

HAPPENINGS IN BELLEFONTE

Local Events Briefly Told in a Few Lines

PERSONALS, SOCIAL EVENTS

What has Transpired During the Past Week - Movements of our People - What the Local Scribe Saw Worthy of Mention - A Week's Local News in a Few Words.

-Hon. P. E. Womelsdorf, of Phillipsburg, attended to business in Bellefonte on Monday.

-Herman Hotz, of the firm of Joseph Bros. & Co., left on Monday to visit his sister at Chattanooga, Tenn.

-Maurice Trone was taken to Hanover, his home, last week, where he will remain to recuperate his health.

-Mr. and Mrs. Wm. Resides, of Bellefonte, departed on Monday for Lena, Stevenson Co., Ill., to visit friends.

-A commodious office is being built on the Brew Property, Spring street, which will be occupied by Dr. Locke.

-Mr. and Mrs. J. D. Scrawendyke expect to return from Baltimore and make Bellefonte their place of residence again.

-The J. C. Witmer sale, in Benner twp., advertised for March 8th, has been recalled and the farm stock will not be sold.

-John M. Ward, the base ball player, now a practicing attorney in New York City, spent a few days in Bellefonte last week.

-Mrs. Wm. Jodou, of Coleville, left Thursday morning for Cleveland, New York, where her husband is employed in a large glass works.

-Mr. W. C. Hipple, of Pine Glenn, while on his way to Baltimore, to accept a position in an ice factory, called to order this paper sent to him. He has a brother employed at the same place.

-Carpenter Isaac Miller left for Erie, on Tuesday night, where he will be engaged about three months remodeling a house for C. P. Hewes, Esq., who will soon move to Wesslyville, a suburban town, of Erie city.

-Harry Jenkins has opened a news stand in connection with his cigar store. Kurtz's book store discontinued that department of their business and turned it over to Mr. Jenkins who will give it prompt attention.

-On Friday, Mr. Chas. D. Spigelmyer, of this place, formerly of Williamsport, was married to Miss Mame Welsh, of Williamsport, at the home of the bride's parents. They will reside at Williamsport in the future.

-William Bell, of Bellefonte, has purchased the property on Thomas street belonging to Mrs. Edward Nolen, now occupied by Dr. McEntire. It is one of the most desirable locations in town. He will move there in the spring.

-Miss Daisy Bristin, who has been making her home at the home of Cpl. J. L. Spangler, on Allegheny street, left Tuesday morning for Philadelphia. She has accepted a position in the orphan school at Chester Springs, Pa.

-In our issue of March 17th an effort will be made to have a summary of all the movements this coming spring. Our correspondents will gather up the information. From that you will be able to tell where your friends will be going and what they expect to follow.

-Local politics is now centered in the post office fight of Bellefonte. In almost every hotel, store, office, or shop some person can be found who has an explanation for the middle at Bellefonte. Some see the hand of Quay, others declare that due courtesy will be extended to Gov. Hastings, while others place their faith in Arnold as the one who will dictate the appointment. And even when that is satisfactorily explained there seems to be no certainty as to who is what, or where they are at. It is more or less of a puzzle for the professional politicians—with big pupils, who don't seem to have their bearings.

-On Thursday of last week, Sheriff Cronster returned from Shamokin wither he had gone to secure the Rev. J. H. Erdman. That gentleman gave bond for his appearance at court. From what we learned from the sheriff, the Erdman family is in needy circumstances. Several of the children were ill with pneumonia and the others had scant clothing. This is an unfortunate state of affairs and it would be only just and humane for the members of that church to at least give some attention to the needs of a helpless wife and innocent children. A small fund in this direction would be as creditable, as though sent to foreign missions.

-On last Friday evening a large audience assembled at the Presbyterian church to hear Dr. Colfelt's lecture on Assyrian Discoveries. It proved a rare treat. The subject is one of which the average person is not acquainted and it awakened the greatest interest among his hearers. His description of ancient rulers of Assyria in their barbarous wars and inhuman practices was most vivid. Dr. Colfelt always proves intensely interesting upon any occasion and does not fail to say something interesting and instructive. The proceeds of the lecture were about \$62 which will be devoted to repairs of the parsonage.

-License court on Tuesday brought many visitors to Bellefonte, from over the county.

-M. T. Thal's green grocery, on High street, has been closed and will be sold next Tuesday.

-A large cave-in occurred at Morris' lime quarries, along Buffalo Run, on Tuesday. No one was injured.

-Mr. John Clark and family have moved to Woodland, Clearfield county, where he has steady employment.

-This week John C. Eckert, of this place, was notified that he had been awarded a pension of \$10 per month.

-Mr. J. L. DeHass, proprietor of the Syracuse house, and Mr. Abe Weber, both of Howard, transacted business in town on last Tuesday.

-A Picture Gallery will be given in the Methodist church, on next Tuesday evening. Admission 15 and 25 cents. This will be a novel affair with original features.

-It has been generally conceded that the best displayed sale bills of the season came from the Centre Democrat office this year, and all the parties report good sales, too.

-As yet no opinion has been handed down by the Superior Court in the James Cornely appeal. Jim is becoming quite impatient to know the result. Who woulda'?

-Miss Grace, daughter of Rev. W. A. Honck, of Mt. Carmel, formerly pastor of the M. E. church, at this place and Rev. Warrimer, have announced their engagement.

-We are anxiously awaiting to announce the date, for the entertainment to be given for the fund to start the charity hospital—something Bellefonte needs, and needs it badly.

-Joseph Bezer, of Bellefonte, has the finest selection of thorough bred poultry to be found and can furnish settings of almost every variety. See his advertisement in another column.

-Mrs. S. J. Knickerbocker and daughter, of Emporium, arrived in Bellefonte on Monday and have purchased the bakery of B. C. Achenbach, which they will continue at the same place.

-Messrs J. W. Zettle, Frank Hanna and Henry M. Lingle, three of Gregg townships prominent citizens, while transacting business in Bellefonte on Tuesday, found time to pay us a pleasant call.

-Ex-treasurer John Q. Miles and family are moving back to their farm near Martha, this week. The fact is that John is not content with the hum-drum life about Bellefonte.

-Orrin Vail, one of the biggest, and the best democratic citizens of Phillipsburg, attended court on Tuesday and received a renewal of his license. He reports the coal business not as active in that section as might be.

-The new steel grain elevators, being erected by W. F. Reynolds, at the Phoenix mills, are so large that upon approaching the mill from the east you can't see the mill for the elevators. They have a capacity of 60,000 bushels.

-The County Commissioners are about through holding appeals. This week the general appeals from over the county was held, which was better attended than by Bellefonte folks, who had no grievances. The assessors had already lowered the properties in most cases.

-Lew Wetzel has rented the room in Reynold's building, recently vacated by Naginey's furniture store. Mr. Wetzel will open up about April 1st with a large stock of bicycles for sale and hire. Col. John Teats will have charge of the hospital where dilapidated bikes will be properly cared for.

-The movement to establish a hospital at Bellefonte, is truly commendable. It is a form of charity that would be much appreciated and if properly started would no doubt receive hearty support from our town. Lock Haven recently established a hospital and Williamsport has several that are well equipped.

-Rumors are afloat again that the extension of the C. R. R. of Pa., from Bellefonte to Phillipsburg is being seriously considered. Some parties claim to be in possession of information that the Bellefonte Furnace may soon start as some rich ore deposits have been found. Remember, this is only given as a rumor and will be no excuse for property owners to advance rents. Rumors come from whence, no one seems to know.

-On Monday Paul Fortney passed a very satisfactory examination before Co. Supt. Granley and has accepted the position made vacant by the illness of Miss Anna McBride, as an instructor of the grammar school. Paul has gone to work with an earnestness that indicates that he will make a success of that department. If there should be any information needed as to how to teach he certainly will not need to go far to secure the same.

-Billy Royer, the man who fingers all the county boodle, as Deputy County Treasurer, is the most independent man in town just now. He is about three inches taller than usual and as sassy as you please. The strutt of a drum major leading a brass band would not equal the pride he displayed Sunday morning when he came down town, bragging about the girl at his home that will soon be pulling his hair and calling him "p-a-pa."

LETTERS OF ADMINISTRATION.

To James E. Lenker upon the estate of Lewis E. Long, of College Twp.

Time's Changes.

For four generations the Moyer family were residents at Pine Creek Mills, in Haines township, as many as six to eight families at times. After April 1st no representative of this family will be at that point. The mill for over 100 years was occupied by some of the Moyer family. Nearly a half century back the locality had the only band in the valley, and it was mainly composed of Moyers. The entire connection, male and female, was noted for its fondness of music, vocal and instrumental. When the "Moyer" Reformed church, about 2 miles east of Penn Hall, laid its corner stone, many years ago, a strong choir of male voices, composed entirely of Moyers, rendered the vocal music for the occasion.—Reporter.

Board of Trade.

What has become of our Board of Trade? Some ask what good was it when we had it. We will tell you in a few words. Are the Bellefonte Glass works any benefit to the town, employing sixty skilled and unskilled mechanics every day, for now almost two years besides giving employment to coal miners at Snow Shoe and to send diggers and farmers to haul the sand at Mt. Eagle? Surely the above is some benefit to Bellefonte and vicinity; and all came through the Board of Trade. So gentlemen get together and if you can't do any thing else, start the other furnaces in the glass factory, as glass can be manufactured in Bellefonte as cheap and if not cheaper than any town in the state.

Lutheran Church Services.

Public installation services will be held in the Lutheran church, Bellefonte, Pa., March 6th, 1898, at 10:30 a. m. Rev. J. R. Dimm D. D., president of Central Pennsylvania Synod will deliver charge to pastor-elect, Rev. H. C. Holloway, D. D. Rev. C. L. McConnell, will deliver charge to congregation, followed by installation ceremonies. The congregation will hold a special memorial service at 7 p. m., in memory of Rev. David H. Day, D. D., deceased foreign missionary to Africa, at which time Dr. J. R. Dimm, Rev. C. L. McConnell and Dr. Holloway will make addresses. All are invited to join in these services.

Pennsylvania Relief Fund.

The monthly report of the Employees' Relief Fund for the Pennsylvania Railroad company's lines east of Pittsburgh and Erie shows that the payments of benefits to its members and the families of deceased members for the month of January amounted to \$51,117.65, of which 15,125 were on account of death, and \$25,992.65 on account of disablement by sickness and accident. The payments thus far have amounted in the aggregate to \$5,779,145.52, of which \$2,539,301.93 were on account of death of members, and \$3,239,843.59 on account of disablements.

Where Courage Fails.

It requires real courage to face the shot and shell of the enemy in battle, or to fight with wild beasts, or to stop a runaway, or to shoot a mad dog, or save a life from drowning, or to ask a mother-in-law to live with you, or to discharge the hired girl, but who can muster up courage to pull off a porous plaster at a single jerk?

Large Wheat Crop Promised.

Farmers report the wheat crop through out the county as being in fine condition, and showing no signs of having been injured in the least during the winter. With favorable weather during March another large crop is indicated for this year. The acreage sown last fall was large.

L. C. Wetzel has bought out the business of A. L. Sheffer and will sell off his stock of bicycles, at prices that will open your eyes.

AN EXCITING FIRE.

On Sunday afternoon the monotony of the day was disturbed by the alarm of fire and a dark column of smoke was seen to arise in the North Ward, which proved to be from flames in the mow of M. B. Garman's stable. The fire companies responded quickly and in a very short time had several streams at work. The fire being in the mow of the stable, the tin roof made it hard to reach. Dr. Seibert's new stable, adjoining on the south, was soon aflame and burned fiercely. Across the alley from Garman's, the gas plant was in danger from sparks and the intense heat. After an hour's work the fire was perfectly under control.

Garman's stable is a complete loss. All the horses, carriages and appliances were saved. The building is owned by Thomas B. Hamilton, New York, and was fully insured. M. B. Garman carried insurance and his loss will not be heavy. Dr. Seibert's barn had the top burned away, but was fully insured. No live stock perished in either of the buildings. George Tate's barn was slightly damaged. The origin of the fire is unknown.

Large Grain Elevators.

Probably one of the largest grain elevators in the central part of the state can now be seen at the front of the Phoenix Milling Company's plant, at this place. They are, from the external appearance, like two huge steel tanks standing aside of each other, 30 feet in diameter and 40 feet in height constructed of one-fourth inch steel plates. The interior of each will be divided into six separate compartments or bins for storing grain. The two tanks will have a capacity for 60,000 bushels of grain. It will be provided with ample elevators for loading and unloading cars, weighing, or transferring, driven in connection with the mill. These elevators, when completed, will be a large saving in the item of insurance.

Other repairs are also in progress, a large steel flume six feet in diameter and 80 feet long will take the place of the head race. The interior of the mill has also been repaired and new machinery added to make it complete and up to date.

Store Improvement.

Montgomery & Co. have their store torn up considerably the past few days. The reason is that many improvements are being made. Instead of piling the clothing up on tables each suit will be placed on a wire brace and these then hung on rails. It is claimed that by this method the stock can be kept in better shape and is more easily handled and takes up less space.

Several large glass top and side show cases to take the place of counters will also be put in which will enable them to display goods to a better advantage. Their new stock for the spring and summer is now being received and they propose to begin the season's business better equipped in stock and improvements in their store than heretofore.

Successful Operation.

On Monday of last week Miss Annie McBride, one of the instructors in the public schools, was taken ill and unable to attend to her duties in the school room. Her condition became alarming and finally the physicians determined on an operation for appendicitis. On Saturday morning an operation was performed that disclosed an advanced stage of the disease and the patient could not have survived as the membrane of that organ was almost perforated.

The young lady is boarding at the home of Mr. and Mrs. W. H. Taylor, on Bishop street, where she is receiving the best of attention and there is every prospect for her speedy recovery.

Won a Prize.

At the Photographers convention last week H. B. Shaeffer, of this place, had an exhibit in the class for cabinet photographs. There were eight exhibits in this class represented by some of the best artists in the state. The first prize, a silver medal, was awarded to Chas. L. Griffin, of Scranton, Pa., and the second prize, a bronze medal, to H. B. Shaeffer, of Bellefonte.

On this award Mr. Shaeffer can feel proud and shows that he is in the front rank in his profession.

Important to Subscribers.

Those of our subscribers who expect to change their postoffice address, this spring, should notify us of the same. Be especially careful to give your old address and the new one. Also send in your name exactly as you find it printed on the label of your paper. By observing these points you will be sure to get your paper regularly and avoid confusion.

Wonders Never Cease.

No one need suffer the tortures of rheumatism, because that modern liniment, Salvation Oil, positively cures it. "I was a great sufferer from sciatic rheumatism, and the best of doctors attended me without relief. I commenced using Salvation Oil, and two bottles helped me wonderfully. It certainly has worked wonders with me. Mrs. E. J. Phelps, Box 28, Enfield, Conn." Salvation Oil is for sale by all dealers for 25 cts. Take no substitute.

Anniversary Cuban Spanish War.

February 24, is the third anniversary of the present Cuban struggle to throw off the Spanish yoke. In that period Cuba has lost nine generals in battle, including the daring Marti, Jose and Antonio Maceo and Arenguren, and a large number of men, while Spain's losses in men from battle and disease are given at 65,000. Spain is said to be spending \$13,000,000 a month in her effort to bring her subjects under subjection. The anniversary was observed in the large cities like New York and Philadelphia, where there are bands of Cubans and their sympathizers.

Shaeffer's Art Studio.

Sending a Smile Perhaps there are faces far away to a friend. are faces far away that we like to see smile again. Faces that, just to look upon, would bring back a world of happiest memories. If you only have a good photograph of that friend it would help would it not? Perhaps there are friends of yours whom your photograph would make just as happy—happy if you'd send it now—glad to have it perhaps in the future when you may be far away. The cost is but little to please a dozen friends.

The pose, the expression, the smile, we shall take pains to catch at its very best—just as though we were the friend to be delighted by receive. Shaeffer's Art Studio, Allegheny street Bellefonte, Pa.

Don'ts For Dyspeptics.

Those who are suffering from indigestion cannot fail to be benefited if they don't eat: Boiled coffee, boiled tea, all sweets, fried foods, white bread, crackers, cakes, acid fruits, pork in all forms, veal, turkey, duck, cooked cabbage, beets, green corn, potatoes, pickles, spiced foods, gelatine desserts, red or dark fish, salt foods, all the crustacea, clams, raw or fried oysters; and refrain from drinking iced water, acid drinks, flavored soda water.—Mrs. S. T. Rorer in Ladies' Home Journal.

—Take advantage of the Shaeffer offer—one-half dozen cabinet-size photos, 99 cents.

Biliousness

Is caused by torpid liver, which prevents digestion and permits food to ferment and putridity in the stomach. Then follow dizziness, headache,

"I was a great sufferer from sciatic rheumatism, and the best of doctors attended me without relief. I commenced using Salvation Oil, and two bottles helped me wonderfully. It certainly has worked wonders with me. Mrs. E. J. Phelps, Box 28, Enfield, Conn." Salvation Oil is for sale by all dealers for 25 cts. Take no substitute.

FOSTER'S WEATHER FORECAST.

What He Has to Tell About The Coming Weather.

Warm wave will cross the west of Rockies country about the 28th, great central valleys March 2, eastern states 4th. Cool wave will cross the west of Rockies country about March 3, great central valleys 5th, eastern states 7th.

The temperature of the week ending March 7th will average about normal east of the Rockies and below on the Pacific slope. In these bulletins the term "Pacific slope" applies to all that part of the United States lying west of the Rocky mountain ridge.

In the forecast test for Chicago a high temperature wave was predicted for about the 8th and 9th of February, and in the regular bulletins this sentence was published: "A climax in the weather will occur in the northern states from the 6th to the 10th of February; a high temperature wave with a general thaw and a great fall in temperature, with heavy rains and snows in the northern states."

I challenge the weather bureau of the United States to equal my January long range forecasts for Chicago. These Chicago forecasts will stand good, in a general way, for the upper lakes and the upper Mississippi valleys.

My next bulletin will contain general forecasts of March weather for the United States and Canada.

EGGS FOR HATCHING.—From the best strains of barred Plymouth Rocks, Black Minorcas, Cornish Indian Games, Houdans and Golden Sebright Bantams. \$1.00 per setting of thirteen; larger quantities at reduced rates. All eggs guaranteed fresh and true to name. Address, JOSEPH W. BEZLER, Bellefonte, Pa. No. 16.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

do, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.
