-Graham, the little son of Mr. and Mrs. Robt. F. Hunter, fell over the banister, of the stair railing, at their residence on Saturday. A fractured elbow and other injuries is the result. The little fellow is bearing up bravely under his misfortune.

-Farmer James B. Strohm, of Centre Hill, a former county commissioner, had the misfortune to cut off the end of a finger while shelling corn for the chickens. We presume a good quality of salve, now, would be more comforting than cheap sympathy.

-Joseph J. Rhoads, a son of Mrs. Daniel Rhoads, of Linn street, has been promoted from the position of assistant supervisor of the Amboy division of the P. R. R. to that of assistant supervisor of the Philadelphia, Wilmington and Baltimore, with headquarters at Washington, D. C.

-The trial list in the criminal courts, quarter sessions, this term, is the smallest known for many years. The cause for this is uncertain. Probably our people are growing better and crime is on the decrease. McKinley prosperity may have much to do with it. Rather, nit.

-Harry Bush, youngest son of Mrs. Louisa Bush, returned home recently from a long trip to South America. Jenkins & Lingle received an order from P. B. Crider recently to construct several additional machines in order to increase their output and supply their orders. The plant now employs a large number of hands. It gives employment to a large number of boys as well as mechanics.

-This Thanksgiving evening an important event will take place in the A. M. E. church at this place. It will be the occasion of the marriage of Manny Green to Miss Katharyn Miller. Leander Green, Wm. Lee and Wm. Green, of Bellefonte, and Aaron Willis, of Tyrone, will be the ushers. Grace Jackson is to be maid of honor and Rev. C. N. Goodson will officiate. After the nuptials a wedding supper will be served at the later. home of the bride's sister, Mrs. Wm. Lee.

-The Bellefonte glass works is one of the very few window glass plants in operation in this country, this season. This condition of affairs is due to the difficulties between the glassworkers in establishing a wage scale. The supply of glass is getting so low among the dealers that a wise move to operate the entire plant at this place if possible. The capacity put could easily be handled.

-Teachers Institute will commence on Monday December 13th.

-It comes from the Court House that some real estate owners recently have Miles township, was in Bellefonte several had the nerve to go into the commissioner's office and reduce the official records of the valuation as returned by assessors. This is rather desperate and risky.

-No person can receive any of the papers, at club rates, with the Centre Democrat, unless the cash accompanies the order. Club Rates are positively cash in advance. Anything that does not comply with this goes to the waste

WAS THE ORDER RAISED.

Last week an individual from Liberty township presented a certificate at the county commissioners office for the Spring Twp. \$3290. bounty on twelve wild cat scalps. The certificate was secured before Justice Schenck, of Howard. The commissioners were surprised at the number, and at once suspected that something must be of the Nittany Rod and Gun Club will as- wrong. They told-the gentleman to call semble at their club house to partake of later and they would give the matter attention. The bounty on twelve scalps would have been at \$2 a piece, \$24.

Justice Schenck called on business at the commissioners office recently and from him it was learned that he issued a certificate for only two wild cat scalps. As the figure 2 can easily be raised to 12 by adding I to it, that is about the only way it could have occurred. Since then the original certificate turned up with another party at the commissioners -Hon. Bald Eagle Ahead.

For some time reports have been published in this paper of large yields of corn and very large samples of corn. On Monday Mr. W. A. Hartsock, of Martha, called and had something to say about corn growing. He made the following statement: He had seven acres that yielded 1000 bushels and one acre produced 160 bushels. The variety is known as "Clarks Mastadon." The cob is red and grain is very long and deep. Some of the ears were as thick as his arm and had thirty-two rows of seed. This corn is not as hard and flinty as other kinds and the stock seems to pre-

When Mr. Hartsock completed he was asked how he wished to qualify, said by the almanac. As he is considered a good farmer and reliable that part was dispensed with on the promise that he bring several of the finest specimens to our office for exhibition. This he promised to do. Thus on corn growing Mr. Hartsock is in the lead decidedly.
