—A copy of Small's Hand Book found its way to our sanctum last week, through the thoughtfulness of Representative Forster.

—A. C. Mingle and Burgess Naginey with their families spent Thanksgiving at Lock Haven, as the guests of B. C. Achenbach.

—Rev. Goodling, pastor of the Evangelical church, at this place, is moving into the new parsonage, recently erected by this congregation.

—On Tuesday the Undine Fire Co. got their new harness for the steamer. They expect in the future, to get the steamer to a fire in better shape.

—Mrs. Leighton Gearhart, wife of Rev. Dr. Gearhart, left this afternoon for Bedford, Pa., where she will visit her mother and friends.

—Hunters in the seven mountains have been fairly successful this season. More deer have been killed in that vicinity than in any other place.

—Mrs. Lettie Thomas has closed her house on Linn street and gone to Philadelphia where she will spend the winter with her daughter Mrs. James Lane.

—No game of football last Saturday as the Williamsport High school team failed to make their appearance. The Academy boys are expecting them here next Saturday.

—The Boalsburg hunting party came in from the Seven mountain with six fine deer. This is the best record among our deer hunters heard of this season. Ex-Judge Riley was a member of the party and is a veteran at hunting deer.

—On Monday the portrait of Wm. Hillibish appeared in the Philadelphia Times, as president of our town council. A good picture was shown of the new boro building, also, in the same article. The only way any one can tell that it is Mr. Hillibish, is because his name is under the same.

—County Auditor Geo. G. Fink, of Martha, while in town on Monday called to see us. He is the gentleman who first brought the "Early Mastodon" coin to this county and said that the first four acres he planted yielded over six hundred bushels. He considered it better for feeding than any other variety.

—Last week Mr. and Mrs. C. P. Hewes took their little daughter Rebecca to State College for an examination of her arm under the X rays. Some time ago a fracture occurred at the elbow and since it healed an accumulation of bony substance prevents the complete use of the arm. This was shown by the X ray. The test was very carefully made by Prof. Osmond, who has charge of that department.

HONORS TO THE COURT.

A Banquet Tendered to Asso-Judge Faulkner, Wednesday Evening.

The fact that the close of the present session of November court will bring with it the last duties of an Associate Judge in our courts, and that C. A. Faulkner is the last official to fill the position, made it an event worthy of observance.

On Wednesday evening, from 9 to 11:30 at least about sixty of our prominent citizens embracing the legal profession, county officers and prominent business men and other citizens assembled in the dining hall at Ceaders where an elaborate banquet was served. It embraced many courses of choice dishes, capped off with delicate light wines and Havana cigars. After this elegant coalition was served, Post Master D. F. Fortney, as toastmaster called the assemblage to order and made an appropriate address explaining the why and wherefore of the demonstration and paid the Hon. C. A. Faulkner a glowing tribute. Then he called for the following toasts in order.

"The Guest of the evening."—J. C. Meyer, who replied, in behalf of Mr. Faulkner.

"The Courts of Centre County."—Hon. John G. Love.

"The Bar of Centre County."—J. C. Dale.

"The Officers of Centre county."—W. E. Gray.

"The Legislature of Pennsylvania."—Hon. James Schofield.

"The Commonwealth of Pennsylvania."—R. R. Chambers.

"The Press of Centre County." T. H. Harter.

Impromptu and closing address. Wm. Heinle.

It was a splendid tribute to Judge Faulkner and truly merited and was heartily appreciated. The success of the banquet is due to the efforts of Messrs. T. Frank Adams and A. S. Garman, who very thoughtfully looked after every detail.

—James Scarlet, the distinguished attorney from Danville, was in attendance at court this week.

—Since the cold snap set in on Monday our clothing merchants have been smiling quite heartily.

—Druggist S. Krumrine was called to State College, on Saturday, by the serious illness of his mother.

—Lock Haven expects to have a new opera house built next summer. Patrick Kane, of Renovo has the project in view.

—Miss Myrtle Smith, of Tyrone, spent several days of the past week at her parents home, Mr. and Mrs. Charles Smith.

—Mr. J. C. Brachbill has been very ill during the past few days from a severe attack of typhoid fever. He is at his home on Penn street.

—The Ladies Symphony Orchestra gave an excellent entertainment on Friday evening. On Saturday evening they appeared at State College and attracted a large audience.

—Chas. P. Hewes, Esq., left on Tuesday, for Philadelphia, to attend a meeting of the grand lodge of the Masonic Order. He will be home again the latter part of the week.

—Mr. and Mrs. Ira Robbins returned home from Baltimore on Thursday evening and are boarding with Mrs. George Lose on Spring street. The skewer factory should prosper abundantly under the new management.

—The Centre county jail is almost deserted as there are only three inmates left—not including the night watchman, Joshua Polk. After the new steel cells are put up, he also will be discharged, as his services will not be needed.

—Mrs. Wister Norris and her two grand children, Margaret and Norris Woods, and Miss Mary Blanchard and Mrs. Norris' maid, all left Monday morning for Overbrook, Pa., where they will spend the winter at Mrs. Norris' home.

—During the past week the Bellefonte School Board issued a pamphlet containing the "Rules and Regulations" pertaining to that department. It was prepared by D. F. Fortney, president of the board and contains much that is of value to parents, children and instructors. Mr. Fortney takes a deep interest in public school work and is always striving to keep our schools at the highest point of efficiency.

—Since the new borough building has been taken off of the contractors hands, it has been furnished. The Council put in a fire and burglar proof vault and fit up the council chamber in good style. The fire company have furnished their meeting room very prettily with brussels carpet and four dozen very fine cane-seated arm chairs. They have also fit up the bath room with hot water, and put a double wash sink in the engine room.

Death of Katie Toner.

Miss Katie Toner, daughter of William and Bridget Toner, of this place, died Monday morning, Nov. 29th at 11 o'clock at the home of her sister, Mrs. Daniel Callahan, near Centre Hall. She spent most of her time here. Her father survives her and the following brothers and sisters: Patrick, John, William, Mrs. David Callahan, Mrs. Nora Brown.

The funeral took place Wednesday morning. Interment in the Catholic cemetery. Her age was 45 years, 8 months and 4 days.

PANTOMINE COMING.

As was to be expected, George H. Adams and his organization of pantomimists and comedians were greeted by a good house last night and pleased everybody with the varied and interesting programme. The entertainment is in three parts beginning with the comedy skit, "A Country Terror," in which Mr. George H. Adams and his two daughters put everybody in a good humor and awaken the risibilities of the spectators by their lively fun. The second part, devoted to new specialties, is made enjoyable by the clever work of Mons. Tesser, the slack wire dancer; James R. Adams and Miss Becky Taylor in their comedy creation, "After the Election," O'Connell and Mack, in "The Battle of Cow's Run," and the Adams sisters in new songs and dances. The entertainment closes with a grand spectacular presentation of a fairy pantomime in seven scenes.—Altoona Tribune, Nov. 30th.

Geo. H. Adams & Co., will be the next attraction in Germans' opera house, Tuesday Dec. 7.

Bellefonte Pay Rolls.

From the pay rolls of different persons and firms engaged in manufacturing and on public works we find there are at present 600 persons employed who reside in the borough or adjacent to it, who do their trading with our merchants, excluding from the list all persons employed in private business, such as merchants, lawyers, private contractors, etc. The following is the list: Mr. A. G. Morris, in his lime business, has on his pay rolls 250 persons; the Co-operative glass works, 60 persons; Scale works, 42; Phoenix planing mill, 21; McCalmont & Co.'s lime kilns, 40; Bellefonte Central railroad, 30; P. B. Cryder & Co., planing mill and lumber yard, 25; Central Railroad of Pennsylvania, 41; Bald Eagle and Lemont railroads, 16; Snow Shoe railroad, 6; Electric light, 6; two flouring mills, 8; Fuel & Supply company, 6; Brockerhoff and Bush hotels, 37; three other hotels, 21; gas works, 6; four printing offices, 23; Linn & McCoy's chain and iron works, 30. Most of these do their trading here. There are fully as many more persons employed in the various trades, clerks, laborers etc., making over 1,300 persons finding steady employment for wages out of a total population of 4,000.—Grit.

A Peculiar Accident.

On Friday of last week, Mr. Daniel Lane, in Krumrine's drug store, met with a peculiar experience that he will not soon forget. He had a small vial and filled it with carbolic acid. In twisting the cork in the bottle a small spray of the acid came out through a defect in the neck, and it struck him on the left eye and cheek. Carbolic acid acts like fire, and began to eat the flesh wherever it touched. The pain was terrific. He had presence of mind to dash water on his face and than ran to the soda box and applied it which neutralized the poisonous acid, and gave some relief. Dr. Hibler was summoned and applied some remedies to allay the pain.

The gentleman's face is quite disfigured at present, and causes him much annoyance. Fortunately for Mr. Lane his eyesight will not be impaired, nor will those handsome features be marred.

Wheat Outlook.

Our farmers report the grains field in a promising condition this season. The seed nearly all came up and was not affected by the fly or other insects or dry weather. The late rains were sufficient to give the young plant a good strong start. Of course there are many chances for the crop to be damaged between this and next harvest time. The wheat acreage in Centre county is much larger than usual. The advance in price no doubt stimulated the farmers to planting more. What the price may be next year is a great uncertainty, as famine abroad may then be unknown, and despite McKinley and his band wagon, the price may fall.

They Know It All.

There are a whole lot of fellows in and about every town who could teach school better than those who are now teachers; preach better than those who are preaching; run a store better than a store keeper; plead law better than all the attorneys in the country; run a newspaper better than the men who run them. Yes, the woods, the fields and towns are full of them, but none ever taught school, preached, practiced law, run a store or paper, and never will. They have always spent their time in loafing around finding fault with other people, any don't know enough to do good, honest work, and most of them never will.

New Greenback.

A new \$1 greenback will soon make its appearance. It is a radical departure from all previous design showing a large space of white paper, front and back. An eagle with extended wings hovering over the flag and capital is the only illustration on the face, and in the corners is the figure in scroll work. The back is very plain, consisting largely of a border in geometrical designs.

It's an Ill Wind, You Know.

The compulsory education law is proving a good thing for the justices and constables at least. The truants are being corralled in almost every town in the state, and when they become rebellious and refuse to attend school, the head of the family is arrested and fined.

Mr. Clayton Baney, who not long ago had an operation performed for appendicitis, is lying quite ill at his home with diphtheria. We hope he may soon recover.

A Peerless Liniment.

As a pain destroyer and cure for rheumatism, Salvation Oil is the peer of all liniments. Mr. Wm. H. Brown, proprietor of Striebinger House, Cleveland, O., writes: "I suffered from rheumatism for twelve years and my last attack kept me in bed, unable to walk. I used Salvation Oil and soon was up and about. As a pain destroyer this liniment has no equal." Salvation Oil is sold everywhere for 25 cents. Try it and be convinced.

"Less Courting"

The Philipsburg Ledger of this week says the following about "Less Courting" in this county:

"Centre county must be growing more peaceable; the trial list for last week was cleared by Wednesday evening and the jurors discharged so that they could reach home in time for Thanksgiving dinner. Time was when in order to catch up with the docket it was necessary to hold court sessions in the lower floor of the court house as well as in the court room, a judge from a neighboring county assisting in hearing the cases. In reading over the report one is struck by the frequency with which the cases are settled before reaching the judge and jury. This reflects very creditably on attorneys as well as contestants."

What the editress of the Ledger exactly means, is more or less indefinite from the heading.

To cure a cough or cold in one day take Krumrine's Compound Syrup of Tar. Money refunded if it fails to cure. tf.

Big Corn.

On Monday Mr. W. A. Hartsock, of Martha, brought several fine samples of his corn to this office for exhibition. It is unusually large in the ear and the yield runs as high as 160 bushels to the acre. The grain is not as hard and flinty as some other varieties.

IN GREAT DEMAND.

Because they ought to be; our fall and winter shoes are ideals of supreme foot comfort. To have such delightful top values for money is a good reason for thanking on the part of every wearer. Your feet always return to you with interest the satisfaction they feel. Discomfort for the feet draws every part of the body within the circle of unrest. Ease for the feet means ease for you.

They need the toning up of the stomach and digestive organs, which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and internal misery only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system.
