

HAPPENINGS IN BELLEFONTE

Local Events Briefly Told in a Few Lines

PERSONALS, SOCIAL EVENTS

What has Transpired During the Past Week—Movements of our People—What the Local Scribe Saw Worthy of Mention—A Week's Local News in a Few Words.

—Editor Tuten has been on the sick list the past week.

—"A Breezy Time" will be at the opera house on Friday evening.

—Charles Cruse has moved his news stand into his tobacco store, at the Bush House.

—J. H. Reifsnnyder, of Millheim, spent several days in Bellefonte, this week, attending to legal business.

—The Millheim telephone company is hustling about town securing names of business houses to use their phones. They are pleased with the outlook.

—Mr. Samuel Fravel, of Walker, called on Tuesday to renew his subscription and arrange for his sale of farm stock, which will take place likely on the 23rd of March.

—Miss Mary Fennell, after spending three months visit at the home of her cousins the Misses Clarke, has returned home, accompanied by her cousin Miss Marie Clarke.

—On Sunday evening, when the fire alarm sounded, some of the ministers prevailed on their congregations not to leave but it was of no use. Away they broke one by one like a flock of sheep. There is more attraction for a fire, than a sermon.

—A. L. Whiteman & Sons, who for the past several years have been located at Piedmont, W. Va., where they conducted a large general mercantile business, have decided to remove to Chicago. The family have many friends in this part of the country.

—The young people of the United Evangelical church will give an entertainment in the church Thursday evening Feb. 3rd, under the auspices of the K. L. C. E. Society for the purpose of assisting to liquidate the salary of a faithful and worthy pastor.

—Last Saturday argument was heard before Judge Love on a motion for a new trial in the Lyon-Sternberg case. James Scarlet, Esq., of Danville, came here to represent the defendant. Orvis, Bower & Orvis were interested for the plaintiff. It is said there was some sharp skirmishing among the legal gentlemen.

—The opera "Martha," rendered in the opera house last Saturday evening, was one of the best productions of the season. The leading parts were filled by high-grade talent and the singing was of the highest order. The Andrews Opera Company would draw a much larger house if it should consent to a return date.

—Eugene Seltzer and Frank Johnston, of Lock Haven, has been painting the metal mail boxes about town with a patent aluminum paint. The contract for painting in the country has been awarded to John Cupper, of Lock Haven. It is said he receives about 60 cents per box which amounts to a handsome sum of money.

—Fitz & Webster's famous production, "A Breezy Time" was in Bellefonte last Spring and gave a splendid production. This same company took a week's vacation, at their Easter season, and remained in our town. Our people know all about this play, so that all that need be mentioned is that they will be at the opera house on Friday evening.

—The democratic caucus meetings will be held in all parts of the county on Saturday, of this week.

—Mr. H. Houser, of Altoona, has been chosen foreman of Jenkins & Lingle's machine shops and foundry.

—All the ballot boxes in Milesburg were destroyed by the fire, and the County Commissioners are now supplying new ones.

—T. B. Buddinger and M. D. Kelley, two hustling business men of Snow Shoe, paid Bellefonte a flying visit on Tuesday of this week.

—The engagement of Mr. Edward Richards, the jeweler, of this place, to Miss Mildred Aull, of Philadelphia, has been announced.

—There will be no service in the Reformed church on Sunday, but on the following Sunday Rev. Bushong, of Laurelton, will officiate.

—Mr. and Mrs. R. B. Taylor left for Philadelphia, last week, where they took their baby daughter to have a cancerous growth cut from the inside of her lower lip.

—Joe Rightnour, of the South Ward, will be a candidate for Overseer of the Poor in this borough. Of course he will want to have his name on the democratic ticket, where he naturally belongs.

—Last Friday Wm. Ishler cut a large oak tree on his farm, near Linden Hall, that measured over six feet across the stump. That is a record breaker. It was of what is known as the swamp oak variety.

—W. H. Miller, of near Bellefonte, has given up farming. He has purchased the stock of merchandise at Axemann from Henry Meyers and from this out will be found there. In a short time he will put in a substantial line of goods.

—J. W. Alexander and Thomas Mitchell, Esqs., have been appointed to finish indexing the books containing judgments and mortgages in the Recorder's office, which the sickness of Mr. Morrison prevented him from finishing.

—Mr. Maurice Trone, law student in the office of Orvis, Bower & Orvis, took sick last week and his condition has not improved any since. He is suffering with malaria fever and was quite sick, but now they think he has improved.

—Mr. Geo. H. Small, the hustling representative for the New York Life Insurance Co., called on Saturday and left with us an unusually large and finely engraved calendar for '98. It was immediately given a prominent position before the desk.

—J. R. Brown, of Williamsport, mistook a sheet of fly paper for a porous plaster in the dark, and put it on his chest. The acid on the paper ate through the flesh to the ribs in several places, and the man's life was saved only with the greatest difficulty.

—Last week Rev. Wright, pastor of the Episcopal church, Bellefonte, tendered his resignation, and the same will likely be accepted. For some time Rev. Wright has been unable to fill his appointments owing to illness with pneumonia. He now is at his parents home in Philadelphia.

—If you look at the date printed on the yellow label bearing your name, it will tell you how your subscription stands. Some subscribers never think of this—and some, a rare few, never think of paying for their paper, or anything else. Most of our readers keep paid in advance. Where are you anyhow?

—By order of Superintendent Creighton, of the middle division, all cabin cars shall hereafter be equipped with a medical box containing the following articles: 1 rubber compress, absorbent cotton, 6 bandages, pyramid of pins, to be used in case injury to any members of the crew until a surgeon can be called.

—The new steel cells, being put in the jail this week, came from Detroit, Mich. They will be put in the second tier of the prison and are considered as secure as can be made, so that in the future there will be no danger of desperate characters escaping. When they are finished Joshua Folk will be out of a job, as night watchman.

—"Garman House," in Bellefonte, will be under the management of Corn M. and C. Bruce Garman. This arrangement was made on Monday. For several years past Bruce has been connected with the hotel as an expert mixologist, who blends the various concoctions for the fastidious tastes of the trade, or would give you your medicine straight, just as ordered. Under the new management there is no reason why this famous hostelry should not continue to prosper, as of old. They were raised in the business and know how to cater to the wants of the traveling public.

—Mr. Shem Spigelmeier expects to remove to Jersey Shore in the spring where he will engage in the wholesale tobacco business with a Mr. Gheen.

—There are three republicans out in this town for overseer of the poor. They are Isaac Miller, Steel Hunter and Sam Gault. A good man is needed for this position, no matter what his politics may be.

—Do you send out of town to get your job printing? If you do, don't do it again. You can get better service right at home. Call around at this office when you are in need of any kind of printing.

—We hear that Col. W. Fred Reynolds has entered six of his fine horses for competition in the horse show at Philadelphia, next month. The Col. has some fine stock and will likely catch an award. A fine horse is the Col's hobby.

Plenty of reading matter, late papers, etc., for your benefit. Stationery and all conveniences for writing letters furnished free. Call and see how a newspaper is gotten out in modern style.

—For several weeks Mr. Samuel Buck has been in a hospital at Philadelphia, seriously ill with typhoid fever. Mr. Buck and family formerly lived in Bellefonte for a number of years where he was engaged in the foundry business. After leaving here he was located in South Carolina in a large lumbering operation and then returned to Philadelphia where he opened a store recently. The latest report is that his condition is quite serious.

—Last week John Kline, Esq., went to Philadelphia to consult specialists in regard to his ailment, from which he has been suffering for some time. On Saturday an operation was performed, at the Howard hospital. An opening was made of the abdomen above the right hip. It showed the development of a cancerous growth that had spread over the bowels and that was beyond the aid of medical skill. His condition is said to be almost hopeless of recovery. If possible he may be brought home during the next week.

—Keep your eye open for spurious coins. Counterfeit silver dollars are being circulated. The imitation may be discovered by closely examining the phrase above the eagle. The letter "a" in trust is blurred, whereas in Uncle Sam's handiwork this letter stands out full and bold. The weight and greasy appearance of the coin also affords means of detection.

Mr. Goodhart, the secretary of the new company was present and informed the council of their operations.

AFTER DR. LAURIE.

The Tyrone Times recently contained the following:

READING, Pa.—Jackson Pfinger has been committed to the Berks county jail for robbing Yocum's church of a Bible and other articles belonging to sacred edifice which were found in his possession. Pfinger says he entered the church for the purpose of drinking the wine which he thought remained after the communion services last Sunday. Not finding the wine he took the Bible.

"Rev. Dr. Laurie, of Bellefonte, should clip the above and include it in the next edition of his pamphlet favoring alcoholic (fermented) wine as the proper sacramental element. In this connection the learned Doctor will be surprised to hear that wholesale liquor agents are using his pamphlet as an argument to increase their sales—on the theory that the research and argument of the Doctor shows that Christ made and used intoxicating wines, and what He sanctified by His example man should not condemn."

\$100 Reward \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
