A Souvenir.

The Souvenir of St. John's Catholic church, of this place, is now out. It is a beautiful work and will be an interesting heirloom in any household of this community, whether in town or country and will be more interesting years from now. It will be offered for sale next week, at 50 cents a copy. Proceeds for the benefit of the church.

It is Not Lawful.

There is a point in the new compulsory education law that many people may not have considered. It is a violation of the provisions of the law to employ any minor who cannot read or write the English language unless he has attended an evening or day school for a period of sixteen weeks during the preceding year.

What Do the Children Drink?

Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it.

Bellefonte Missed It.

The Tyrone Herald says: The shoe factory is now lighted at night by electricity generated in their own plant. The plant has been in full blast day and night for several weeks past. Standing at the union depot at night and glancing toward the factory you can count thirty-three large windows through which streams the light. It's a "living picture" of prosperity.

Hard Luck.

Conrad Immel, a Penn township farmer, attended the Lewisburg fair, and came home a sadder, but a wiser man. A fakir started to twitting him about the amount of money he had on his person, when he pulled out a great handful of it. No sooner had he done so than the fakir snatched it from him and disappeared in the crowd.

The Official Ballot.

The official ballot this year will contain seven columns, to be used by the Republican, Democrat, Prohibition, Socialist, Labor, Liberty and Independent parties, and independent voters who may not desire to vote for any of the candidates of the several parties.

Like Our County Names.

The names of seventeen Pennsylvania counties are duplicated in New York state, as follows: Franklin, Clinton, Jefferson, Warren, Washington, Erie, Fulton, Delaware, Montgomery, Tioga, Columbia, Green, Sullivan, Wayne, Allegheny, Monroe and Wyoming.

Gun Exploded.

Thursday noon Mr. Ben. Shaeffer the tinner was badly injured by the explosion of a gun. He was shooting mark with a muzzle-loading shot gun, and it exploded at the breech. His face is badly burned and lacerated and his one eye is badly injured.

A Timely Friend.

With perfect propriety may we call that excellent remedy, Salvation Oil, a timely friend. This liniment rapidly cures rheumatism, neuralgia and pains, and other remedies fail. Mr. Jno. M. Hall, Ashland, Va., writes: "I suffered with rheumatism in the ankle and the muscles connected therewith. Salvation Oil at once relieved the soreness, reduced the swelling, and cured the pain. No other liniment that I ever used did me so much good."

JAIL BREAKER CAUGHT.

About a month ago Edward Woodring, who gave his home as Stormstown, Pa., was put in jail for stealing a bicycle at Phillipsburg and attempting to dispose of it in Bellefonte. Later he was charged with driving several head of cattle from Port Matilda, and selling same. He is awaiting trial at the November Term of court. Woodring no doubt is getting tired of his present accommodations and is not anxious to "get his medicine" at the coming session of court. On Sunday afternoon, while the prisoners of the jail were allowed the freedom of the corridors of the jail, young Woodring broke the lock on the door of the light dungeon on the first floor. He then set to work prying a hole through the wall. Sheriff Cronister by chance happened to be out in the jail yard and heard some one working at the wall. He went in and caught the young chap hard at work and had a small opening made. He was at once put in a secure cell where he will remain until his case is disposed. He will be quite likely to take a tour across the Alleghenies.

Church Dedicated at Hecla.

Last Sabbath was a day of sunshine at Hecla and a happy time for the good people there especially in the afternoon. What is called "Christ's Union church" was dedicated at that time, under very hopeful circumstances. The dedicatory services were conducted by Rev. J. Sechrist, of Howard, assisted by Rev. R. Crittenden, of Bellefonte. The four or five religious denominations, at Hecla, agreed to have "all things in common" for a church home and they now have the same privilege of using it for religious purposes. Without any special urging they contributed enough to pay the last bill, leaving a surplus in the treasury. The lot was given by the late J. Cline Zimmerman. It was well said by one of the ministers present that "the unity of the Spirit" continued, as manifested on this occasion, would ensure the abiding blessing of Him who is "Head over all things to the church." That Awful Bachelor.

Some girls' cheeks turn a mosquito's bill in. The average girls' kisses are dear at any price. The deaf man always has the advantage; can talk low and make you holler. In every novel written by a woman the men do the proposing and the women are always trying to stave them off. No woman is truly happy until her husband is sick and she can make him put his feet in a pail of hot mustard water.

I. O. O. F. Officers.

The following officers who were recently elected were installed last Thursday evening by the I. O. O. F. at this place, to serve for the next six months: Past Grand--Sigmund Joseph, Noble Grand--J. Will Conley, Vice Grand--A. B. Luchenback, Treasurer--Isaac Miller, Secretary--H. B. Pontius, Asst. Sec'y--Harry Eberhart, Chaplain--J. B. Smith, Warden--W. Harrison Walker, Conductor--Thomas Moore, Gard--Herbert Miller.

The Best Family Cathartic.

For a general home medicine Hood's Pills are unequalled. They were prepared for family use and they have been found entirely satisfactory, wherever they have been used. Their sale has gradually extended until to-day the demand for them leads the trade to look upon Hood's Pills as "the coming pill." They relieve and cure so many troubles that they are really a whole medicine chest. They are mild and yet efficient.

A Delinquent's Sad Experience.

An Indiana editor was recently successful in a suit against a delinquent subscriber who "had never ordered the paper," but who, it was found, had regularly called for it and taken it out of the postoffice for two years. The court ordered that the subscriber pay subscription account of three dollars and sixteen dollars for the cost of the suit.

Not For Everything.

But if you have kidney, liver or bladder trouble you will find Swamp-Root just the remedy you need. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness? It is easy to tell by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desires to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder need doctoring. There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fulfills every wish in relieving weak or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys--the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar, or by mentioning CENTRE DEMOCRAT and sending your address to Dr. Kilmer & Co., Binghamton, N. Y. you may have a sample bottle of this great discovery sent to you free by mail.

HOOD'S PILLS cure Liver Ills, Biliousness, Indigestion, Headache. Easy to take, easy to operate. 25c.

AN INJUNCTION ISSUED.

Centre Hall is the scene of another battle-royal for which the village is noted. The Centre Hall Water Company has been in existence since March 17th, 1855. It secures its supply of water by draining several springs at the base of the mountain and collecting same into a system of reservoirs, at an elevation that gives a high pressure in the mains that extend over that town. The water is of the very best, and in sufficient quantity for all necessary purposes. For years the water company was an eye sore to certain people, in the town, and almost every time watertax became due, the stockholders and officers of the company received their customary abuse. Such things will always take place. Since Centre Hall became a boro several efforts were made to get after the present company, either to purchase the plant or for the town council to go into the water business and erect a rival plant, and thus destroy the value of the old plant. An election was held and the town voted for a bonded indebtedness of \$5000, to secure water works, etc. The town council then offered the Centre Hall Water Company \$2500 for this property, which was hardly 20 per cent of the actual cost. Of course it was rejected. Then the council, at the advice of their attorney, Wilber F. Reeder, proceeded to buy a water right from the Wm. Bible, estate two miles east of that place, and let contracts for furnishing material, laying pipes and completing a new water system. Last Friday M. J. Malone, a contractor of Hollidaysburg, with workmen, began tearing up the soil and digging trenches for the pipes. On Saturday afternoon operations came to a standstill by sheriff Cronister appearing on the scene, bearing the orders of the Court to the officers and council of the boro, restraining them by special injunction, from work on the new plant, until special hearing is had, which is fixed for this coming Saturday afternoon. The attorneys for the Centre Hall Water Company are Messrs. C. P. Hewes and A. O. Furst.

The present water company maintains that by virtue of its charter it is vested with the exclusive right to furnish water for the residents of that town and vicinity, and that a municipality has no right to erect a rival plant or engage in such business. The termination of this suit will be eagerly watched.

The Boy For The Place.

An exchange very truly says: "Every boy and young man in town is spotted and when vacancies appear in offices and other positions of responsibility they do not go to those who put in their time smoking cigarettes and aping the styles of dudes and masher but to the lad who has a clean record for sobriety, honesty and industry, or one who will do all in his power for his employer. A straight, clean, manly boy never has to hunt long for a job. He is always wanted."

NOTHING ELSE FITS

To deny this is the height of absurdity. But even this axiom of dress, like other great truths, is contradicted. In our made-to-order suits and overcoats, we carry fit to perfection. The woollens we have just received for the Fall and Winter season we make up for quality and beauty of pattern cannot be duplicated in any clothiers' stock, and if we're beaten in prices it is by a sacrifice of quality and value. We can make to order a fine suit as low as \$15.00; still better for \$20.00. Come and see the new Patterns, new styles. We have them.

quite the contrary. It's on foot that you find what a shoe is, and every foot should have the best shoe that can be given it. Our goods belong to the At grade. "I was covered with boils all over my face and neck. I had dreadful headaches and pains in my stomach. I took medicines, but was not much benefited, and I procured six bottles of Hood's Sarsaparilla. After taking the first bottle I could see an improvement. When I had taken a few more bottles the boils had all gone, my skin was clear, my appetite returned, and my health was entirely restored. I am thankful I ever found such a blood purifier as Hood's Sarsaparilla. I paid out a good deal of money for useless medicines before taking Hood's Sarsaparilla." W. F. BECKWITH, Hurlock, Maryland.
