B. Krape has the agency for shirt fronts, collars and cuffs, which is something new. They are guaranteed to wear two years, which will save labor for a housewife. He has been very successful.

Next Tuesday is election day. Let every democrat turn out and support the ticket. Do not wait till some one asks you to come to the election, but let this be everyone's duty on that day, to go and vote. Major Huss will move to Johnstown soon, where he and his two sons will carry on shoemaking. The Major knows how to make boots and shoes. We are sorry to lose such a good neighbor and democrat.

Some people of our neighboring town were seen fishing with throw nets, last week. Now do not let this happen again or you may get the same dose as some of our fishermen got for using a throw net—to the tune of twelve dollars. Reuben is on your track. There seems to be a great deal of dissatisfaction among the property owners about the valuation on their properties. Mr. Geo. Weaver, the assessor of Gregg township, made the valuation to the best of his judgment and we believe that the commissioners, not being satisfied with his return, raised a great many valuations. How many have they lowered? Is this just, if so, do away with the assessors and save that expense for our county, and leave the commissioners fix all valuations.

THE MAN WHO LIVED.

He should have been dead. But he wasn't, because—

"There's nothing succeeds like success." There is no withstanding the living argument of the man who should be dead, but who isn't dead, but who would be dead, but for a preserving medicine. That's about the way it seemed to strike Editor Lawrence, of the Ohio Farmer, Cleveland, Ohio. He was afflicted with one of those colds that have thousands of times over, culminated in consumption, when not promptly cured. In this condition he met a friend, a consumptive, whom he had not expected to see alive. The consumptive friend recommended Dr. J. C. Ayer's Cherry Pectoral for the editor's cold, on the ground that it had "helped him wonderfully." It helped the editor just as wonderfully, giving "almost instant relief." But read his letter: "About two months ago, I was afflicted with a bad cold, and, meeting a friend, he advised the use of Ayer's Cherry Pectoral which, he claimed, had helped him wonderfully. As he was a consumptive, whom I had not expected to see alive for several years, I concluded there must be merit in this preparation. I accordingly bought a couple of bottles, one of which I keep on my desk all the time. This is certainly the best remedy for a cold I ever used. It gives almost instant relief, and the J. C. Ayer Co. are to be congratulated on possessing the formula for such a very valuable remedy."—W. H. LAWRENCE, Editor, The Ohio Farmer, Cleveland, Ohio. Keep a bottle of Dr. Ayer's Cherry Pectoral handy, on the desk, in the office, on the shelf of in the closet at home, and you will have at hand a remedy that is capable at any time of saving you suffering, money, and even life. There is no malady so prolific of evil results as a neglected cold. There is no medicine so promptly effective in curing a cold and absolutely eradicating its effects, as Dr. Ayer's Cherry Pectoral. Every traveler should carry it. Every household should keep it. It cures every variety of cough, and all forms of lung and throat trouble. Asthma, bronchitis, croup, and whooping cough, are promptly cured by its use, and it has in many cases overcome pulmonary diseases in aggravated forms, when all other remedies failed to help and physicians gave no hope of cure. Those who for convenience have wanted a smaller sized bottle of Dr. Ayer's Cherry Pectoral, can now obtain it of their dealer in half size bottles, at half price—50 cents. Send for Dr. Ayer's Curebook, and read more of the cures effected by this remedy. The book contains 100 pages, and is sent free, on request, by the J. C. Ayer Co., Lowell, Mass.
