POSTAL SAVINGS BANKS

Strongly Urged in Postmaster General Gary's First Report.

BHOULD BE ESTABSISHED NOW.

Postmaster General Declares Their Establishment Would Confer a Great Boon to Citizens and Be of Inestimable Value to the Whole Country.

Washington, Nov. 15 .- The first annual report of Postmaster General J. A. Gary to the president was made public last night. Its feature is the strong advocacy of postal savings depositories. He says the time is ripe for their establishment, and that the adoption of a well organized system would confer a great boon upon a large number of people and ultimately be of inestimable benefit to the whole country. The estimates of the revenues and expenditures for the fiscal year ending June 30, 1899, are: Total postal revenue for 1897, \$82,665,462.73; add 5 per cent, \$4,133,273.13. Estimated revenue for 1898, \$86,798,735.86; add 7 per cent, \$6,075,911.51. Total estimated revenue for 1899, \$92,874,647.37; estimated expenditures for 1899, \$98,922,760; deficiency for 1899, estimated, \$6,048,112.63.

Following is an abstract of the report:

Reiterating the injustice inflicted both upon the postal revenues and the people by second class mail matter carriage regulation, the enactment by congress of some measure to remedy the wrong, similarly pointed out by past postmasters general, is urged. As to this the postmaster general says: net will investigate the matter. "If this were done there would be an end to postal deficits, and the service could be enlarged and popularized by a broad extension of free delivery without infringement upon the general resources of the government, and eventually result in the much desired reduction of letter postage to one cent per ounce.'

The experimental rural free delivery has been generally appreciated. Few expenditures have conferred greater benefits in proportion, and It has unquestionably proved a potent factor in

He now repeats, without fear of contradiction, that he showed the minister documents which easily establish the culpability of another than Dreyfus. It is expected that the cabi-

MARVELOUS BAND OF ATHLETES.

To Insure Perfect Physical Development Malformed or Weak Minded Children Are Killed in Infancy-Septuagenarians Are Also Dispatched.

Washington, Nov. 17 .- United States Consul Hugh Long, at Nogales, Mexico, has furnished the state department particulars of the supposed murder of a party of Americans headed by Captain Porter by the Seris Indians, on Tiburon Island, in the Gulf of California. According to the statement made to the Mexican customs officials by Martin Mendez, master of the sloop Otila, Captain Porter sailed from San Diego, Cal., with his companions in 'a small boat, to engage in collecting shells. They left the port of Guayamas on Aug. 9, under special permission from the Mexican government, to explore the shores and islands of the gulf.

The consul says the Island of Tiburon is one of the largest and most picturesque in the Gulf of California, and is peopled by a most remarkable tribe of Indians, who are noted for their large size and extraordinary athletics on land and water. Those who have witnessed their aquatic sports at a respectful distance declare that many of them can actually walk, or rather run, upon the water, with no other assistance than broad rawhide shoes. They are, writes the consul, expert

fishermen and huntsmen, having rigid ideas as to the maintenance of game preserves on their island and limiting the killing of game under severe penalties. They destroy all children in infancy that are malformed or appear to be lacking in intelligence. In this way the standard of physical and mental conditions in both sexes is kept very various times, extending over a series

The natives guard their shores day and night, and no man is allowed to penetrate the island even if he should make a landing. It is said that no epiamong this extraordinary people, so that the men and women are magnificent in their physical endowment. GRIM GERMAN VENGEANCE.

Warship Falka Destroyed a Village Where Murderers Were Secreted. Victoria, B. C., Nov. 16 .- The German warship Falka, which was dispatched from Australia on receipt of the news there of the murder of the trader Von Hagen, returned recently from Germany, New Guinea, having grimly avenged the savagery of the natives. The Falka steamed directly to the village in which the murderers of the late acting governor were known to be secreted, and without a word of parley opened fire with artillery. This so terrified the natives that they at once carried into Stephensport, the German capital, the two Solomon Island boys wanted for the murder, and who had broken from imprisonment imposed for the killing, two years ago, of the German explorer, Ehlars, and his party. The Falka continued to shell the village, despite this conciliatory measure, and left no building standing. Big Damages For Stolen Affections. Brooklyn, Nov. 16 .- A sheriff's jury yesterday gave a verdict for \$65,000 favorable to Mrs. Florence Van Schaack against her father-in-law, Peter Van Schaack, for the alienation of her husband's affections. Peter Van Schaack head of the firm of Peter Van Schaack & Co., druggists, of Chicago. He is said to be a millionaire. Mrs. Van Schaack in her affidavit alleges that she was abandoned, and that her father-in-law alienated her husband's affections. Ex-Consul lasigi's Heavy Sentence. Boston, Nov. 17 .- Joseph A. Iasigi, formerly Turkish consul in this city, who was arrested in New York last summer charged with the embezzlement of large sums from trust funds held by him, and who was recently found guilty in the Suffolk county court, was yesterday sentenced to serve a term of not more than 18 norless than 14 years in state's prison, with one day solitary confinement and the rest of the term at hard labor.

Philadelphia, Nov. 13 .- Today's Record says: In their efforts to bolster up the hard coal trade the anthracite presidents have called a halt on the rate of production, and every colliery in the Schuylkill region shut down yesterday. The length of time they will remain closed could not be definitely stated at the Reading railway's offices, but it was said that some of them would probably start up again next week on reduced time. The Lehigh Valley railroad, in order to meet the reduction, has ordered its collieries on three-quarter time, and the other companies have also taken steps to curtail

the production. An official of the Reading company said that under normal conditions, with the collieries working full and the market absorbing the coal, the November output would have reached 5,000,000 tons. Under the curtailment he thought the production for the month would aggregate between 4,000,000 and 4,500,-000 tons.

GENERAL REEDER VINDICATED.

Grand Jury Ignores the Charge of Conspiracy Against Him. Easton, Pa., Nov. 13 .- The grand jury yesterday afternoon ignored the bills in the conspiracy cases of General Frank Reeder, late secretary of the commonwealth, Hon. Webster C. Weiss and Maurice O. Luckenbach, and put the costs on Frederick A. Van Valkenburg, the prosecutor. The charges were conspiracy to commit bribery and to defame the character of ex-Postmaster John Wanamaker in the legislative campaign for United States senator, in which the latter was defeated by Senator Penrose.

William A. Winsboro, the man who made the famous affidavit on which the charges were brought, could not be found, and there was difficulty in securing the attendance of a number of Scranton men, including Congressman Connell. These were eventually lo-cated, and it was decided to proceed without Winsboro. Prosecutor Van Valkenburg being the principal wit-

Philadelphia, Nov. 16 .- The Evening Telegraph says that within the next ten days or two weeks a conference of more than ordinary significance will take place between Senator Quay, Secretary of State Martin and Senator Chris Magee, of Pittsburg, which will no doubt have material effect upon the course of state affairs in the gubernatorial contest. The recent meeting between Senator Quay and Secretary Martin in this city and between Senator Quay and Senator Magee in Pittsburg is said to have been in the hope of putting aside old animosities and so arrange matters that the three could unite upon a candidate for the governorship who would be agreeable to all. Several others are mentioned as likely to be present, among them Thomas Dolan. The final details of the meeting are now being arranged
