BELLEFONTE Y. M. C. A.

Heid their Anniversary Exercises in the Presbyterian Church. A large audience assembled in the Presbyterian church, on Sunday evening to attend the—anniversary of the Young Mens Christian Association in Bellefonte. Prof. W. T. Meyer, the former director, very ably presided at the organ, and rendered some of his choice selections and was assisted by a large choir of male voices from the association.

J. W. Gephart, president of the association conducted the exercises. The report of the devotional committee was made by Emanuel Markel, in which an account of the many meetings held in Bellefonte, and about the county, during the year, was given in detail. It showed that the association has been active and diligent in its work.

MONUMENT FOR OLD FORT.

The following is from the last issue of the Centre Hall Reporter: On last Friday afternoon 8th a large representation of Bellefonte Chapter Daughters of the American Revolution, took a drive to visit Centre county's only spot of historic interest, Potter's Fort, erected in 1777, close to the southern limits of Centre Hall, to which the early settlers fled for safety when the Indians made incursions for purposes of massacre and rapine.

The following ladies, representing the Bellefonte Chapter, graced the visiting party: Mrs. A. O. Furst, President, Mrs. G. L. Potter, Mrs. Isaac Mitchell, Mrs. M. W. Jackson, Mrs. F. W. Kreider, Miss Mary Thomas, Mrs. Joseph L. Montgomery, Mrs. Frank McCoy, Mrs. E. I. Orvis, Secretary, Miss Jennie Shugert, Historian, Miss May Kreider, and Miss A. McCoy.

The following gentlemen accompanied the ladies: John I. Potter, George L. Potter, Ellis L. Orvis and Joseph L. Montgomery.

Arriving in town the editor of the Reporter was kindly invited to accompany the party on its patriotic mission and point out the spot where Potter's Fort had stood, the spring and the enclosed passage way that led from the Fort to the spring and protected the inmates of the Fort against the aim of the red man as he hid behind trees, watching for victims.

It is a singular neglect that there is no record descriptive of Potter's Fort, beyond the mere mention of the name.

All that we know of Potter's Fort, is by tradition, and the Bellefonte Chapter D. A. R., we are pleased to say, will now gather data to supply this want and give Centre county's only historic spot a lasting record.

What constituted Potter's Fort was a large house, surrounded by a solid palisade of logs, covering a large space of ground sufficient to shelter the few horses and cattle of the settlers in times of danger.

The grave of the Indian and white man, who fought, slashing each other, around a tree until both died under it, was visited by the ladies. This grave is about three quarters of a mile from the Fort.

The ladies held a preliminary meeting on the hotel pavement, under beautiful moonlight, and concluded to secure a few acres of ground from Gen. John Taylor, present owner of the farm on which the Fort stood, enclose it, and beautify it with trees, plants, etc., and erect a monument of native stone, with appropriate inscriptions.

And the Daughters of the American Revolution, Bellefonte Chapter, will do it, and soon, and dedicate the spot with appropriate ceremonies and preserve it in a niche in history.

Furnace News.

The report is correct that the Valentine Furnace is about to resume operations. We understand that repairs now are being made about the plant for that purpose.

Rogers Brown & Co., large iron manufacturers at Cincinnati, are back of the movement. Their representative is here and is about securing an extension of all creditors, including the labor claims, until Jan. 1st, 1898 and assures the public that the furnace will be started about the first week in November.

Peoples Popular Course.

The first entertainment of the Peoples Popular Course will be in Garman's Opera House, Bellefonte, Oct. 27, by the Ollie Torbett concert company, consisting of Ollie Torbett, solo violinist, assisted by the famous Luterman quintette, of Stockholm, Sweden, and Lucie E. Manson, pianist. Eight first class attractions for \$1.00. Reserved seats 10 and 20 cents extra. Tickets on sale at Parrish's Drug Store.

Academy Team Loses.

A large crowd witnessed the foot ball game on Saturday at the driving park in Phillipsburg between the Phillipsburg Business College team and the Bellefonte Academy team. The game was specially interesting, but their local team was too much for the visitors, defeating them by a score of 10 to 0.

Will Meet at Bellefonte.

Strange Coincidence.

"Life," says a college newspaper, "is short—only four letters in it. Some one has noted that, curiously, three-quarters of it is a 'le,' and half of it is an 'if.'"

INJUNCTION HEARING.

On Saturday Centre Hall came to Bellefonte—rather the majority of its citizens. The occasion was to attend the proceedings, in the water controversy, before the court. About a week previous the Centre Hall Water company had an injunction served upon the borough council and officers, to restrain them from erecting a rival water plant in that place, as contracts had been awarded, material purchased and operations were going on for that purpose. On the one side were the officers of the company, with Chas. P. Hewes, Esq., as counsel. The defendants were the town council of Centre Hall, who had the following array of legal talent, Gen. W. F. Reeder, C. M. Bower and Ellis L. Orvis, to present their side of the issue.

The proceedings consisted of the old company placing in evidence a brief history of its existence, from the time of its incorporation in 1858, to the present. The officers of the company gave a brief description of the present plant and declared it to be in perfect order and were furnishing an abundant supply of wholesome water, and had the facilities to supply a greater population, if necessary. The defendant's only offer was a certified copy from the state department, at Harrisburg, of the company's acceptance of the provisions of the new constitution. In this statement of the amount of stock was much less than at present. Mr. Hewes explained that an error had been made in the recent application and the company had the privilege and would have the same rectified.

The question of dissolving or continuing the preliminary injunction was then argued. Mr. Hewes claimed that by the distinct provisions of the act of assembly, by which a charter was granted this company, they were vested with exclusive right in that town and section and that the charter of the company preceded that of the incorporation of the borough, and cited many rulings of the supreme court in defense of his position. Ellis L. Orvis then addressed the court on behalf of the town council. He held that the company did not possess the exclusive franchise of supplying the borough with water and gave numerous citations in defense of his position. He also argued that in the cases cited by Mr. Hewes there had been previous contracts with boros, while in this case there were none whatever and different conditions existed.

The court then announced that it would give the facts and legal positions careful attention and render a decree accordingly.

Must Rise Early to See it.

If clear in the early morning on Saturday 23rd inst., a beautiful sight is promised in the eastern heavens, when Venus, Jupiter and the crescent moon will be quite near each other. Those who rise early will see it; those who rise late will hear about it.

Not For Everything.

But if you have kidney, liver or bladder trouble you will find Swamp-Root just the remedy you need. People are not apt to get anxious about their health soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness?

It is easy to tell by setting aside your urine for twenty-four hours; a sediment or setting indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desires to urinate, scanty supply, pain or dull ache in the back is also convincing proof that the kidneys and bladder need doctoring.

There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fulfills every wish in relieving weak or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar, or by mentioning CENTRE DEMOCRAT and sending your address to Dr. Kilmer & Co., Binghamton, N. Y. you may have a sample bottle of this great discovery sent to you free by mail.

After taking the first bottle I could see an improvement. When I had taken a few more bottles the boils had all gone, my skin was clear, my appetite returned, and my health was entirely restored. Mingle's Shoe Store, Bellefonte, Pa.

NOTHING ELSE FITS

To deny this is the height of absurdity. But even this axiom of dress, like other great truths, is contradicted. In our made-to-order suits and overcoats, we carry fit to perfection. The woollens we have just received for the Fall and Winter season we make up for quality and beauty of pattern cannot be duplicated in any clothiers' stock, and if we're beaten in prices it is by a sacrifice of quality and value: We can make to order a fine suit as low as \$15.00; still better for \$20.00.

WE ARE NOT

"KIDDING"

quite the contrary. It's on foot that you find what a shoe is, and every foot should have the best shoe that can be given it. Our goods belong to the A1 grade. They're as easy as spelling go, as soft as down, as satisfactory as comfort, and as economical as short prices. The best shoe is that which gives your feet the most protection. Every shoe want must be met, of course, but the price conditions should be reasonable like this: Genuine Box and Russian Calf Balmorals, English bull dog toe, heavy sole, welted and stitched, waterproof and wearproof, \$3.00.
