-On Saturday afternoon an interesting game of foot ball was played on the glass works meadow, between the Bellefonte Academy and the Lock Haven State Normal. The Academy played a fine game and defeated the visitors by a score of 10 to 0. The Academy boys have been putting up a fine game this season.

-The parade given last evening by the Salter & Martin Uncle Tom Cabin troupe was one of the best seen in town for a long time. The giant colored man who is 7 feet and 11 inches tall is a sight indeed. Their ferocious-looking bulldogs are ugly brutes. The band was excellent. The ordering of this bank stationery was one of the last acts done by the late Geo. W. Jackson, cashier. At the time he made the selection, he ordered large books and casually remarked, "These will last for a long time; there will be no change here in firm in the next ten years, not even in case of my own death." At the time Mr. Jackson was apparently enjoying the best of health.

Making the Surveys.

The engineers are now surveying the proposed route for the sixty mile railroad which will run from the Baltimore and Ohio tracks in Johnstown to Ebensburg; thence to Ramsey, where it will connect with the Altoona and Philipsburg road, which latter road connects with the Beech Creek at Philipsburg. The new road is capitalized at \$1,500,000.

As soon as the surveys are completed, work on the roadbed will be started.

Will Erect a Building.

Sugar Valley lodge, I. O. O. F., at the meeting at Loganton Saturday night, again decided to make another effort to erect a building of their own. A building committee will be appointed in the near future. As now contemplated, a three story frame building, not to exceed \$1,500, will be built. The building is to be completed by September 1 next.

Bridge Unsafe.

The iron bridge, across Spring creek, at the nail works, has been declared unsafe for heavy hauling and will need immediate repairs. It was carried down stream several years ago by the high water. Mr. Maitland had the contract to replace the structure, and did so, but some of the rods and bolts have since become broken.

Bucknell vs. State College.

On account of the foot ball game between the Bucknell and State College teams at Williamsport, Saturday, Nov. 13th, the Central R. R. of Pa., will run special trains between Bellefonte and Williamsport. Going train will leave Bellefonte at 9:30 a. m., and returning leave Williamsport at 11 p. m. Fare for the round trip from all C. R. R. of Pa. stations will be reduced to \$1. The rivalry between these two teams is such that State College and Bellefonte will turn out several hundred strong and have engaged the services of the Consolidated Band of thirty-five pieces to enliven the occasion.

A Young Life Ended.

Ella Grace Laird, daughter of R. A. and Charlotte C. Laird, of Tyrone, died at the family home, Monday night, after an illness covering nearly a year. She was afflicted with stomach and bronchial trouble. The deceased was aged 24 years, 10 months and 8 days. She was born in Juniata county and came to Tyrone with her parents about six years ago. Mr. Laird and family resided in Bellefonte for many years. The funeral services will be held Thursday afternoon.

A Large Ear.

On Wednesday Mr. David Houser, who is one of College townships prosperous farmers, brought a sample ear of corn to our office that deserves mention. It is exactly thirteen inches in length and the grains are fully developed from butt to tip. It is of the "Hundred Day" variety, named so because it ripens in a hundred days from the time of planting. Mr. Houser's sample ear can be seen at this office.

COUNTIES NOT LIABLE.

A Decision Affecting Magistrates and Constables.

Judge Stewart, at Chambersburg, recently filed an opinion that affects all the magistrates and constables in the state, and will materially reduce their incomes. Recently Magistrate John A. Seiders, of that place, brought suit against the county commissioners to recover fees in a summary case where the defendant had gone to jail for the costs. The commissioners, upon the advice of the county solicitor, refused to pay the bills, and a case stated was prepared for an appeal to the court.

Judge Stewart, in his decision disposing of the case, says it falls within the ruling of the supreme court in the case of Crawford county vs. Barr, 92 Pennsylvania State Reports, 359. According to the interpretation of the law as made by this court, in all cases of drunkenness, disorderly conduct, violation of the game laws, trespass and similar offences, where the parties are found guilty and sent to jail for non-payment of fines and costs, the county is not liable for the costs, and the magistrates and constables get nothing for their work.

For many years the fees and expenses in such cases have always been paid in most counties of the state. Lawyers hold that the effect of Judge Stewart's decision is to make inoperative nearly all attempts to enforce the law in the class of cases mentioned, as the constables will refuse to venture the loss of time and expense in making such arrests.

WEATHER BULLETIN.

My last bulletin gave forecasts of the storm wave to cross the country from November 5th to 9th, and the next will reach the Pacific coast about November 10, cross the west of Rockies country by close of 11th, great central valleys 12th, to 14th, and the eastern states on the 15th.

The warm wave of this storm wave will cross the west of Rockies country about the 10th, great central valleys 12th, and eastern states 14th. A cool wave will cross the west of Rockies country about the 13th, great central valleys 15th and eastern states 17th.

In the southern states the temperature will reach its highest point not many days from November 4th, and then fall to its lowest point about 17th. Near 21st or 22d the temperature will reach another high average and then go down until about December 4th to 5th.

In the northern states the temperature will rapidly rise from November 1st to about 7th. A cold wave will come from 8th to 12th, followed by rising temperatures.

State College Downed.

On Saturday afternoon the State College foot ball team played a game with the Cornell team at Ithaca, N. Y. It was a losing game from the start to finish for State College and the score stood 45 to 0. An amusing incident occurred just before the close of time. State kicked off and the Cornell eleven all bunched around the man making the catch and then the entire Cornell team was seen running in different directions up the field, all apparently radiating from the man who caught the ball. The State men stood around dazed and Cornell chased up the field and made a touchdown. The State men then realized that Whiting, the Cornell back, had the ball stuffed up his shirt and gone the whole length of the field unmolested.

Hunting Party.

A jolly set of hunters left here Saturday morning for their camp on Six Mile run, where they will hunt deer for the next two weeks. The party is composed of Recorder J. C. Harper, Capt. H. S. Taylor, and Messrs John Q. Miles, Joseph Rightmour, John Trafford, Will Cassidy, of Bellefonte, J. M. Bowman, of Pittsburg, Daniel Smith and Abednego Stephen, of Clearfield, and Frank Hess, of Philipsburg. Six Mile run is located in one of the wildest parts of the Allegheny mountains.

Thousands of ladies suffer sick headache caused undoubtedly by disordered liver or stomach. The best remedy that can be obtained for this distressing complaint is found in Hood's Pills. These pills are so mild and gentle in action yet so thorough that they give perfect satisfaction. They cure sick headache, jaundice, sour stomach and all liver ills. They break up colds and fevers and prevent the grip.

Riddled With Shot.

A few days ago while N. W. Bingham, an operator at Millmont, on the Lewisburg and Tyrone railroad, was on a hunting expedition he was mistaken for a turkey by companions and was shot. The body from the neck to the knees was riddled with shot. He died shortly after.

Thanksgiving Ball.

The Undine Fire company of Bellefonte will hold their annual Thanksgiving ball as usual this year, and are making preparation for the same now. The invitations will be issued during this week. Good music will be one of the special features of the occasion.

To cure a cough or cold in one day take Krumrine's Compound Syrup of Tar. Money refunded if it fails to cure. If.

THE BOYS EXCITED.

On Friday evening the Corbett-Fitzsimmons fight was reproduced in the opera house by the veriscope. It attracted a large audience, in which none of the fair sex were represented. Among those present were bank presidents, Sunday school teachers, merchants, editors Y. M. C. A. exhorters, Epworth League and Christian Endeavor enthusiasts, good people and very worldly people. And all got considerably excited as round after round progressed.

Even the little boys on the street are discussing the merits of the combatants and one very enthusiastic youngster expressed his mind in writing as follows to the editor:

Fitzsimmons is on the hog. Corbett can whip him any place in the world, for any money any time. Fitzsimmons had to foul Corbett in the fourteenth round. He cannot whip Corbett fair. Corbett is the man.

Yours Truly, MR. GUY B. SMITH, Bellefonte, Pa.

We will not dispute the point—it don't concern us very much. Our advice to Master Guy is that he could devote his attention to better advantage than studying prize fighting. We don't exactly believe in the nice-little-Sunday-school-goody-kind of a boy. They never live long. But what we mean is that there is very little that is instructive, elevating or of any advantage to a boy in studying prize fighting. That is an occupation that belongs to the sporting class, the bluffers, the thugs, gizzlers and such like.

Going to Williamsport.

On Saturday afternoon an interesting game of foot ball will be played at Williamsport between the students of State College and Bucknell, of Lewisburg. Between these two teams the greatest rivalry exists, and for years they have been having it either in base ball or foot ball.

From the Lewisburg papers we note that Bucknell and its friends will go to Williamsport by special trains and the turnout will be large. State College will be well represented and many from Bellefonte will join them. They expect to go by special train over the Central railroad of Pennsylvania.

It will be a lively time at Williamsport and the town will surely be painted a carmine hue by the boys who win.

BLADDER TROUBLES.

The bladder was created for one purpose, namely, a receptacle for the urine, and as such it is not liable to any form of disease except by one of two ways. The first way is from imperfect action of the kidneys. The second way is from careless local treatment of other diseases.

The Rally at the Blacksmith's.

Scene.—Almost any blacksmith's shop in winter after a sudden freeze-up. The roads are full of icy spots,—all the more dangerous if they happen to be covered and concealed by a light fall of snow.

Every horse owner, hostler and all who have the charge of horses, realizes that shoes must be sharpened, and that immediately. For a smooth shod horse on a slippery road is practically no horse at all. The consequence is a "run" on the blacksmith comparable to a "run" on a shaky bank. But first come first served. The blacksmith being hurried can give no one his best attention, and even at that many lose the whole of the short winter morning merely getting their horses shod.

The Neverslip Horse Shoe and Calk prevents all this. The Calk is detachable. It is screwed into the shoe and when worn partially down taken out again—all in a few minutes. Anybody who can hit a horse's foot can do it, and the animal is sharp shod at once without leaving the stable. Every time the oldstyle alk is re-sharpened the shoe must be taken off and re-set. Any horse owner will appreciate this point. Using the new method you are your own horse-shoer except when it is necessary to re-set the shoe through the growth of the hoof or new shoe size in three months. The advantage in cost of the new method over the old is about fifty per cent. That a shoe costs twice as much as the new. The Neverslip Calk does not wear loose or rust fast.

Get supplies from blacksmith. Price 3 to 44 cents each, according to size of horse. Wrench \$1.00.

For full information, with styles and prices, address the Neverslip Manufacturing Co., New Brunswick, N. J.
