Charity.

Miss Rebecca Heckman, daughter of one our county commissioners, teaches school in Benner township and she has coming to her quite a number of poor children. During the cold wave we have just had, these children came to school in their bare feet and not sufficient clothing to keep them warm. The following week Miss Heckman came to town and purchased, shoes, stockings, underwear and everything needful and distributed them among these poor children. A deed of charity like this deserves mentioning, and we know that for this little act she shall be rewarded.

The above we find in the Daily News. This promises to be much more of this season. It is another sample of republican prosperity.

'TIS WELL.

It matters but little If, all through the years, We keep oscillating Between smiles and tears, Bravely and silently Hiding our woes, While bearing a burden That nobody knows.

It matters but little How hard is the toil, If the aim has e'en missed With a heavy recoil, Or even if time With heavy tread goes, The burden is lighter If nobody knows.

It matters but little If clouds over-cast The brightness of life, As the seasons go past, If only through rifts In the clouds, the sun glows. It matters but little If nobody knows.

It matters but little When, life passed away, The night of death holds us Ere cometh the day— It matters but little How dark the night grows, If we have been faithful, 'Tis well, God knows.
