20th of last March that the whole temperance world celebrated the 93d birthday of General Neal Dow. For half a century previous he had held a unique place in the public eye, and for 70 years of his long life he had been a leader in temperance work. His first

NEAL DOW

movement in this direction was when he induced the town authorities of Portland, Me., where he was born, to abstain from ringing the old town bell at 11 and 4 o'clock for the citizens to take a drink. He has ever been the implacable foe of drink, and though he naturally incurred the enmity of all connected with the liquor traffic, honors have been bestowed thickly on him. In 1851 the Maine legislature, after years of Dow's bombardment, passed

the famous prohibition law. The biography of Neal Dow deals with what may be large figures. At 60 years of age he raised the Thirteenth Maine, and led it to the front, was shot four times, and landed in Libby prison. At an age when most men are dead he lectured all over the earth on temperance. Sixty-seven years ago he was married, and in 1880 he was a candidate for president on the Prohibition ticket.

BIG HOTEL COLLAPSES,

Burying Forty Workmen-Two Killed

and Seven Seriously Injured. Charlevoix, Mich., Oct. 6 .- The big hotel at Lindsay park, which was to have been the largest summer hotel at the northern Michigan resorts, collapsed yesterday afternoon, and is a total wreck. It was all enclosed and at the Spanish casino, many of the roofed, but the lower stories, it is asserted, were not properly braced and the fierce gale striking on the 440 feet of side wall caused the most exposed end to waver, and gathering momentum as it fell the huge mass sank with a crash which was heard for a mile, burying 40 workmen in a mass of broken timber and splintered boards. In a few moments hundreds of willing hands were chopping and cutting away the wreckage, and in a short time the injured were being taken out and the wounded cared for. In an hour all were

The money loss will be well up in the thousands, but the building will undoubtedly be rebuilt. The accident is said to have been due to rushing heavy work in the upper stories before the lower partition walls were properly braced.

Exploding Mine Gas Kills Three. Wilkesbarre, Pa., Oct. 6 .- A heavy explosion of gas occurred in No. 2 slope of the Parrish Coal company, at Plymouth, yesterday afternoon, by which three men lost their lives. The names of the victims are: Isaac Edmunds, miner, aged 65, widower; George Eddy, driver, aged 22, single; Louis Richards, driver boss, aged 32, married, wife and two children. After several hours' labor the bodies were taken out. The body of Edmunds was badly burned. He evidently received the full force of the explosion. His two companions had started to make their escape when they were overcome by the fire damp. About 40 men were at work in the lower lifts of the mine when the explosion occurred. They all reached surface, although some of them had narrow escapes from the after

The Deadly Gasoline Stove.

Chicago, Oct. 6.-By the explosion of a gasoline stove on the second floor of 2632 Lowe avenue three persons were burned. Two of the injured, Mrs. Effie Lennie and Mrs. M. N. Kurtz, probably will die. Miss Clara Lennie was badly burned about the face and body. Mrs. Lennie was preparing luncheon when the explosion occurred, the burning fluid completely enveloping her. Miss Lennie hastily wrapped her mother in a cloak to extinguish the flames, and then picked up the blazing stove, carried it to a window and threw it into the court below. It struck Mrs. Kurtz, who was looking up to ascertain the cause of the excitement, and in an instant she, too, was enveloped in flames.

Hunter For Minister to Guatemala. Washington, Oct. 6 .- Ex-Representative Godfrey Hunter, of Kentucky, had an hour's conference with President McKinley yesterday afternoon, and at its conclusion it was announced that the appointment of Dr. Hunter as minister to Guatemala had been signed by the president. Dr. Hunter has not as yet fully made up his mind that he will accept the mission, but if he can arrange his business interests in Kentucky he will leave for Guatemala within 30 days.

GENERAL WEYLER'S LAST REPORT

It Declares That Conditions in Cuba Have "Improved in a Remarkable Degree" Since He Assumed Control. His Friends Urge His Retention.

Madrid, Oct. 6 .- The advent of the Liberal party to power has been remarkably well received throughout the whole peninsula, and it is properly credited that a more salutary regime in Cuba will be at once initiated with the relief of General Weyler. It is known that Premier Sagasta favors Weyler's speedy recall.

It is now understood that his successor will probably be General Blanco, former governor general of the Philippines. Blanco is considered the softest hearted soldier in Spain. He is a subtle and kindly politician, and will employ pacific in preference to violent measures. He will be fully authorized to approach the rebels with a view to arriving at a mutual agreement for the cessation of hostilities. Should be not go a general will, in any case, be sent whose modus operandi shall e mercy and conciliation, not extermination and deliberate inhumanity. Captain General Weyler has written

an official letter to General Azcarraga, forwarded before the resignation of the Azcarrago cabinet, in the course of which he declares that the condition of Cuba had "improved to a remarkable degree" since the date when he assumed control in the island.

The captain general says that "the country has received a fresh lease of He asserts that the Spanish life." general commanding in the eastern provinces reports an uninterrupted service of trains on all the railroads. The telegraph is operating from Ciega de Avila to the city of Pinar del Rio.

The letter, which is much commented upon, alleges that the Spanish army in Cuba is "being maintained in ex cellent state despite the fact that the pay is six months in arrears.'

Weyler's Friends Protest. Havana, Oct. 6 .- The friends of Ca tain General Weyler made a grand rally in his behalf yesterday and did all they possibly could to prevent his recall to Spain. They held a meeting wealthier class of Spaniards being present. Resolutions endorsing General Weyler were adopted with considerable enthusiasm, and a cable message was sent to the government of Madrid announcing that the representatives of the trading, mercantile and industrial communities assembled at the meeting were satisfied with the course followed by Captain General Weyler looking to an early and complete pacification of Cuba and expressing fear that his recall will delay the pacification.

Probably a Fake Confession. Philadelphia, Oct. 6.-A man giving the name of William Harris surrendered to the police Monday night with the assertion that he was the murderer of Major William C. Wilson, who was found battered to death in his circulating library at 1117 Walnut street on the night of Aug. 16. He implicated two other men and declared that robbery was the motive, and that Wilson, coming suddenly upon them, they beat him down with a hatchet. Harris said that Wilson's missing watch would be found in a potato patch in New Jersey, two miles below Gloucester. He also made other statements which the police keep secret. Detectives who went to Jersey did not find the watch, and it is said that other parts of Harris' so-called confession lack corroboration.

A Chapter of Suicides. New York, Oct. 2.-Mrs. Rivinius, wife of Robert Rivinius, an enlisted man in the United States army at West Point, committed suicide by asphyxiation at a hotel in this city, and murdered her four children at the same time. All were found dead in their The children were girls of 15 room. and 4 and boys of 13 and 7. The husband has been in the army 30 years, and is a printer in the administrative building. No cause is known for the Dr. R. N. Flagg, a prominent physician of Yonkers, who was married Thursday night, killed himself by jumping from a hotel window yesterday while temporarily insane. There were ten other suicides in this vicinity vesterday.

Thessaly's Evacuation Assured. Athens, Oct. 5 .- The boule met yesterday, but its proceedings attracted little interest. M. Zaimis, the new premier, declared that the objects of his government would be to secure the evacuation of Thessaly and to fully and radically reorganize the country in order to insure evacuation. To carry out this time was necessary, he said, and he asked the chamber to postpone futher business for the present. M. Delyannis, M. Karapanes and M. Deligeorgis announced that their respective parties would support the government. The chamber then adjourned amid cheering for General Smolenski, minister of war.

How to Cure Catarrh.

Every sufferer from Catarrh should know that it is impossible to cure the disease with sprays, washes, inhalations, etc., which are universally used. In fact, the experience of growing worse all the while is proof that the treatment is all wrong. Many who have been under treatment for years and met with disappointment instead of benefit are willing to doubt that there is any cure for Catarrh.

The trouble is that all of the treatment they have received has been misdirected, and has not touched their trouble. Catarrh is a stubborn deepseated blood disease, and everybody should know that to simply treat the surface, that is, the local irritation, does not reach the disease. A blood remedy is needed, but it must be a good one; a remedy which goes down to the very bottom of the trouble and forces it out. S.S.S. (Swift's Specific) is the only one which can have the slightest effect upon Catarrh, for it is the only one which goes to the seat of the disease, and permanently gets rid of it. This is the only reasonable way to treat Catarrh.

Mr. B. P. McAllister, of Harrodsburg, Ky., had Catarrh for years. He writes: "I could see no improvement whatever, though I was constantly treated with sprays and washes, and different inhaling remedies-in fact, I could feel that each winter I was worse than the

"Finally it was brought to my notice that Catarrh was a blood disease, and after thinking over the matter, I saw it was unreasonable to expect to be cured by remedies which only reached the surface. I then decided to try S. S. S., and the results were gratifying, for after a few bottles were used, I noticed a perceptible improvement. Continuing to take the remedy, the disease was forced out of my system, and a complete and permanent cure was the result. I advise all who have this dreadful disease to abandon their local treatment, which has never done them cific), a remedy which can reach the disease and cure it."

To continue the wrong treatment for Catarrh is to continue to suffer. Swift's Specific never fails to cure even the most aggravated cases. It is a real blood remedy, and cures Catarrh, Rheumatism, Contagious Blood Poison, Eczema, Cancer, Scrofula, and all other blood diseases. S. S. S. is guaranteed
